Revised Rules of Postage on Letters, &c. transmitted per Contract Steamers from and to Indian Ports.

AGREEABLY to the instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas.

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

Revised Rules of Postage on Letters, &c. transmitted per Contract Steamers from and to Indian Ports.

AGREEABLY to the instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c. by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas.

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

Revised Rules of Postage on Letters, &c. transmitted per Contract Steamers from and to Indian Ports.

AGREEABLY to the instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c. by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas.

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

NOTIFICATION.—It being desirable, that the Rules regarding the employment of Reverend Chaplains upon Clerical duties at the Hill Stations should be generally known, the following Resolution, passed by the Honorable the Lieutenant Governor North Western Provinces, upon the subject, is published for general information.

RESOLUTION 1. Subathoo, Kussowlee and Landour are considered Military Stations, to which Chaplains will be appointed in the same manner as to the Stations in the Plains.

2. Almorah is considered an Out-Station to Bareilly, and is visited by the Chaplain of Bareilly, under the rules applicable to such visits.

3. The duties of the other Hill Stations will be performed by Chaplains on leave of absence upon Medical Certificate, who will be nominated to the charge, on the recommendation of the Lord Bishop, or Archdeacon. While thus doing duty the Chaplains will be exempted from any reduction of Salary; but in all other respects they will be considered as absent on leave. The period during which they can enjoy exemption from loss of Salary is consequently limited to two years, and any prolongation of absence beyond that time, will subject them to the same disadvantages as if they had not been put in charge of the duties of the Station. The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

Maximum Draught of Water for Inward and Outward bound Ships.

NOTICE is hereby given, that since the 8th instant, Officers of the Pilot service have, in conformity with the instructions of Government, been ordered to conform strictly to the following regulations as to the maximum draught of Water at which they are to move Ships inward or outward bound:—

1st. The Officers of the Pilot Service will, as usual, take charge of inward-bound Ships of any draught at the Pilot Station, but they are strictly prohibited from bringing any Vessel of more than 22 feet draught higher than Kedgeree.

2d. A Pilot must not move a Ship between Calcutta and Kedgeree either outward or inward-bound without the aid of Steam, if she is drawing more than 20 feet, unless in the absence of a Steamer, it becomes necessary to change her anchorage for safety.

3d. An outward-bound Ship may be moved by her Pilot from Kedgeree to Saugor with or without Steam at his discretion, provided she does not draw more than 22 feet; but the Vessel cannot be moved at all within the limits mentioned if her draught is beyond 22 feet.

4th. Beyond Saugor a Pilot is left to his discretion whether he will move an outward-bound Ship drawing more than 22 feet.

Fort William, General Post Office the 6th July, 1846.

AS it would appear from the numerous references which continue to be made to this Office on Sundays, that the existing Rules of the Department are not generally known, the subjoined Extract (Clause XX.) from the Rules of August 1837, is republished for the information and guidance of the Public, who are particularly requested to refrain in future from making any reference to this Office on the Sabbath day, as none will be attended to on such day.

Revised Rules of Postage on Letters, &c. transmitted per Contract Steamers from and to Indian Ports.

AGREEABLY to the instructions of Governt ment, the following rates of British Packe Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c. by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas.

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

NOTICE is hereby given, that (except during the hours and for the purposes specified below,) the General Post Office will be henceforth strictly closed on Sundays.

From 6 A. M. to 10 A. M, for the sorting and distribution of Letters.

From 4 to 6 P. M., for the receipt and despatch of Ditto.

SATURDAY, JULY 18, 1846.

General Orders by the Right Honorable the Governor General of India.

SIMLA, 3*d July*, 1846.—1. The Governor General has much satisfaction in publishing, for the information of the Army, the annexed Despatch from the Hon'ble the Court of Directors, to the Government of India, No. 11, dated 22d April 1846.

"Para. 1st. In compliance with the recommendations of our Governor General, and Governors in Council, and of our Commanders in Chief, we have on numerous occasions granted Commissions on the Veteran Establishment to Warrant Officers of the Superior Classes at the three Presidencies, who were considered worthy of this distinction for long and meritorious services.

"2d. Being of opinion, that the advantage of promotion to Commissions should be extended to European Warrant and Non-Commissioned Officers of our Service, who distinguish themselves in Action with the Enemy, we have resolved to authorize you to confer the Commission of Ensign, upon such Warrant and Non-Commissioned Officers so distinguished, as shall be specially recommended for it by their Commanding Officers, and as shall be considered by the Commander in Chief, and the Government of India, to be eminently deserving of this reward. Each promotion to be specially reported to us for our approval.

"3d. Warrant and Non-Commissioned Officers are disqualified by age from admission into our regular Service; and the appointment to Commissions in the Veteran Establishment of such as have been recently distinguished in Action, would be inappropriate to their position in the Service. For these reasons, it is necessary that the Commissions to be granted under this authority, should be unattached Commissions of Infantry. Our Governments must avail themselves of the services of these Commissioned Officers in Local or Irregular Corps, or in such other employment as may be consistent with their rank and qualifications.

"4th. The future promotion of the Officers to whom these Commissions may be granted, will be governed entirely by the circumstances of each particular case, to be specially brought to our notice, from time to time, for our consideration and orders.

"5th. To every Warrant and Non-Commissioned Officer, on whom shall be conferred the distinction of a Commission, in virtue of our present orders, there shall be granted, in aid of an outfit as a Commissioned Officer, the sum of One Thousand Rupees.

"6th. The advantages now authorized are to be granted retrospectively for services in the Campaign of the Sutlej."

2. The names of the brave men, who were brought to the notice of the Governor General by His Excellency the Commander in Chief, were—

(1.) Serjeant Major Stephen Douglas, of the 1st Brigade of Horse Artillery, late Provost Marshal of the Army of the Sutlej, and now Riding Master 1st Brigade Horse Artillery.

(2.) Serjeant Major Patrick Mara, of the 4th Battalion of Artillery, was offered Civil employ, but preferred remaining with his Corps as Serjeant Major,

(3.) Serjeant Major John Moore, of the 1st European Fusiliers, promoted to Conductor, and appointed Adjutant of the Banda Police Battalion.

(4.) Serjeant Major Samuel Spurgeon, of the 16th Grenadiers.

(5.) Serjeant Major J. Brasyer, of the 26th Light Infantry.

(6.) Serjeant Major John Storrs, of the 48th Regiment of Native Infantry;—the last four promoted to Conductor, and placed at the disposal of the Civil authorities on the North West Frontier, under whom they continue to be employed.

3. The Commissions of these Officers as Ensigns, will be dated from the 10th of February last, the day of the Victory of Sobraon.

4. The Governor General cordially congratulates

Ensign Stephen Douglas,
Ensign Patrick Mara,
Ensign John Moore,
Ensign Samuel Spurgeon,
Ensign J. Brasyer,
Ensign John Storrs,

and the Army at large, on the public recognition of the principle, that the reward of Promotion to the rank of a Commissioned Officer, for distinguished services in Action before the Enemy, is

henceforward open to every Non-Commissioned Officer of the Company's Service. The Governor General will be most happy, in concurrence with the Commander in Chief, to give the fullest effect to the liberal intentions of the Hon'ble the Court of Directors.

SIMLA, *4th July*, 1846.—1. The Governor General anxious to mark his sense of the faithful and gallant services of the British Indian Army during the late Campaign, has much satisfaction in restoring to the Army List, the number of the late 34th Regiment of Native Infantry, which Regiment was disbanded, under the authority of the Governor General, for mutinous disobedience of orders, in refusing to march to Scinde in January 1844. The consequence of this misconduct was the dismissal from the Service of the whole of the Native Officers, Non-Commissioned Officers and Sepoys, as unworthy of being retained in the Company's Army.

2. On that occasion, the Bundlecund Legion, under its Commanding Officer, Captain Beatson, volunteered at once to proceed to Scinde.

3. Its services were accepted. The Legion has now completed the term of two years' service in Scinde, during the whole of which period its conduct has been most exemplary and Soldier-like.

4. The Governor General desirous of proving the estimation in which loyalty to the Company's Service is at all times held by the Government of India, is pleased to order, that Native Officers, Non-Commissioned Officers and Sepoys, from the Infantry of the Legion, be allowed to volunteer in numbers sufficient to form a Regiment of Infantry of the established strength, which henceforth shall be inserted in the Army List as the 34th Regiment of Native Infantry.

5. The Bundlecund Legion will retain the pay and privileges granted to the Legion on the occasion of volunteering to proceed to Scinde.

6. His Excellency the Commander in Chief will be pleased to give the necessary Orders for the European Officers who were present with the 34th Regiment at the time of its disbandment, as well as any others who have been employed on Civil or Staff duty at any period subsequent to 31st December 1844, to rejoin their Regiment at Ferozepore, the Station at which it is to be reformed.

The Right Hon'ble the Governor General is pleased to place Ensign S. R. J. Owen, of the 19th Regiment Native Infantry, at the disposal of the Hon'ble the Lieutenant Governor North Western Provinces, for employment as an Assistant to Lieutenant Jones, Superintendent of Canals in Rohilcund.

The following Appointments were made, in the Foreign Department, on the 3d instant:

Captain R. N. Raikes, 67th Native Infantry, to be second in Command to the 1st Regiment of Cavalry, Scindiah's Contingent, vice Capt. Dewar.

Lieutenant J. S. Phillpotts, 66th Native Infantry, to be second in Command to the 15th Irregular Cavalry, vice Captain Raikes.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

Revised Rules of Postage on Letters, &c. transmitted per Contract Steamers from and to Indian Ports.

AGREEABLY to the instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c. by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas.

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

V. The following "Rules for the examination of candidates for insertion in the list directed to be annually furnished to Government, by the

notification of the Governor General dated 10th October, 1844," are republished for general information.

1. No one shall be allowed to become a candidate for insertion in the annual returns, who is less than 18 or more than 23 years of age; and who is not at the time a student either of government or of a private institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every candidate, whether he belong to a government college or a private institution, shall be required to undergo the usual annual examination for Senior English Scholarships, a Latin being substituted for a vernacular essay, at the option of each candidate.

3. There shall be two classes of merit: the first shall comprehend all who are in the last year of a senior scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private institution, and who obtain at least $\frac{3}{4}$ths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least $\frac{1}{2}$ of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4. The place of each successful competitor in his class, shall be determined by the relative merit of his examination.

5. Every candidate for insertion in the Council's list, shall pay a registration fee of Co.'s Rs. 5, prior to being allowed to compete at the examination.

6. A student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

7. A candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

8. All candidates, whether from government or private institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

9. The following is the system of examination adopted, and the standard of the Senior English Scholarships referred to in rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix, within a reasonable time beforehand, the days on which the examinations shall be held.

The students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to writ the essays without any assistance whatever, and to ensure this, one of the members of the Council of Education will remain in the room, and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a senior scholarship.

The following are the qualifications for the Senior English Scholarships:—

English Essay. The candidate must compose a fair English Essay.

History. He must know the leading facts of Universal History, with special reference to the Histories of Greece, Rome, India, England and Modern Europe. The course of History which will form the subject of each annual examination, will be made known by the Council of Education, on or before the 15th of June of the previous year.

General Literature. He must be able to explain pasages of prose and verse, selected from standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual scholarship examination.

Mathematics. He must have a knowledge of Algebra as treated of in Peacock's work on the subject, and in the Chapter on Chances in Wood's Algebra. Of Euclid he must know the first four books, the fifth definition of the 5th book, the 6th book, and 21 propositions of the 11th book: Plane and Spherical Trigonometry, (Hind's, Snowball's or Woodhouse's) and Conic Sections.

Natural Philosophy. He must have a knowledge of Astronomy, Mechanics, Hydrostatics, Pneumatics and Optics, as treated of in the work noted in the margin* sufficient to enable him to comprehend Herschell's Introductory Discourse on the study of Natural Philosophy, and Mrs. Somerville's Connection of the Physical Sciences. He must also be acquainted with Mathematical and Physical Geography, as treated of in the publications of the Society for the Diffusion of Useful Knowledge.

* Brinkley's Astronomy or the Astronomy in the Natural Philosophy of the S. D. U. K., Whewell's Mechanics, Webster's Hydrostatics and Phel's Optics, with the Pneumatics of the S. D. U. K.

Vernacular Essay. He must write a fair essay in the Vernacular.

VI. The scholarship questions, with the most distinguished answers in English Literature, History and the best Essays, will be published for general information and distribution, as soon as practicable after the receipt of the reports.

Very distinguished answers from out candidates will also be published.

With a view to facilitate the classification and examination of answers in each subject, all candidates are directed to write their replies on one side of the paper only, and to answer no more than one question on any piece of paper.

Performances not executed in conformity with the above rule will not be examined.

Revised Rules of Postage on Letters, &c. transmitted per Contract Steamers from and to Indian Ports.

AGREEABLY to the instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c. by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas.

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

In addition to the above, the Local Government will, at the recommendation of the Head of a Department and on sufficient cause being shown, grant special leave of absence on private affairs, for not more than six months, to any place within the limits of the East India Company's Charter, one-half of the Absentee's Salary being deducted for such period of absence.

III. The Local Government will also grant Leave of Absence on Medical Certificate, for any period, not exceeding one year, to any place within the limits of the East India Company's Charter, one-half of the Absentee's Salary being deducted for such period of absence.

IV. In cases of extreme urgency the Heads of Offices are authorized to grant Leave of Absence on Medical Certificate, to the extent of a month, subject to the deduction specified in the preceding Rule, reporting the same to Government for sanction.

V. If the period of leave granted under Rule III. be less than one year, the Government will extend the same, whether continuously or otherwise,

to the full period allowed by the Rule, on the production of a Medical Certificate shewing the necessity for such an extension.

VI. But after the enjoyment of a full year's leave on Medical Certificate, whether continuously or by instalments, no further leave will be granted under Rule III. until after the lapse of three years from the expiry of previous leave under that Rule.

VII. Absence without leave will render the Absentee liable to loss of appointment, and will be attended with entire forfeiture of Salary for the whole period of such absence.

VIII. No person appointed to a situation under the Government shall draw the Salary of his appointment for any period prior to the date of his joining it.

IX. An Officer holding a situation appointed to one of equal or higher value, will, until he joins, draw so much of the Salary of his new Office as may be equal to the Salary of his former situation, provided he does not exceed the time allowed for joining under the following Rule: should he do so, no Salary will be passed to him for such period in excess.

X. The time ordinarily allowed for joining an appointment is to be calculated at the rate of 15 miles a day, (Sundays excepted,) together with a week to prepare for the journey, but on occasions of emergency it will be optional with the Government to prescribe the period within which any journey is to be performed.

XI. A person Officiating temporarily in any situation on the occurrence of a vacancy, or during the absence of the real incumbent, will if he hold no other appointment, draw one-half the Salary of such situation, and if he hold any other situation of less value, he will receive half the fixed Salary of his own appointment, together with half the fixed Salary of that in which he officiates, but no additional expense is to be incurred by the absence of any Officer on leave.

XII. These Rules are to be held applicable to all Officers in the Uncovenanted Service of the Government, who may be in the receipt of Salaries of 100 Rs. a month or upwards. To all others their spirit is to be applied so far as circumstances will permit. To Officers receiving their appointments direct from the Government, leave of absence will be granted by the Government only, and in respect to other Officers whose appointment and removal rest with their immediate Superiors or with the Heads of Departments, it will be optional with the Local Governments to delegate to such Heads of Offices and Departments, power to act upon the Rules without special reference to higher authority.

XIII. But it is to be clearly understood, that no leave of absence on private affairs shall be claimable by any party whatever under these Rules as a matter of right, but that such leave shall be granted only at the pleasure of the Government or its authorized Officers, when the concession of the indulgence in no way interferes with the interests of the Public Service.

Revised Rules of Postage on Letters, &c. transmitted per Contract Steamers from and to Indian Ports.

AGREEABLY to the instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c. by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas.

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

Calcutta, General Post Office, the 17th April, 1846.

NOTIFICATION.—Notice is hereby given, that from this date, no Copper Coins of which the original inscription is illegible, will be received in this Office, for payment of Postage on Letters.

General Orders by the Hon'ble the President of the Council of India in Council.

Fort William, 7th August, 1846.—*No.* 213 *of* 1846.—The Hon'ble the President of the Council of India in Council is pleased to publish, for the information of the Army, the following paras. of a Military Letter No. 12, from the Hon'ble the Court of Directors to the Governor General of India in Council, dated 29th April 1846:

Para. 1. We have received a communication from the Deputy Secretary at War, notifying, that the Law Authorities of the Crown have lately declared that all Wills of deceased Soldiers, if prepared, while on ordinary service, and not during service in the Field, must, to be valid, be properly signed and witnessed according to the existing Law.

2. The Wills of our European Soldiery not having heretofore been prepared in accordance with this view of the Law relating to Wills, it is desirable the opinion of the Law Officers of the Crown should be published in General Orders for the information and guidance of our European Troops, with particular instructions as to the mode in which "Wills" should be signed and witnessed."

With reference to the above, it is to be distinctly understood that the mode in which the Wills of Soldiers prepared on "Ordinary Service," and not during "Service in the Field," should be signed and witnessed, is that prescribed by the 7th Section of Act XXV. of 1838.

The following are the precise requisites:

1st. The Testamentary Instrument, whether Will or Codicil, must be signed at the foot or end thereof.

2dly. It must be so signed by the *Testator* himself (his mark, if he be unable to write, is sufficient) or by some *other person*, in his *presence*, and by his *direction*, and such other person may be one of the subscribing witnesses.

3rdly The signature must be either *made* or *acknowledged* by the Testator in the presence of two witnesses present at the same time.

4thly. Such two witnesses must both attest such signature, or acknowledgment of a signature, by subscribing (both on the same occasion, and after the Testator's signature has been made or acknowledged in their presence) their respective names in the presence of the Testator.

The following form of attestation is recommended as comprising all that is requisite:

"Signed by the Testator A. B in the presence of us present at the same time, who have hereunto subscribed our names as Witnesses in the presence of the said A B., and in the presence of each other, this day of 18 ."

N. B. If the signature be made *for* the Testator by some person in his presence and by his direction as authorized by the Act, the name of the Testator should be signed, and the form of the attestation may run thus:

"The above signature was made by C. D., for, and was acknowledged by, the Testator A. B., in the presence of us, present at the same time, who have hereunto subscribed our names as Witnesses in the presence of the Testator, and in the presence of each other, this day of 18 ."

WHEREAS Act IV. of 1842, entitled an Act for the better management of Boats and Catamarans, in the Madras Roads, and for the amendment of certain Harbour Regulations, has been found by experience to operate beneficially: and whereas it is expedient that Regulations similar in principle to the provisions contained in the said Act, but varying in detail if local circumstances require such variation, should be provided for all Ports and other Places of anchorage within the Territories subject to the Government of the Presidency of Fort St. George.

The 1st August 1846.—The following Extract from the proceedings of the Hon'ble the President of the Council of India in Council, in the Legislative branch of the Home Department, under date the 1st August 1846, is published for general information:

Read a second time the Draft of a proposed Act, dated the 7th January 1846, and published in the Calcutta Gazette of the 10th January 1846, for the establishment and maintenance of boundary marks in the North Western Provinces of Bengal.

Resolution.—The Honorable the President in Council resolves, that the following Amended Draft on the subject be published for general information.

ACT No. —— OF 1846.

An Act for the establishment and maintenance of boundary marks in the North Western Provinces of Bengal.

Whereas it is desirable with a view to the better definition and security of landed property, the prevention of encroachments and disputes, and the identification of lands assessed to, or exempted from, the Public Revenue, that provision should be made for the establishment and maintenance of permanent marks to distinguish the boundaries of Fields or Estates:

I. It is hereby enacted, that it shall be lawful within the Territories subject to the Government of the North Western Provinces of Bengal, for Collectors of Land Revenue, or persons exercising the powers of Collector, or such Revenue Officers as the Lieutenant Governor may entrust with that authority, to fix the boundaries of Fields or Estates, and to require that marks be formed and maintained by the owners or occupants on the boundaries, of such materials and in such number and manner as may appear to such Officers sufficient for distinguishing the limits of those Fields or Estates whenever they may be of opinion that such demarcation is necessary for the prevention or adjustment of disputes.

II. And it is hereby enacted, that notices shall be served on the persons owning or occupying the conterminous Fields or Estates, requiring them to form or repair the said boundary marks within 10 days from the date of the notice, and in the event of these persons not being found in the Village, that the said requisition shall be posted at the Village Chowree or Chopal, or other conspicuous place in the Village, which shall be held to be a sufficient Service, notwithstanding it may afterwards appear that the owners or occupants were not correctly named or designated in the notice.

III. And it is hereby enacted, that in default of the owners or occupants of the Fields or Estates complying with the requisition, the said Revenue Officers shall give directions for the erection and repair of such boundary marks, the cost of which shall be equitably apportioned on the Fields or Estates which they serve to distinguish, and shall be charged to the persons possessing a right of Ownership or Occupancy in such Fields or Estates, and shall be realized in the same manner as arrears of Land Revenue.

IV. And it is hereby enacted, that any person who may be convicted of wilfully erasing, removing or injuring such boundary marks, shall be liable to a fine not exceeding Fifty Rupees for each mark so erased, removed or injured; one half of which fine may be awarded on conviction to the informer, and the other half shall be chargeable with the cost of restoring the mark; whenever it may not be possible to detect the person who erased, removed or injured the boundary marks, as aforesaid, the marks shall be re-erected or repaired at the charge of one or both parties, as the Collector or other Officer authorized to make the demarcation may consider just and equitable.

V. And it is hereby enacted, that disputed boundaries shall be fixed by Revenue Officers under the powers and in the manner prescribed in Regulation VII. 1822 and IX. of 1833, and shall be similarly open to appeal.

VI. And it is hereby enacted, that Magistrates are prohibited from taking cognizance under Act IV. of 1840 of boundary disputes of the nature for which provision is here made, but whenever they have reason to apprehend any breach of the peace in consequence of a disputed boundary, they shall certify the circumstance to the Collector of Land Revenue, who shall be bound immediately to mark off the boundary in the mode here indicated, and to uphold the possession of the parties according to the demarcation.

Ordered, that the Draft be reconsidered at the first Meeting of the Legislative Council of India after the 1st day of October next.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

Revised Rules of Postage on Letters, &c. transmitted per Contract Steamers from and to Indian Ports.

AGREEABLY to the instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c. by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas.

Above ½ oz. and not exceeding One Ounce ... 2 Shillings, or 1 Rupee.

Above 1 oz. and not exceeding Two Ounces ... 4 Shillings, or 2 Rupees, and so ... 2 Shillings, or One Rupee, for ... ight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

ACT No. —— OF 1846

An Act for authorizing the Government of Fort St. George to provide Regulations for the several Ports and Places of anchorage within the Territories subject thereto.

WHEREAS Act IV. of 1842, entitled an Act for the better management of Boats and Catamarans, in the Madras Roads, and for the amendment of certain Harbour Regulations, has been found by experience to operate beneficially; and whereas it is expedient that Regulations similar in principle to the provisions contained in the said Act, but varying in detail if local circumstances require such variation, should be provided for all Ports and other Places of anchorage within the Territories subject to the Government of the Presidency of Fort St. George.

I. It is therefore hereby enacted, that the Governor in Council of Fort St. George may from time to time make, in respect of each Port or other Place of anchorage within the Territories subject to the Government of the said Presidency, such Regulations for the management of Boats and Catamarans and such other matters as are provided for by the said Act IV. in respect of the Madras Roads, as to them shall seem expedient, being similar in principle to the provisions contained in the said Act, but varying in detail, if local circumstances require such variation. Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India, after the 1st day of November next.

The 1st August 1846.—The following Extract from the proceedings of the Hon'ble the President of the Council of India in Council, in the Legislative branch of the Home Department, under date the 1st August 1846, is published for general information:

Read a second time the Draft of a proposed Act, dated the 7th January 1846, and published in the Calcutta Gazette of the 10th January 1846, for the establishment and maintenance of boundary marks in the North Western Provinces of Bengal.

Resolution.—The Honorable the President in Council resolves, that the following Amended Draft on the subject be published for general information.

ACT No. —— OF 1846.

An Act for the establishment and maintenance of boundary marks in the North Western Provinces of Bengal.

Whereas it is desirable with a view to the better definition and security of landed property, the prevention of encroachments and disputes, and the identification of lands assessed to, or exempted from, the Public Revenue, that provision should be made for the establishment and maintenance of permanent marks to distinguish the boundaries of Fields or Estates:

I. It is hereby enacted, that it shall be lawful within the Territories subject to the Government of the North Western Provinces of Bengal, for Collectors of Land Revenue, or persons exercising the powers of Collector, or such Revenue Officers as the Lieutenant Governor may entrust with that authority, to fix the boundaries of Fields or Estates, and to require that marks be formed and maintained by the owners or occupants on the boundaries, of such materials and in such number and manner as may appear to such Officers sufficient for distinguishing the limits of those Fields or Estates whenever they may be of opinion that such demarcation is necessary for the prevention or adjustment of disputes.

II. And it is hereby enacted, that notices shall be served on the persons owning or occupying the conterminous Fields or Estates, requiring them to form or repair the said boundary marks within 10 days from the date of the notice, and in the event of these persons not being found in the Village, that the said requisition shall be posted at the Village Chowree or Chopal, or other conspicuous place in the Village, which shall be held to be a sufficient Service, notwithstanding it may afterwards appear that the owners or occupants were not correctly named or designated in the notice.

III. And it is hereby enacted, that in default of the owners or occupants of the Fields or Estates complying with the requisition, the said Revenue Officers shall give directions for the erection and repair of such boundary marks, the cost of which shall be equitably apportioned on the Fields or Estates which they serve to distinguish, and shall be charged to the persons possessing a right of Ownership or Occupancy in such Fields or Estates, and shall be realized in the same manner as arrears of Land Revenue.

IV. And it is hereby enacted, that any person who may be convicted of wilfully erasing, removing or injuring such boundary marks, shall be liable to a fine not exceeding Fifty Rupees for each mark so erased, removed or injured; one half of which fine may be awarded on conviction to the informer, and the other half shall be chargeable with the cost of restoring the mark; whenever it may not be possible to detect the person who erased, removed or injured the boundary marks, as aforesaid, the marks shall be re-erected or repaired at the charge of one or both parties, as the Collector or other Officer authorized to make the demarcation may consider just and equitable.

V. And it is hereby enacted, that disputed boundaries shall be fixed by Revenue Officers under the powers and in the manner prescribed in Regulation VII. 1822 and IX. of 1833, and shall be similarly open to appeal.

VI. And it is hereby enacted, that Magistrates are prohibited from taking cognizance under Act IV. of 1840 of boundary disputes of the nature for which provision is here made, but whenever they have reason to apprehend any breach of the peace in consequence of a disputed boundary, they shall certify the circumstance to the Collector of Land Revenue, who shall be bound immediately to mark off the boundary in the mode here indicated, and to uphold the possession of the parties according to the demarcation.

Ordered, that the Draft be reconsidered at the first Meeting of the Legislative Council of India after the 1st day of October next.

V. The following "Rules for the examination of candidates for insertion in the list directed to be annually furnished to Government, by the notification of the Governor General dated 10th October, 1844," are republished for general information.

1. No one shall be allowed to become a candidate for insertion in the annual returns, who is less

than 18 or more than 23 years of age; and who is not at the time a student either of government or of a private institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every candidate, whether he belong to a government college or a private institution, shall be required to undergo the usual annual examination for Senior English Scholarships, a Latin being substituted for a vernacular essay, at the option of each candidate.

3. There shall be two classes of merit: the first shall comprehend all who are in the last year of a senior scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private institution, and who obtain at least $\frac{3}{4}$ths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least $\frac{1}{2}$ of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4. The place of each successful competitor in his class, shall be determined by the relative merit of his examination.

5. Every candidate for insertion in the Council's list, shall pay a registration fee of Co.'s Rs. 5, prior to being allowed to compete at the examination.

6. A student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

7. A candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

8. All candidates, whether from government or private institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

9. The following is the system of examination adopted, and the standard of the Senior English Scholarships referred to in rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix, within a reasonable time beforehand, the days on which the examinations shall be held.

The students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to writ the essays without any assistance whatever, and to ensure this, one of the members of the Council of Education will remain in the room, and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a senior scholarship.

The following are the qualifications for the Senior English Scholarships:—

English Essay. The candidate must compose a fair English Essay.

History. He must know the leading facts of Universal History, with special reference to the Histories of Greece, Rome, India, England and Modern Europe. The course of History which will form the subject of each annual examination, will be made known by the Council of Education, on or before the 15th of June of the previous year.

General Literature. He must be able to explain pasages of prose and verse, selected from standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual scholarship examination.

Mathematics. He must have a knowledge of Algebra as treated of in Peacock's work on the subject, and in the Chapter on Chances in Wood's Algebra. Of Euclid he must know the first four books, the fifth definition of the 5th book, the 6th book, and 21 propositions of the 11th book: Plane and Spherical Trigonometry, (Hind's, Snowball's or Woodhouse's) and Conic Sections.

Natural Philosophy. He must have a knowledge of Astronomy, Mechanics, Hydrostatics, Pneumatics and Optics, as treated of in the work noted in the margin* sufficient to enable him to comprehend Herschell's Introductory Discourse on the study of Natural Philosophy, and Mrs. Somerville's Connection of the Physical Sciences. He must also be acquainted with Mathematical and Physical Geography, as treated of in the publications of the Society for the Diffusion of Useful Knowledge.

* Brinkley's Astronomy or the Astronomy in the Natural Philosophy of the S. D. U. K., Whewell's Mechanics, Webster's Hydrostatics and Phel's Optics, with the Pneumatics of the S. D. U. K.

Vernacular Essay. He must write a fair essay in the Vernacular.

VI. The scholarship questions, with the most distinguished answers in English Literature, History and the best Essays, will be published for general information and distribution, as soon as practicable after the receipt of the reports.

Very distinguished answers from out candidates will also be published.

With a view to facilitate the classification and examination of answers in each subject, all candidates are directed to write their replies on one side of the paper only, and to answer no more than one question on any piece of paper.

Performances not executed in conformity with the above rule will not be examined.

The 1st August 1846.—The following Extract from the proceedings of the Hon'ble the President of the Council of India in Council, in the Legislative branch of the Home Department, under date the 1st August 1846, is published for general information:

Read a second time the Draft of a proposed Act, dated the 7th January 1846, and published in the Calcutta Gazette of the 10th January 1846, for the establishment and maintenance of boundary marks in the North Western Provinces of Bengal.

Resolution.—The Honorable the President in Council resolves, that the following Amended Draft on the subject be published for general information.

ACT NO. —— OF 1846.

An Act for the establishment and maintenance of boundary marks in the North Western Provinces of Bengal.

Whereas it is desirable with a view to the better definition and security of landed property, the prevention of encroachments and disputes, and the identification of lands assessed to, or exempted from, the Public Revenue, that provision should be made for the establishment and maintenance of permanent marks to distinguish the boundaries of Fields or Estates:

I. It is hereby enacted, that it shall be lawful within the Territories subject to the Government of the North Western Provinces of Bengal, for Collectors of Land Revenue, or persons exercising the powers of Collector, or such Revenue Officers as the Lieutenant Governor may entrust with that authority, to fix the boundaries of Fields or Estates, and to require that marks be formed and maintained by the owners or occupants on the boundaries, of such materials and in such number and manner as may appear to such Officers sufficient for distinguishing the limits of those Fields or Estates whenever they may be of opinion that such demarcation is necessary for the prevention or adjustment of disputes.

II. And it is hereby enacted, that notices shall be served on the persons owning or occupying the conterminous Fields or Estates, requiring them to form or repair the said boundary marks within 10 days from the date of the notice, and in the event of these persons not being found in the Village, that the said requisition shall be posted at the Village Chowree or Chopal, or other conspicuous place in the Village, which shall be held to be a sufficient Service, notwithstanding it may afterwards appear that the owners or occupants were not correctly named or designated in the notice.

III. And it is hereby enacted, that in default of the owners or occupants of the Fields or Estates complying with the requisition, the said Revenue Officers shall give directions for the erection and repair of such boundary marks, the cost of which shall be equitably apportioned on the Fields or Estates which they serve to distinguish, and shall be charged to the persons possessing a right of Ownership or Occupancy in such Fields or Estates, and shall be realized in the same manner as arrears of Land Revenue.

IV. And it is hereby enacted, that any person who may be convicted of wilfully erasing, removing or injuring such boundary marks, shall be liable to a fine not exceeding Fifty Rupees for each mark so erased, removed or injured; one half of which fine may be awarded on conviction to the informer, and the other half shall be chargeable with the cost of restoring the mark; whenever it may not be possible to detect the person who erased, removed or injured the boundary marks, as aforesaid, the marks shall be re-erected or repaired at the charge of one or both parties, as the Collector or other Officer authorized to make the demarcation may consider just and equitable.

V. And it is hereby enacted, that disputed boundaries shall be fixed by Revenue Officers under the powers and in the manner prescribed in Regulation VII. 1822 and IX. of 1833, and shall be similarly open to appeal.

VI. And it is hereby enacted, that Magistrates are prohibited from taking cognizance under Act IV. of 1840 of boundary disputes of the nature for which provision is here made, but whenever they have reason to apprehend any breach of the peace in consequence of a disputed boundary, they shall certify the circumstance to the Collector of Land Revenue, who shall be bound immediately to mark off the boundary in the mode here indicated, and to uphold the possession of the parties according to the demarcation.

Ordered, that the Draft be reconsidered at the first Meeting of the Legislative Council of India after the 1st day of October next.

No. 542.

Fort William, Home Department, Marine, the 15th August, 1846.

NOTIFICATION.—The following Sailing Directions for Palk's Bay, received from the Government of Ceylon, are published for general information.

2. A Chart of Palk's Bay is deposited in the Marine Superintendent's Office, and may be referred to by any party desirous of consulting it.

By Order of the Hon'ble the President of the Council of India in Council,

G. A. BUSHBY, *Secy. to the Govt. of India.*

SAILING DIRECTIONS FOR PALK'S BAY.

There are two good entrances into Palk's Bay from the Eastward, one between Point Calimere and the Northern end of the Middle Banks, having 19 to 24 feet, the other between the Southern end of the same banks and the North Coast of Ceylon with 5½ to 8 fathoms. Sailing Directions were published some years back for the Northern passage, but I would strongly recommend all Commanders with a vessel drawing 12 feet to make use of that to the Southward, except with a leading wind, or with the aid of Steam.

Paumben bears from Point Calimere S. 31° W. 73 miles, and after rounding the spit that stretches off to rather more than a mile East of the latter place in about 3½ fathoms 3 miles off shore, a vessel may stand S. W. ½ S. keeping in 3½ to 4 fathoms till two tall detached palmyra trees to the Westward bear about North, she is then clear of the banks.

This Channel, through the centre of which the above directions lead is 3 miles wide, having a small sandy knoll with only 2¼ fathoms on, about a mile inside its Southern boundary; and 4 miles S. S. E. of the point, the depths on each side vary from 2 to 3 fathoms with a bottom of hard sand, while that of the Channel itself is mostly mud.

The middle banks from this stretch in a Southerly direction to within 8 miles of the Ceylon Coast, having an average breadth of 3, with uneven soundings from 2 to 3½ fathoms: and in one place only 9 feet. This is situated 8½ miles S. 20° E. from Point Calimere, and 9½ miles S. 44° E. from the two remarkable trees already noticed. It is composed of hard fine sand, and should be carefully avoided. There is always what is called a swash over those banks, which renders it hazardous to be on them in an open boat during a breeze.

In beating into the Bay against the S. W. Monsoon a vessel should stand over to the North Coast of Ceylon, and work down to the island of Delft or Nedoonteevo, whence a stretch may be made across the Bay to its Western side, where land and sea breezes will be met with, accompanied by smooth water. In the N. E. Monsoon a vessel bound against it, should also work upon the Ceylon side as far as Kayts; when she may stand over to the Coast of India, and creep to windward in smooth water. With the strong currents ever attendant on the monsoons in the middle of the Bay it is impossible to contend against them without thus taking advantage of smooth water and weather shores.

A well known shoal extends from about 17 miles S. S. E. of Point Pedro to about 6 or 7 miles N. W. of it having a good channel of 2½ to 3 miles wide with 7, 8, and 9 fathoms mud between it and the shore. The most dangerous part on its Northern end bears from the point due East 4½ miles off shore, to E. 28° S. 4 miles off shore. It has in some part as little as 2¼ fathoms, and a vessel in passing it ought not to shoal her water on the bank to less than 6 fathoms, when she will be about 3 miles off shore with deep water inside.

To clear the North end of this bank, having 3¾ fathoms on, the break in the trees at Tondimanoor, which is plainly perceptible some few miles at sea, ought not to bear West of S. S. W. till within 4 or 5 miles of the land. Inside this a vessel working to the Westward may approach the shore with safety to within half a mile, carrying from 6 to 8 fathoms, and sand and mud till abreast of Kangesenthoray, which may be known from its two bungalows, each built on a rocky platform washed by the sea. To avoid some foul ground which diverging from the beach at this place, reaches to a distance of 2 miles from the shore; little further West, she must now be careful not to shoal her water to less than 6 fathoms on her in-shore tack, or to less than 5 on her seaboard, as the Southern end of the middle banks with 2¾ and 3 fathoms over it lies to the North. The channel is 6 miles broad from the foul ground to the end of the banks with 5½ to 8 fathoms sand and mud in it. When the opening between Karateevo (Amsterdam Island) and the Main bears due South, the foul ground is passed; and when Fort Hommonhiel is well open of the N. W. point of Karateevo, the banks are to the Eastward. A vessel can then shape a course to any part of the bay having good anchorage in 4 to 5 fathoms ½ to ¾ of a mile ontside any of the Islands. If bound to Jaffna, she should after passing Kayts stand Southerly rounding Elewateevo, Anellateevo,

and Nainateevo at a distance of 1 to 2 miles till within 2 or 3 miles Nedoenteevo (Delft) which she will make a head. She may then steer Easterly keeping about a mile off Poongreteevo, and taking care not to haul to the North of East till that island has been left 4 or 5 miles behind; and anchor according to the directions about to be given. Following out these instructions, a Vessel from Point Pedro ought not to shoal her water to less than 4¼ fathoms: but more generally have a depth of 5 to 6 fathoms.

Directions for Kayts.

No vessel drawing more than 8 feet should attempt to enter the harbour of Kayts; for although there are 7½ feet in the channel at low water springs, the greatest rise is not more than 15 inches. To avoid the foul ground, extending 1½ miles to the Westward of the N. W. end of Karateevo, a Vessel ought to keep in 5 fathoms till Elewateevo bears S. by W. She may then stand for that island, shoaling her water to 3 fathoms till Fort Hammonhiel, built on a rock at the North side of the entrance, bears S. E by S. when she can steer for it, keeping the Custom House Point, on which is a large clumpy tree, over the low sandy point of Karateevo till within a quarter of a mile. She will now be in 9 feet smooth water, and keeping more to the South, may round the fort at a distance of from 200 to 700 yards according to circumstances; care being taken when inside to boovow over on the North side of the harbour till past an old bungalow on that side. Any anchorage may then be selected, but the best is off the Custom House, in 11 or 12 feet mud.

Outside good anchorage is obtained in either Monsoon in 13 or 14 feet, smooth water, with the Fort bearing S. E. 1½ mile; the North end of Elewateevo S. W. 1¼ mile; and the N. W. end of Amsterdam island N. E. In the S. W. Monsoon the bank of Elewateevo may be approached a little closer; and in the N. E. the foul ground off Amsterdam, which will give a Vessel a little more room for weighing, large Vessels should of course anchor further out.

Directions for Jaffna.

A rock was supposed to exist in the approach to Jaffna from the Westward, but after a careful examination no such danger could be discovered; and although some pilots declare that it is still there, they are unable to point out the precise spot. This, added to the testimony of some divers, who declare that they never met with it although employed in the neighbourhood from childhood, may lead us safely to infer that the pilots are in error, and that no impediment is offered to the safe navigation of this part of the Coast. A small Vessel, having Calmoene point E. by N. to N. E. may steer for it till she opens Jaffna Fort Church, clear of the island of Mandeteevo, when she can stand freely for the opening, carrying from 4 to 2½ fathoms over a rocky ledge to 2¾ and 3 fathoms inside on sand, and anchor with the following bearings: Calmoene point East, Fort Church N. ½ W. to N. by W. ½ W, but care must be taken not to approach Calmoene point within 6 or 700 yards, as there are some rocky heads some distance from it.

The best anchorage for a large Vessel is outside the rocky ledge, with the Fort Church bearing N by E. over the centre of a small Island, called "Small Pox Island," just clear of the small Cocoanut Tope on Mandeteevo: and Calmoene point, N. E. by E. She would then be in 4½ fathoms sand about 2 miles off the Island. It must be borne in mind, however, that this anchorage ought not to be used from the middle of May to the middle of August, when the S. W. Monsoon, from which there is no shelter, blows with great violence.

Dangers in Palk's Bay.

1. The middle banks already described.

2. A long sandy spit with from 1 to 2 fathoms over it stretching E. by S. 13 miles from a low point above Kotepatnam on the Coast of India. It has generally a heavy swash of a sea over it, and should not be approached from the Eastward nearer than 6 fathoms. Captain Powel places its Eastern extremity in 10° 2′ 30″ North latitude; and 79° 19′ 30″ East longitude, allowing Galle to be in 80° 16′ 00″ East. Its bearing from Paumben is N. 22° E. 45 miles, and from Point Calimere S. 50° W. 29 miles.

3. The foul ground off the N. W. end of Ceylon to the Eastward of the opening between that and Karateevo, where the coast ought not to be approached nearer than 2 miles, for although at present there are 12 to 15 feet over the knolls, the depths may decrease, as they are composed of Coral.

4. A detached rock, about the size of a Ship's boat, with only two feet water over it, between Paaleteevo and the Devil's Point having the following bearings:—

Devil's Point, South 3 Miles.
South end of Paaleteevo E. S. E. 2½ Miles.

Lastly. Some rocks awash, which lie about 1½ miles off the N. E. end of Ramisseram island, where the soundings ought not to be shoaled to less than 5 fathoms. Care should be taken in the N. E. Monsoon not to get into the Bay to the East of this island, as it becomes a difficult matter to work out again.

GENERAL ORDER BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA.

FOREIGN DEPARTMENT, SIMLA, THE 12TH AUGUST, 1846.

The Governor General has the satisfaction to announce to the Army that he has received a Despatch from the Court of Directors conveying their cordial approval of the several Resolutions and Orders of the Government of India in granting Medals to every Officer and Soldier in the Service of the East India Company, engaged in the Battles of Moodkee, Ferozeshahur, Aleewal and Subraon.

The Court also express their gratification in apprizing the Governor General that "in pursuance "of permission given by Her Majesty, the Government of India is authorized to grant to Her Majesty's "Troops the same Medals and Marks of Honor as have been conferred by the Governor General on "the East India Company's Army engaged in the recent brilliant Campaigns on the Banks of the "Sutlej."

His Excellency the Commander in Chief is requested to furnish the Governor General with the Nominal Rolls of all the Officers and Soldiers engaged in the four Battles on the Sutlej, in order that the Court of Directors may cause the required number of Medals to be struck at the Mint to be presented to Her Majesty's Troops by the East India Company.

The Governor General authorizes the several Regiments, Troops, and Companies of Her Majesty's and the East India Company's Armies, actually engaged in these Battles and named in the annexed Return, to bear upon their Colors, Standards, and Appointments, in the usual manner, the words "Moodkee," "Ferozeshahur," "Aleewal" and "Sobraon."

On every occasion during the late operations the European and Native Troops of the Army of the Sutlej, animated by the same spirit, and united together by mutual esteem, have nobly emulated each other in their exertions.

It is a source of much gratification to the Governor General that the honors commemorative of the Campaign are by Her Majesty's permission to be the same for the European and Native Troops.

Return of Corps of Her Majesty's and the Honorable Company's Service, employed in Action during the late Campaign on the Sutlej, showing the Battles in which they were severally engaged.

Fort William, Genl Post Office, the 12th Aug 1846

Revised Rules of Postage on Letters, &c. transmitted per Contract Steamers from and to Indian Ports.

AGREEABLY to the instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

Revised Rules of Postage on Letters, &c. transmitted per Contract Steamers from and to Indian Ports.

AGREEABLY to the instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

NOTICE is hereby given for general information, that the Mails for Suez, and the intermediate Ports, (Madras, Ceylon and Aden,) as well as for Penang, Singapore and Hong Kong, intended for transmission by the Peninsular and Oriental Company's Steam Vessel "Bentinck," will be closed at this Office, on Monday, the 7th proximo, and that an After Packet will be despatched hence on Tuesday, the 8th idem, precisely at 1 P. M. with the chance of overtaking that Vessel. No letters brought after 1 P. M, will on any account be received for transmission by this opportunity, the public are particularly requested to take notice of this to avoid disappointment.

Fort William, Genl Post Office, the 12th Aug. 1846.

Revised Rules of Postage on Letters, &c. transmitted per Contract Steamers from and to Indian Ports.

AGREEABLY to the instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

V. The following "Rules for the examination of candidates for insertion in the list directed to be annually furnished to Government, by the notification of the Governor General dated 10th October, 1844," are republished for general information.

1. No one shall be allowed to become a candidate for insertion in the annual returns, who is less than 18 or more than 23 years of age; and who is not at the time a student either of government or of a private institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every candidate, whether he belong to a government college or a private institution, shall be required to undergo the usual annual examination for Senior English Scholarships, a Latin being substituted for a vernacular essay, at the option of each candidate.

3. There shall be two classes of merit: the first shall comprehend all who are in the last year of a senior scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one: or have been engaged for ten years in the study of English at a private institution, and who obtain at least $\frac{4}{5}$ths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least $\frac{1}{2}$ of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4. The place of each successful competitor in his class, shall be determined by the relative merit of his examination.

5. Every candidate for insertion in the Council's list, shall pay a registration fee of Co.'s Rs. 5, prior to being allowed to compete at the examination.

6. A student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

7 A candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

8. All candidates, whether from government or private institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

9. The following is the system of examination adopted, and the standard of the Senior English Scholarships referred to in rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix, within a reasonable time beforehand, the days on which the examinations shall be held.

The students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to writ the essays without any assistance whatever, and to ensure this, one of the members of the Council of Education will remain in the room, and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a senior scholarship.

The following are the qualifications for the Senior English Scholarships.—

English Essay — The candidate must compose a fair English Essay.

History — He must know the leading facts of Universal History, with special reference to the Histories of Greece, Rome, India, England and Modern Europe. The course of History which will form the subject of each annual examination, will be made known by the Council of Education, on or before the 15th of June of the previous year.

General Literature — He must be able to explain pasages of prose and verse, selected from standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual scholarship examination.

Of Euclid he must know the first four books, the fifth definition of the 5th book, the 6th book, and 21 propositions of the 11th book: Plane and Spherical Trigonometry, (Hind's, Snowball's or Woodhouse's) and Conic Sections.

Natural Philosophy. — He must have a knowledge of Astronomy, Mechanics, Hydrostatics, Pneumatics and Optics, as treated of in the work noted in the margin* sufficient to enable him to comprehend Herschell's Introductory Discourse on the study of Natural Philosophy and Mrs. Somerville's Connection of the Physical Sciences. He must also be acquainted with Mathematical and Physical Geography, as treated of in the publications of the Society for the Diffusion of Useful Knowledge.

* Brinkley's Astronomy or the Astronomy in the Natural Philosophy of the S. D. U. K., Whewell's Mechanics, Webster's Hydrostatics and Phel's Optics, with the Pneumatics of the S. D. U. K.

VI. The scholarship questions, with the most distinguished answers in English Literature, History and the best Essays, will be published for general information and distribution, as soon as practicable after the receipt of the reports.

Very distinguished answers from out candidates will also be published.

With a view to facilitate the classification and examination of answers in each subject, all candidates are directed to write their replies on one side of the paper only, and to answer no more than one question on any piece of paper.

Performances not executed in conformity with the above rule will not be examined.

Fort William, Home Department, Legislative,

The 29th August, 1846.—The following Draft of a proposed Act was read in Council for the first time on the 29th of August 1846:

ACT No. —— OF 1846.

An Act to facilitate the execution of the sentences of Courts established by the authority of the Governor General in Council for the administration of Criminal Justice in States or Territories administered by Officers acting under the authority of the East India Company.

I. It is hereby enacted, that within the Territories subject to the Government of the East India Company and without the local limits of the jurisdiction of Her Majesty's Courts of Judicature, the several Officers in charge of Jails shall be competent to give effect to any sentence that may be passed by any Court established or that may be established by the authority of the Governor General of India in Council for the administration of Criminal Justice in States or Territories administered by Officers acting under the authority of the East India Company, although such States or Territories are not subject to the Government of any one of the Presidencies of Fort William in Bengal, Fort St George or Bombay, or are not subject to the operation of the General Regulations.

II. And it is hereby enacted, that a warrant under the Official Seal and Signature of the Officer or Officers exercising Criminal jurisdiction within such States or Territories as aforesaid shall be sufficient authority for holding any prisoner in confinement, or for transmitting any prisoner for transportation beyond Sea, or for inflicting any other punishment prescribed therein.

III. And it is hereby enacted, that if any Officer in charge of a Jail shall entertain any doubt as to the legality of any warrant sent to him for execution under this Act, or as to the competency of the person or persons whose Official Seal and Signature may be affixed thereto to pass the sentence and issue such warrant, such Officer shall refer the matter to the Government to which he is subject, by whose order on the case such Officer and all other public Officers shall be guided as to the future disposal of the prisoner, and that pending any such reference, the prisoner shall be detained in custody in such manner and with such restrictions or mitigations as may be specified in the warrant.

IV. And it is hereby enacted, that the provisions of the existing Acts and Regulations, and all other rules in force for the treatment and security of prisoners confined in the said jails, shall apply and be of equal force and effect in the case of prisoners confined therein under this Act as in the case of other prisoners confined therein.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first meeting of the Legislative Council of India after the 29th day of October next.

IN the transmission of Articles for Analysis to this Office, it is particularly requested, that these be packed in tow, within tin cases soldered. In matters under Criminal Investigation, the tin cases should be enclosed in wooden boxes, with tapes and seals, the seals sunk in the wood. Packing in *sand* should never be resorted to, as the great weight of parcels thus made up is a serious and useless inconvenience to the Dâk Banghy Department.

IV. In consequence of the great additional importance acquired by these examinations, and of the competition being no longer limited to the students of the Government Colleges, it has become necessary to afford the best possible guarantee to the public and the Government of the results being fully, fairly, and impartially reported. The papers will therefore be examined by the following gentlemen:

Literature, ...	The Hon. C H Cameron
History, ...	Sir H Seton and D. Elliott, Esq.
Mathematics and Natural Philosophy, ...	A W Christopher, Esq
Latin Essay, ...	The Hon C H Cameron.
English Essay,.....	J W Colvile, Esq
Vernacular Essay,..... .	The Rev K M Banerjea.

The examinations in the Town Hall will be superintended by the Council of Education, assisted by Messrs. Halliday and Young, of the Civil Service. Mr. C. Beadon, Under Secretary to the Government of Bengal, will be present during the whole period.

The Secretary to the Council of Education will superintend the public examinations of the College of Mahomed Mohsim at Hooghly.

V. The following "Rules for the examination of candidates for insertion in the list directed to be annually furnished to Government, by the notification of the Governor General dated 10th October, 1844," are republished for general information.

1. No one shall be allowed to become a candidate for insertion in the annual returns, who is less than 18 or more than 23 years of age; and who is not at the time a student either of government or of a private institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every candidate, whether he belong to a government college or a private institution, shall be required to undergo the usual annual examination for Senior English Scholarships, a Latin being substituted for a vernacular essay, at the option of each candidate.

3. There shall be two classes of merit: the first shall comprehend all who are in the last year of a senior scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private institution, and who obtain at least $\frac{3}{4}$ths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least $\frac{1}{2}$ of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4. The place of each successful competitor in his class, shall be determined by the relative merit of his examination.

5. Every candidate for insertion in the Council's list, shall pay a registration fee of Co's Rs. 5, prior to being allowed to compete at the examination.

6. A student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

7. A candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

8. All candidates, whether from government or private institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

9. The following is the system of examination adopted, and the standard of the Senior English Scholarships referred to in rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix, within a reasonable time beforehand, the days on which the examinations shall be held.

The students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to writ the essays without any assistance whatever, and to ensure this, one of the members of the Council of Education will remain in the room, and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a senior scholarship.

The following are the qualifications for the Senior English Scholarships:—

English Essay. The candidate must compose a fair English Essay.

History. He must know the leading facts of Universal History, with special reference to the Histories of Greece, Rome, India, England and Modern Europe. The course of History which will form the subject of each annual examination, will be made known by the Council of Education, on or before the 15th of June of the previous year.

General Literature. He must be able to explain pasages of prose and verse, selected from standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual scholarship examination.

Mathematics. He must have a knowledge of Algebra as treated of in Peacock's work on the subject, and in the Chapter on Chances in Wood's Algebra. Of Euclid he must know the first four books, the fifth definition of the 5th book, the 6th book, and 21 propositions of the 11th book: Plane and Spherical Trigonometry, (Hind's, Snowball's or Woodhouse's) and Conic Sections.

Natural Philosophy. He must have a knowledge of Astronomy, Mechanics, Hydrostatics, Pneumatics and Optics, as treated of in the work noted in the margin* sufficient to enable him to comprehend Herschell's Introductory Discourse on the study of Natural Philosophy and Mrs. Somerville's Connection of the Physical Sciences. He must also be acquainted with Mathematical and Physical Geography, as treated of in the publications of the Society for the Diffusion of Useful Knowledge.

* Brinkley's Astronomy or the Astronomy in the Natural Philosophy of the S D U K, Whewell's Mechanics, Webster's Hydrostatics and Phel's Optics, with the Pneumatics of the S D U K

Vernacular Essay. He must write a fair essay in the Vernacular.

VI. The scholarship questions, with the most distinguished answers in English Literature, History and the best Essays, will be published for general information and distribution, as soon as practicable after the receipt of the reports.

Very distinguished answers from out candidates will also be published.

With a view to facilitate the classification and examination of answers in each subject, all candidates are directed to write their replies on one side of the paper only, and to answer no more than one question on any piece of paper.

Performances not executed in conformity with the above rule will not be examined.

V. The following "Rules for the examination of candidates for insertion in the list directed to be annually furnished to Government, by the notification of the Governor General dated 10th October, 1844," are republished for general information.

1. No one shall be allowed to become a candidate for insertion in the annual returns, who is less than 18 or more than 23 years of age; and who is not at the time a student either of government or of a private institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every candidate, whether he belong to a government college or a private institution, shall be required to undergo the usual annual examination for Senior English Scholarships, a Latin being substituted for a vernacular essay, at the option of each candidate.

3. There shall be two classes of merit: the first shall comprehend all who are in the last year of a senior scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private institution, and who obtain at least $\frac{3}{4}$ths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least $\frac{1}{2}$ of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4. The place of each successful competitor in his class, shall be determined by the relative merit of his examination.

5. Every candidate for insertion in the Council's list, shall pay a registration fee of Co.'s Rs 5, prior to being allowed to compete at the examination.

6. A student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

7. A candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

8. All candidates, whether from government or private institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

9. The following is the system of examination adopted, and the standard of the Senior English Scholarships referred to in rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix, within a reasonable time beforehand, the days on which the examinations shall be held.

The students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to writ the essays without any assistance whatever, and to ensure this, one of the members of the Council of Education will remain in the room, and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a senior scholarship.

Published by order of the Hon'ble the President of the Council of India in Council,

J. A. DORIN, *Secy. to the Govt. of India.*

Notice is hereby given, that the Sub-Treasurers at Fort William, Fort St. George, and Bombay, the several Residents at Native Courts, and several Collectors of Land Revenue under those Presidencies, as well as the Collectors and others in charge of Treasuries under the Government of the North Western Provinces, have been authorised to receive, until further orders, any sums of money, in even hundreds, of not less than 500 of Company's Rupees, which may be tendered on Loan to the East India Company, at an Interest of 5 per cent. per annum, subject to the provisions hereinafter specified.

2. Audited Bills for arrears of Salary, whether the same shall have been advertised for payment or not, will be received in lieu of Cash Subscriptions without any deduction. Bills of Exchange on the Public Treasuries will also be received in subscription to this Loan, with a deduction at the rate of 5 five per cent. per annum for the period they may have to run. Treasury Notes, and all authorised Public Demands, will be received as cash at par.

3. The Paymasters of the Army under the several Presidencies are also authorised to transfer any demands which may be payable by them respectively to this Loan, and to grant drafts at the Presidencies of Fort William, Fort St. George, and in the North Western Provinces for the amount, in the usual manner, on the Accountant General; and at the Presidency of Bombay, on the Military Pay Master General: which Drafts shall be received by the several Officers above mentioned, in payment of subscriptions, on being tendered to them for that purpose.

4. Furruckabad, Lucknow, Madras, and Bombay Rupees will be received where respectively current at par with the Company's Rupees, in which last mentioned currency all Acknowledgments for the receipt of money into this Loan shall be expressed: interest when paid in these Rupees will be issued at the rates antecedently specified.

5. The several Public Officers authorised to receive subscriptions into this Loan will grant Acknowledgments in the following Form, for all sums received by them respectively.

"I hereby acknowledge that A. B. has this day "paid into the East India Company's Treasury "the sum of Company's Rupees ——— "for which he is entitled to receive a Promissory "Note, bearing interest from the (30th of June or "31st December next ensuing of the year in "which the subscription may be received as the "case may be) of the tenor and subject to the "conditions specified in the Advertisement published in the Calcutta Gazette of the ——— "and intermediately the same interest from the "date of this Acknowledgment to the (30th June "or 31st December of the year of subscription as "above.")

"FORT WILLIAM, *the 30th June*, 1841."

"Promissory Note at 5 (five) per cent for Company's Rupees ———

"The Governor General of India in Council "does hereby acknowledge to have received from "A. B. the sum of Company's Rupees ——— "as a Loan to the East India Company, and does "hereby promise for and on behalf of the said "Company to repay the said Loan, by paying the "said sum of Company's Rupees ——— "to the said A. B., his Executors or Administrators, or his or their order, on demand at the Ge-

"neral Treasury of Fort William, after the expi-
"ration of three months notice of payment to be
"given by the Governor General of India in Coun-
"cil in the Calcutta Gazette, and to pay the in-
"terest accruing on the said sum of Company's
"Rupees ——————————
"at the rate of 5 per cent. per annum, by half-
"yearly payments at the General Treasury of
"Fort William, to the said A. B., his Executors or
"Administrators, until the expiration of three
"months after such notice of payment as aforesaid,

"with the principal, and (such notice being con-

"*Registered as No.* *of* 1841-42."

7. The several Officers authorised to receive subscriptions will, on application from the Holders of Acknowledgments, transmit them (free of every expense whatever) to the Accountant General in Bengal, to be exchanged for Promissory Notes bearing interest from the 30th of June, or 31st December next ensuing after the date of subscription. The interest accruing on the broken period of the half year, that may intervene between the date of subscription and the 30th of June, or 31st December next ensuing, as the case may be, will be paid up at the time of granting the Acknowledgment.

8. Proprietors of Notes who may require the interest to be paid at the General Treasury of Fort St. George, shall be entitled to receive it accordingly, provided they previously notify their wish to the Accountant General at Fort William, and present the Notes to him to have an order for the payment of interest at the said Treasury, written on the face of them, under the signature of the said Officer or that of the Deputy Accountant General. And after such order shall, on the application of the Proprietor, be inscribed on any Note the interest shall be payable only from the said Treasury, unless the Proprietor shall present the Note with an application for the purpose of transferring the payment to Bengal, to the Accountant General at Fort St. George, who, on such application being so made, will cancel the said order by writing inscribed as aforesaid, under the signature of himself or his Deputy: a similar course will be followed, mutatis mutandis, in the case of Proprietors of Notes who may desire to have the interest thereof paid at the General Treasury of Bombay.

9. The Proprietors of Acknowledgements, who may desire to have the interest of the Promissory Notes to be issued on exchange thereof, to be made immediately payable at Madras or Bombay, must express their desire to that effect on the face of the Acknowledgments, before transmitting them to the Accountant General at Fort William, who will make the interest payable accordingly in the manner and subject to the conditions above stated.

10. The Promissory Notes of this Loan shall not be renewed or subdivided, except by the Accountant General at Fort William. FOREIGN DEPARTMENT, SIMLA, THE 22D SEPTEMBER, 1846.

NOTIFICATION.—The Governor General has much satisfaction in directing the publication for general information of the following Documents, received from the Governor General's Agent at Rajpootana, respecting the Abolition of Suttee in Marwar.

The Governor General has great pleasure in making public his high sense of the enlightened conduct of the Jyepore Regency, in thus coming prominently forward to put a stop to a rite repugnant to all the principles of humanity as that of Suttee, and the Governor General considers that great credit is due to Major Ludlow, for his successful exertions in procuring the Abolition of this rite in Marwar.

No. 128 of 1846.

From Major J. LUDLOW, *Political Agent, Jyepore,*

To Lieut.-Colonel J. SUTHERLAND, *Agent to the Governor General for the States of Rajpootana.*

Dated Jyepore, 23d August, 1846.

SIR,—I have been placed, on the first day of the Sumbut year 1903, in possession of the accompanying Documents,* for the receipt of which you will no doubt have been prepared, from the nature of the communications made to you direct by some of the Members of the Council of the Regency, during your recent visit to this Capital.

* A letter in original from the Jyepore Council of Administration to the address of the Agent Governor General for the States of Rajpootana, dated the 23d August 1846
A copy of Proclamation prohibiting Suttee in the Jyepore Territory
A letter in original from the Jyepore Council of Regency to the address of the Political Agent on the same subject.

2. The Administrators have addressed yourself, instead of the Political Agent, on the subject of their unanimous decision to render the act of Suttee penal within the limits of Dhoondhar, because their conference with you were made at periods when I was not present, and I trust that, in consideration of the deep interest with which the question is invested, this seeming informality in the course which has been adopted may be pardoned.

3. You will remark, that in the enclosed Documents, the Council of Regency have not reiterated their supplication (made to you verbally,) of your aid in preventing the Kuchwaee Daughters (who by force of custom must marry into foreign clans,) from becoming Suttees, and I need not observe that they are satisfied that their verbally expressed wishes on this subject will be held in recollection, nor is it necessary that I should apprise you, that they have been prevented by a feeling of delicacy from any allusions to their Daughters upon paper.

Jyepore, Political Agency, 23d August, 1846.

Translation of a Note, addressed by the Jyepore Council of Regency, to Lieut.-Colonel Sutherland, Agent Governor General, for the States of Rajpootana, and of date corresponding with the 23d August, 1846.

After the usual introductory address.

Throughout a long period, influenced by the force of example, it has been the practice here among Hindoos on a death taking place, for the wife of the deceased, in the excess of her love and affection, to burn, and she is stated to have become a Suttee. Having well reflected upon this act,

it is regarded as having nothing to recommend it, but on the contrary to be an evil, and a source of regret. We have considered it wrong that a living woman should burn on the natural death of her husband; and therefore for the prevention of the practice a Proclamation has been issued on the subject, throughout the limits of this Raj, and a copy is sent to you herewith, from which you will learn all particulars connected with this matter. In the Shastrus the act is pronounced to be a crime, and tested by reason it must be so regarded. Formerly Maharaja Sawaee Purtap Singh directed its prohibition, and at Jodhpoor Maharaja Bheem Sing, and at Boondee Maha Rao Raja Bishen Sing ordered the practice of Suttee to be discontinued. Thus the most illustrious Sovereigns, who considered the rite improper, have enacted that it should cease. Its continuance up to this time arises from misapprehension and the force of example.

In this Raj Suttee is of rare occurrence; and now that a Proclamation has been issued for its entire abolition, the arrangement will be effectual and no Suttee will henceforth take place. Many *Sirdars recently approved this course, but the practice has not been suppressed in the other States, viz. Oodeepoor, Jodhpoor, Beekaneer, Kishengurh, Harowtee, Ulwur, &c., and if it should be there abolished by the favour of those Sovereigns and through your assistance, the course would be a very eligible one.

* Sovereigns of Foreign States and other Nobles.

Proclamation by the Raj of Jyepore, of date corresponding with the 23d August 1846.

Throughout a lengthened period, and by force of example on the demise of an individual among the tribe of Hindoos, the wife possessed of a strong feeling of love and affection, burns in the fire, and is stated to have become a Suttee. This practice having fallen under reflection and discussion, it has been ascertained that it is improper, nay that it is an evil, a wickedness, for a living woman of her own choice to burn in the flames, it is therefore proclaimed for general information, that no woman calling herself a Suttee shall henceforth be permitted to burn within the limits of this territory. This practice is strictly prohibited, and it must be provided against. Wherefore all Sirdars, Jagheerdars, Zumeendars, Bhoomeeas, Zilladars, Thanadars, Jemadars, Tuhseeldars, Talookdars and others belonging to the Raj, or in its service, shall securely provide against any living woman being suffered to burn as a Suttee.

Should any living woman burn in any one's Ilaqa it will be regarded as a grave offence attaching alike to the proprietor, to the relatives of the deceased, to those who reside near the spot, to those who bring firewood, &c. and to those who willingly shall neglect to (use exertions for) preventing the sacrifice—all such persons shall be summoned here (to the Capital) and whoever among them shall be convicted of the offence of failing to exert themselves to prevent the act of burning, or of bringing wood, fire, &c. shall be regarded as criminal offenders according to the proofs which may be exhibited against them, and will be punished accordingly.

It therefore behoves all persons to consider well the purport of this Proclamation, and to effect arrangements whereby no living woman may burn in this Ilaqa.

Translation of a Note addressed by the Jyepore Council of Regency to the Political Agent, and of date corresponding with the 23rd August, 1846.

Considering that, for a living woman, calling herself a Suttee, to burn (which practice is continued from the force of example) is a great evil, we made our requisition of the Burra Saheb (the Agent Governor General for the States of Rajpootana) in person. We stated that Suttee was of rare occurrence in the Jyepore Ilaqa, but that a Proclamation would be issued on the subject in order that no living woman might burn, or that, in the event of a Suttee taking place, the parties who assisted or brought wood, or applied the fire, should be punished according to the nature of their offence, upon which the Burra Sahib approved of the course. Therefore, for the prohibition of the act, a Proclamation will be issued, and a copy of it, together with a letter from ourselves to the address of the Burra Sahib Bahadoor, has been prepared, which letter is sent to you in original, together with a copy—you will be pleased to transmit to that gentleman a transcript of the copy of this Proclamation and the letter in original; and you will yourself become acquainted with its purport from the copy (which is sent to you.)

The Burra Sahib is favorable to the course proposed, and we request you to write in terms whereby the effectual prohibition may go forth in other Principalities through his exertions and favor, and in order that Suttee may every where cease to be practised.

It is proper that by your united efforts, and by favor of the other Sovereigns, the abolition should be rendered effectual throughout Rajwara.

GOVERNMENT TEA PLANTATIONS IN ASSAM.

In consequence of the operations of the Government Experimental Tea Culture in Assam being about to be brought to a close, as notified in the Government Gazette No. 26, of the 1st April 1846, Tenders will be received at this Office for the purchase of the undermentioned Government Tea Barrees, together with Buildings, Manufacturing Implements, Tools, Stores, &c., attached thereto.

These Barrees have abundance of land fit for the growth of the Tea Plant in the vicinity, and admit of being greatly extended; they are situated within about 16 miles of the Sudder Station of the District, Dibroo Ghur, where there is a small temporary Bungalow belonging to the Concern. A good Road is now in progress through Muttuck, which will pass within a few hundred yards of the Dinjoy Barree, and this Road will be completed in the course of next cold season: the accompanying Sketch* will show the relative position of the Barrees.

To persons desirous of engaging in the Cultivation of Sugar Cane, in conjunction with that of the Tea Plant, these Barrees would be found particularly advantageous, as there is much fine fresh land in the vicinity of Dinjoy and Chubwa, well suited for the growth of the Cane, and which may be rented, to the extent required, from time to time, for cultivation: the present rent of such land, when actually taken up, being only 8 annas per poora.

With the Establishment at present attached to the Barrees, the purchaser would have to make his own arrangements; the Members, generally, are well acquainted with the process of the preparation of the Tea, in all its branches, and, if well superintended, would be equal to the duties of a greatly extended concern.

2. Audited Bills for arrears of Salary, whether the same shall have been advertised for payment or not, will be received in lieu of Cash Subscriptions without any deduction. Bills of Exchange on the Public Treasuries will also be received in subscription to this Loan, with a deduction at the rate of 5 (five) per cent. per annum for the period they may have to run. Treasury Notes, and all authorised Public Demands, will be received as cash at par.

3. The Paymasters of the Army under the several Presidencies are also authorised to transfer any demands which may be payable by them respectively to this Loan, and to grant drafts at the Presidencies of Fort William, Fort St. George, and in the North Western Provinces for the amount, in the usual manner, on the Accountant General; and at the Presidency of Bombay, on the Military Pay Master General: which Drafts shall be received by the several Officers above mentioned, in payment of subscriptions, on being tendered to them for that purpose.

4. Furruckabad, Lucknow, Madras, and Bombay Rupees will be received where respectively current at par with the Company's Rupees, in which last mentioned currency all Acknowledgments for the receipt of money into this Loan shall be expressed: interest when paid in these Rupees will be issued at the rates antecedently specified.

5. The several Public Officers authorised to receive subscriptions into this Loan will grant Acknowledgments in the following Form, for all sums received by them respectively.

"I hereby acknowledge that A. B. has this day "paid into the East India Company's Treasury "the sum of Company's Rupees ——— "for which he is entitled to receive a Promissory "Note, bearing interest from the (30th of June or "31st December next ensuing of the year in "which the subscription may be received as the "case may be) of the tenor and subject to the "conditions specified in the Advertisement published in the Calcutta Gazette of the ——— "and intermediately the same interest from the "date of this Acknowledgment to the (30th June "or 31st December of the year of subscription as "above.")

vered to him, forthwith cause to be prepared and issued to the parties entitled thereto, Promissory Notes under the signature of the Secretary to the Government of India in the following Form:

"The Governor General of India in Council "does hereby acknowledge to have received from "A. B. the sum of Company's Rupees ———— "as a Loan to the East India Company, and does "hereby promise for and on behalf of the said "Company to repay the said Loan, by paying the "said sum of Company's Rupees ———— ———— "to the said A. B., his Executors or Administrators, or his or their order, on demand at the General Treasury of Fort William, after the expiration of three months' notice of payment to be "given by the Governor General of India in Council in the Calcutta Gazette, and to pay the interest accruing on the said sum of Company's "Rupees ———— ———— ———— ———— "at the rate of 5 per cent per annum, by half-yearly payments at the General Treasury of "Fort William, to the said A. B., his Executors or "Administrators, until the expiration of three "months after such notice of payment as aforesaid, "when the amount of interest due will be payable "with the principal, and (such notice being considered as equivalent to a tender of payment at "the period appointed for the discharge of the "Note) all further interest shall cease."

"*Accountant General's Office,*
"*Registered as No.* *of* 1841-42."

7. The several Officers authorised to receive subscriptions will, on application from the Holders of Acknowledgments, transmit them (free of every expense whatever) to the Accountant General in Bengal, to be exchanged for Promissory Notes bearing interest from the 30th of June, or 31st December next ensuing after the date of subscription. The interest accruing on the broken period of the half year, that may intervene between the date of subscription and the 30th of June, or 31st December next ensuing, as the case may be, will be paid up at the time of granting the Acknowledgment.

8. Proprietors of Notes who may require the interest to be paid at the General Treasury of Fort St. George, shall be entitled to receive it accordingly, provided they previously notify their wish to the Accountant General at Fort William, and present the Notes to him to have an order for the payment of interest at the said Treasury, written on the face of them, under the signature of the said Officer or that of the Deputy Accountant General. And after such order shall, on the application of the Proprietor, be inscribed on any Note the interest shall be payable only from the said Treasury, unless the Proprietor shall present the Note with an application for the purpose of transferring the payment to Bengal, to the Accountant General at Fort St. George, who, on such application being so made, will cancel the said order by writing inscribed as aforesaid, under the signature of himself or his Deputy: a similar course will be followed, mutatis mutandis, in the case of Proprietors of Notes who may desire to have the interest thereof paid at the General Treasury of Bombay.

9. The Proprietors of Acknowledgments, who may desire to have the interest of the Promissory Notes to be issued on exchange thereof, to be made immediately payable at Madras or Bombay, must express their desire to that effect on the face of the Acknowledgments, before transmitting them to the Accountant General at Fort William, who will make the interest payable accordingly in the manner and subject to the conditions above stated.

10. The Promissory Notes of this Loan shall not be renewed or subdivided, except by the Accountant General at Fort William. But the Accountants General at Fort St. George and Bombay will, on application of the Proprietors of such Notes, and the payment of the established fees, transmit them to the Accountant General in Bengal for the purpose of being renewed, or subdivided free of all further expence. In other respects the practice and rules heretofore in use in regard to the renewal and subdivision of Promissory Notes will be adhered to.

11. The Notes of this Loan shall be advertised for discharge relatively to the 5 per cent. Loans of 1825, and 16th January 1830, in the order of their date, and the several Notes of this Loan shall be advertised for payment in the inverse order, in which they shall have been placed on the General Register, that is to say, the Notes last brought on the Register shall be first liable to be discharged. But all Notes advertised at the same time for payment shall become payable on demand, without regard to priority, at the expiration of the notice. Government shall also be at liberty to advertise other Notes for payment without waiting for the expiration of pending notices, and to discharge the Notes so subsequently advertised at the expiration of the notice relating to them, notwithstanding the Holders of Notes comprised in prior Advertisements may have omitted by themselves, or their Attornies duly authorised to apply for payment.

"Signed by the authority of the Governor General of India in Council,

"*Secretary to the Government.*"

"*Accountant General's Office,*
"*Registered as No.* of 1841-42."

7. The several Officers authorised to receive subscriptions will, on application from the Holders of Acknowledgments, transmit them (free of every expense whatever) to the Accountant General in Bengal, to be exchanged for Promissory Notes bearing interest from the 30th of June, or 31st December next ensuing after the date of subscription. The interest accruing on the broken period of the half year, that may intervene between the date of subscription and the 30th of June, or 31st December next ensuing, as the case may be, will be paid up at the time of granting the Acknowledgment.

8. Proprietors of Notes who may require the interest to be paid at the General Treasury of Fort St. George, shall be entitled to receive it accordingly, provided they previously notify their wish to the Accountant General at Fort William, and present the Notes to him to have an order for the payment of interest at the said Treasury, written on the face of them, under the signature of the said Officer or that of the Deputy Accountant General. And after such order shall, on the application of the Proprietor, be inscribed on any Note the interest shall be payable only from the said Treasury, unless the Proprietor shall present the Note with an application for the purpose of transferring the payment to Bengal, to the Accountant General at Fort St. George, who, on such application being so made, will cancel the said order by writing inscribed as aforesaid, under the signature of himself or his Deputy: a similar course will be followed, mutatis mutandis, in the case of Proprietors of Notes who may desire to have the interest thereof paid at the General Treasury of Bombay.

9. The Proprietors of Acknowledgments, who may desire to have the interest of the Promissory Notes to be issued on exchange thereof, to be made immediately payable at Madras or Bombay, must express their desire to that effect on the face of the Acknowledgments, before transmitting them to the Accountant General at Fort William, who will make the interest payable accordingly in the manner and subject to the conditions above stated.

10. The Promissory Notes of this Loan shall not be renewed or subdivided, except by the Accountant General at Fort William. But the Accountants General at Fort St. George and Bombay will, on application of the Proprietors of such Notes, and the payment of the established fees, transmit them to the Accountant General in Bengal for the purpose of being renewed, or subdivided free of all further expence. In other respects the practice and rules heretofore in use in regard to the renewal and subdivision of Promissory Notes will be adhered to.

11. The Notes of this Loan shall be advertised for discharge relatively to the 5 per cent. Loans of 1825, and 16th January 1830, in the order of their date, and the several Notes of this Loan shall be advertised for payment in the inverse order, in which they shall have been placed on the General Register, that is to say, the Notes last brought on the Register shall be first liable to be discharged. But all Notes advertised at the same time for payment shall become payable on demand, without regard to priority, at the expiration of the notice. Government shall also be at liberty to advertise other Notes for payment without waiting for the expiration of pending notices, and to discharge the Notes so subsequently advertised at the expiration of the notice relating to them, notwithstanding the Holders of Notes comprised in prior Advertisements may have omitted by themselves, or their Attornies duly authorised to apply for payment.

Zillah Dacca, Collectorate, the 10th October, 1846.

NOTICE.—Sealed Tenders will be received at the Agra Executive Commissariat Office, up to the 14th day of November next, 4 P. M., for the Supply of the undermentioned Articles of Commissariat Expenditure, for a period of one year and three years respectively, viz.

To commence 1st January, 1847.

For Supply of Hospitals,—

Tea, Green, per lb... .....
Pearl Barley, per lb. .....
Pearl Sago, per lb..... .....
Arrow Root, per lb. .....
Coffee, per lb..... ..... } In one Tender.

To commence 1st May, 1847.

For Supply to Hospitals,—

Port Wine, in quarts, per dozen.
Madeira, in quarts, per dozen.
Sherry, in quarts, per dozen....
Beer, in quarts, per dozen. ...
Beer, in pints, per dozen.....
Brandy, in quarts, per dozen.... } In one Tender.

These Articles are to be tendered free of expence and at the sole risk of the Contractors, to whom no assistance in the way of public carriage will be afforded.

None but good and wholesome Supplies, and such as are invariably tendered for the use of the European Sick will be received; if the Contractor's Supplies are in any instance found to differ from the above, by the Surgeons of Regiments, the Contractor will be called upon to substitute other articles of better quality. Should he dispute this arrangement, the decision of a Commissariat survey will be final, and agreeably to which the Contractor must abide, unless in case of reference to the Commissariat Officer by the Contractor; when should that functionary be of opinion that the Supplies are good and wholesome, it will rest with him to call for a Special Committee, whose decision will in every case be final.

Any Supplies rejected by the above means, must be substituted by others of better quality, and in case of failure it will rest with the Commissariat Officer to effect the Supply on the spot by purchase, any loss arising thereby to be at the risk of the Contractor, who on the other hand forfeits all claim to any profit that may arise thereby.

The Contractor will be required to keep up at least three months' Supply always on hand. And in case of failure will subject himself to fine to the extent of 100 Rupees (one hundred.) No advance will be given, but payment made every month for such Supplies as may have been supplied in the preceding one, on production of correct charges, such charges to be invariably tendered before the 8th of each month.

On acceptance of Tender by the Military Board, Security will be required either in Cash or Company's Paper to the extent of one-fourth of the past year's consumption if accepted for one year; and the same doubled if for three years. In the mean time with a view to parties tendering acting strictly up to the terms of their engagement a cash deposit of Rupees 250 with each Tender is required for Hospital Comforts and the same for Wines; such Tenders as are received without the deposit, and have not a printed or manuscript copy of this advertizement, and have not the envelopes superscribed "Tender," will not be attended to.

The cash deposit above called for shall be returned in case of non-acceptance of Tender to the persons from whom received, and in like manner to those whose Tenders may be accepted; the latter not however before they have entered into the usual engagements and furnished the amount of security, as in case of failure within a certain time, the deposit will be considered as having been fairly forfeited to the State.

Lastly. Parties tendering are requested to Tender at clear and specific rates, avoiding erasures and interlineations, (as such will cause any one Tender to be thrown out,) and to state their readiness to abide by the above conditions.

Tenders received up to Saturday the 14th day of November next, will be opened on Monday the 16th idem at noon in the Office, when the attendance either in person or by named proxy is requested.

9. The Contractor shall have, at all times, (excepting when his Contract may have less time to run, and when he must keep up a proportionate stock) a supply in hand of the articles contracted for, equal to the probable consumption during three months, liable to inspection by the Commissariat Officer or by his authorized Agent, under penalty at the Executive Officer's discretion of a fine equal to one-tenth of the Contract price of the deficient articles.

10. All Contingent expenses to be defrayed by the Contractor, whose claim for the bonâ fide price of the articles supplied, will be paid on the production of correct Bills, supported by receipted Indents.

11. Should there remain in the Government Godowns at Cawnpore on the 1st of March 1847, any articles of the description now advertised, such articles shall be brought into expenditure prior to the reception of similar articles from the Contractor.

12. Separate Tenders for two or three years, the same being noted on the envelope, will be received; but acceptance will rest with the Military Board.

No. 2023.

Simla, Foreign Department, the 5th October, 1846.

The leave of absence granted to Lieutenant C. J. Robarts, 2d in Command of the 13th Regiment Irregular Cavalry, in General Orders of 25th April and 11th September respectively, is on account of private affairs.

W. EDWARDS,

Under Secy. to Govt. of India, with the Govr. Genl.

General Orders by the Right Hon'ble the Governor General of India.

Simla, 5th October, 1846.—The Right Hon'ble the Governor General is pleased to resolve, that the 2d Battalion of Infantry of the Bundelcund Legion, and the Service Battalion Bundelcund Police shall be broken up, and the Native Commissioned and Non-Commissioned Officers, Buglers and Privates distributed among the Native Infantry Regiments of the Line, in such proportions as the Right Hon'ble the Commander in Chief may direct.

2. The transfers to the Line from the Bundelcund Legion will be allowed the full benefit of their previous service in respect of Pension, when they become unfit for further duty, and their standing relatively with the corresponding grades of the Corps to which they may be assigned, will, in like manner, be regulated according to date of rank, or enlistment, as the case may be.

3. The transfers from the Service Battalion will enter Regiments of the Line as the Juniors of their respective grades, with the exception of those drafted from the Line, who will join their former Regiments in the positions each would have occupied had he remained with his own Corps.

4 All in excess to the prescribed Establishment of Regiments will be borne on the Rolls as supernumeraries, till absorbed by Casualties.

5. Any Native Commissioned, Non-Commissioned Officer, Bugler or Private, of the Bundelcund Legion, or Service Battalion, who may not wish to remain on the footing above mentioned, is to be discharged with a gratuity of three months' Pay and Full Batta.

6. On these arrangements being completed, the European Officers attached to the Infantry of the Bundelcund Legion, and Service Battalion, will be at the disposal of the Commander in Chief for duty with the Regiments to which they belong.

7. The Cavalry of the Bundelcund Legion will be brought on the Establishment as a Civil Corps, on precisely the same footing as the 5th Regiment of Irregular Cavalry. It will be employed on the duties now performed by the Ressallahs of Horse attached to the several Military Police Battalions, in the Saugor and Bundelcund Districts, and it will be styled, until further orders, the Bundelcund Irregular Cavalry.

8. The European Officers attached to the Cavalry of the Bundelcund Legion will retain their present situations in the Bundelcund Irregular Cavalry.

9. The Ressallahs of Horse attached to the Police Battalions will be paid up and discharged, on being relieved from their present duties by the Bundelcund Irregular Cavalry.

10. In addition to the Pay which may be due, a donation of six months full pay of the several grades will be given to the men of the Ressallahs discharged on this occasion, in testimony of the consideration with which their useful services are viewed by the Government of India.

GOVERNMENT TEA PLANTATIONS IN ASSAM.

In consequence of the operations of the Government Experimental Tea Culture in Assam being about to be brought to a close, as notified in the Government Gazette No 26, of the 1st April 1846, Tenders will be received at this Office for the purchase of the undermentioned Government Tea Barrees, together with Buildings, Manufacturing Implements, Tools, Stores, &c., attached thereto.

These Barrees have abundance of land fit for the growth of the Tea Plant in the vicinity, and admit of being greatly extended; they are situated within about 16 miles of the Sudder Station of the District, Dibroo Ghur, where there is a small temporary Bungalow belonging to the Concern. A good Road is now in progress through Muttuck, which will pass within a few hundred yards of the Dinjoy Barree, and this Road will be completed in the course of next cold season: the accompanying Sketch* will show the relative position of the Barrees.

To persons desirous of engaging in the Cultivation of Sugar Cane, in conjunction with that of the Tea Plant, these Barrees would be found particularly advantageous, as there is much fine fresh land in the vicinity of Dinjoy and Chubwa, well suited for the growth of the Cane, and which may be rented, to the extent required, from time to time, for cultivation: the present rent of such land, when actually taken up, being only 8 annas per poora.

With the Establishment at present attached to the Barrees, the purchaser would have to make his own arrangements; the Members, generally, are well acquainted with the process of the preparation of the Tea, in all its branches, and, if well superintended, would be equal to the duties of a greatly extended concern.

Should he dispute this arrangement, the decision of a Commis-

sariat survey will be final, and agreeably to which the Contractor must abide, unless in case of reference to the Commissariat Officer by the Contractor; when should that functionary be of opinion that the Supplies are good and wholesome, it will rest with him to call for a Special Committee, whose decision will in every case be final.

Any Supplies rejected by the above means, must be substituted by others of better quality, and in case of failure it will rest with the Commissariat Officer to effect the Supply on the spot by purchase, any loss arising thereby to be at the risk of the Contractor, who on the other hand forfeits all claim to any profit that may arise thereby.

The Contractor will be required to keep up at least three months' Supply always on hand. And in case of failure will subject himself to fine to the extent of 100 Rupees (one hundred.) No advance will be given, but payment made every month for such Supplies as may have been supplied in the preceding one, on production of correct charges, such charges to be invariably tendered before the 8th of each month.

On acceptance of Tender by the Military Board, Security will be required either in Cash or Company's Paper to the extent of one-fourth of the past year's consumption if accepted for one year; and the same doubled if for three years. In the mean time with a view to parties tendering acting strictly up to the terms of their engagement a cash deposit of Rupees 250 with each Tender is required for Hospital Comforts and the same for Wines; such Tenders as are received without the deposit, and have not a printed or manuscript copy of this advertizement, and have not the envelopes superscribed "Tender," will not be attended to.

The cash deposit above called for shall be returned in case of non-acceptance of Tender to the persons from whom received, and in like manner to those whose Tenders may be accepted; the latter not however before they have entered into the usual engagements and furnished the amount of security, as in case of failure within a certain time, the deposit will be considered as having been fairly forfeited to the State.

Lastly. Parties tendering are requested to Tender at clear and specific rates, avoiding erasures and interlineations, (as such will cause any one Tender to be thrown out,) and to state their readiness to abide by the above conditions.

Tenders received up to Saturday the 14th day of November next, will be opened on Monday the 16th idem at noon in the Office, when the attendance either in person or by named proxy is requested.

NOTICE.—Sealed Tenders will be received at the Agra Executive Commissariat Office, up to the 14th day of November next, 4 P. M., for the Supply of the undermentioned Articles of Commissariat Expenditure, for a period of one year and three years respectively, viz.

To commence 1st January, 1847.

For Supply of Hospitals,—

Tea, Green, per lb. ....
Pearl Barley, per lb. ....
Pearl Sago, per lb. ....
Arrow Root, per lb. ....
Coffee, per lb. .... } In one Tender.

To commence 1st May, 1847.

For Supply to Hospitals,—

Port Wine, in quarts, per dozen.
Madeira, in quarts, per dozen.
Sherry, in quarts, per dozen.
Beer, in quarts, per dozen.
Beer, in pints, per dozen.
Brandy, in quarts, per dozen. } In one Tender.

These Articles are to be tendered free of expence and at the sole risk of the Contractors, to whom no assistance in the way of public carriage will be afforded.

None but good and wholesome Supplies, and such as are invariably tendered for the use of the European Sick will be received; if the Contractor's Supplies are in any instance found to differ from the above, by the Surgeons of Regiments, the Contractor will be called upon to substitute other articles of better quality. Should he dispute this arrangement, the decision of a Commissariat survey will be final, and agreeably to which the Contractor must abide, unless in case of reference to the Commissariat Officer by the Con-

tractor; when should that functionary be of opinion that the Supplies are good and wholesome, it will rest with him to call for a Special Committee, whose decision will in every case be final.

Any Supplies rejected by the above means, must be substituted by others of better quality, and in case of failure it will rest with the Commissariat Officer to effect the Supply on the spot by purchase, any loss arising thereby to be at the risk of the Contractor, who on the other hand forfeits all claim to any profit that may arise thereby.

The Contractor will be required to keep up at least three months' Supply always on hand. And in case of failure will subject himself to fine to the extent of 100 Rupees (one hundred.) No advance will be given, but payment made every month for such Supplies as may have been supplied in the preceding one, on production of correct charges, such charges to be invariably tendered before the 8th of each month.

On acceptance of Tender by the Military Board, Security will be required either in Cash or Company's Paper to the extent of one-fourth of the past year's consumption if accepted for one year; and the same doubled if for three years. In the mean time with a view to parties tendering acting strictly up to the terms of their engagement a cash deposit of Rupees 250 with each Tender is required for Hospital Comforts and the same for Wines; such Tenders as are received without the deposit, and have not a printed or manuscript copy of this advertizement, and have not the envelopes superscribed "Tender," will not be attended to.

The cash deposit above called for shall be returned in case of non-acceptance of Tender to the persons from whom received, and in like manner to those whose Tenders may be accepted; the latter not however before they have entered into the usual engagements and furnished the amount of security, as in case of failure within a certain time, the deposit will be considered as having been fairly forfeited to the State.

Lastly. Parties tendering are requested to Tender at clear and specific rates, avoiding erasures and interlineations, (as such will cause any one Tender to be thrown out.) and to state their readiness to abide by the above conditions.

Tenders received up to Saturday the 14th day of November next, will be opened on Monday the 16th idem at noon in the Office, when the attendance either in person or by named proxy is requested.

9. The Contractor shall have, at all times, (excepting when his Contract may have less time to run, and when he must keep up a proportionate stock) a supply in hand of the articles contracted for, equal to the probable con-

sumption during three months, liable to inspection by the Commissariat Officer or by his authorized Agent, under penalty at the Executive Officer's discretion of a fine equal to one-tenth of the Contract price of the deficient articles.

10. All Contingent expenses to be defrayed by the Contractor, whose claim for the bonâ fide price of the articles supplied, will be paid on the production of correct Bills, supported by receipted Indents.

11. Should there remain in the Government Godowns at Cawnpore on the 1st of March 1847, any articles of the description now advertised, such articles shall be brought into expenditure prior to the reception of similar articles from the Contractor.

They will also draw at the rate of Twenty Rupees per mensem per hundred Horses for pots for soaking gram, and for one Puckallie at Twelve Rupees for every hundred and not less than ten Horses, and in proportion for a greater number.

GOVERNMENT TEA PLANTATIONS IN ASSAM.

In consequence of the operations of the Government Experimental Tea Culture in Assam being about to be brought to a close, as notified in the Government Gazette No. 26, of the 1st April 1846, Tenders will be received at this Office for the purchase of the undermentioned Government Tea Barrees, together with Buildings, Manufacturing Implements, Tools, Stores, &c., attached thereto.

These Barrees have abundance of land fit for the growth of the Tea Plant in the vicinity, and admit of being greatly extended; they are situated within about 16 miles of the Sudder Station of the District, Dibroo Ghur, where there is a small temporary Bungalow belonging to the Concern. A good Road is now in progress through Muttuck. which will pass within a few hundred yards of the Dinjoy Barree, and this Road will be completed in the course of next cold season: the accompanying Sketch* will show the relative position of the Barrees.

To persons desirous of engaging in the Cultivation of Sugar Cane, in conjunction with that of the Tea Plant, these Barrees would be found particularly advantageous, as there is much fine fresh land in the vicinity of Dinjoy and Chubwa, well suited for the growth of the Cane, and which may be rented, to the extent required, from time to time, for cultivation: the present rent of such land, when actually taken up, being only 8 annas per poora.

With the Establishment at present attached to the Barrees, the purchaser would have to make his own arrangements; the Members, generally, are well acquainted with the process of the preparation of the Tea, in all its branches, and, if well superintended, would be equal to the duties of a greatly extended concern.

GOVERNMENT TEA PLANTATIONS IN ASSAM.

In consequence of the operations of the Government Experimental Tea Culture in Assam being about to be brought to a close, as notified in the Government Gazette No. 26, of the 1st April 1846, Tenders will be received at this Office for the purchase of the undermentioned Government Tea Barrees, together with Buildings, Manufacturing Implements, Tools, Stores, &c., attached thereto.

These Barrees have abundance of land fit for the growth of the Tea Plant in the vicinity, and admit of being greatly extended; they are situated within about 16 miles of the Sudder Station of the District, Dibroo Ghur, where there is a small temporary Bungalow belonging to the Concern. A good Road is now in progress through Muttuck, which will pass within a few hundred yards of the Dinjoy Barree, and this Road will be completed in the course of next cold season: the accompanying Sketch* will show the relative position of the Barrees.

To persons desirous of engaging in the Cultivation of Sugar Cane, in conjunction with that of the Tea Plant, these Barrees would be found particularly advantageous, as there is much fine fresh land in the vicinity of Dinjoy and Chubwa, well suited for the growth of the Cane, and which may be rented, to the extent required, from time to time, for cultivation: the present rent of such land, when actually taken up, being only 8 annas per poora.

With the Establishment at present attached to the Barrees, the purchaser would have to make his own arrangements; the Members, generally, are well acquainted with the process of the preparation of the Tea, in all its branches, and, if well superintended, would be equal to the duties of a greatly extended concern.

MOOTAPILLY SHOAL—NOTICE TO MARINERS.

LIEUTENANT FELL of the Indian Navy, employed in Surveying part of the Coromandel Coast, has discovered an error in the position assigned in Hosburgh's Directory, 5th Edition, vol. 1st, page 599, to the shoalest part of the Mootapilly Bank, on which there is 2½ fathoms. This shoal patch is therein stated to be in Latitude 15° 25½° N. and only *five Miles* distant from the shore, whereas according to Lieut. Fell, it is *ten Miles* off the Coast, and in Latitude 15° 23.15 N. The difference so pointed out, may be of importance to Ships of considerable draught, approaching the position of the Shoal patch described.

No. 2196.

Foreign Department, Simla, the 24th Oct., 1846.

Notification.— The Right Hon'ble the Governor General has much satisfaction in publishing for general information, the following Correspondence, in order that the munificent conduct of the Raja of Oorcha may become generally known:

No 133 of 1846.

FROM AGENT TO THE GOVERNOR GENERAL, BUNDLEKUND,

To F CURRIE, Esq.

Secy. to Govt. of India, with the Govr. Genl.

Simla, dated 19th September, 1846.

SIR,—I have the honor to submit the translation of a Khurreeta to my address, dated the 17th instant, from the young Rajah of Oorcha in reply to one from me communicating our victories over the Seiks, and the arrangements subsequently made with that State. The Rajah has presented a Nuzzur of congratulation of Twenty-one Gold Mohurs; and the sum of Two Thousand Rupees, which he solicits permission to have distributed among the Widows and Orphans of those who have been killed in the War, in such manner as may appear to His Lordship most proper.

I have, &c.,

Translation of a Khurreeta from the Rajah of Oorcha, dated 12th Koor, 1903, *A. D. 17th September*, 1846.

Your letter of the 21st of April, intimating the victory over the Seiks and the pardon of their offences by the Governor General, and giving cover to a proclamation on the subject, and the engagements entered into with that State, gave me great satisfaction. Such success indicates the favour of Providence; and the magnanimity which could pardon such a wanton invasion must be applauded by all, and secure continued success to the British Government. For this, I most earnestly hope and pray.

It is usual to present a Nuzzurana to the Right Hon'ble the Governor General on occasions of such success, and I beg His Lordship's acceptance of the 21 Gold Mohurs which I now send; and permission to send at the same time the sum of Two Thousand Rupees for distribution among the Widows and Orphans of those who have been killed in this War, in such manner as may seem to His Lordship proper. My Wakeel will present these sums, and I shall feel grateful if they are accepted.

The 24th Oct. 1846.—The following Draft of a proposed Act was read in Council for the first time on the 24th of October 1846.

ACT No. —— OF 1846.

Concerning the binding of Apprentices.

Whereas it is expedient to facilitate the setting-out and instruction of the children of persons, inhabitants in the Territories under the Government of the East India Company, following European manners and usages, particularly orphans and destitute children brought up by public Charities, in Arts, Trades, Crafts and employments, by which when they come to mature age they may be enabled to gain a livelihood; and whereas it is considered proper for this end to promote the system of Apprenticeship, which has partially obtained hitherto, by legal provisions calculated to render the contract between Master and Apprentice effectual for the reciprocal benefit of the parties.

I. It is hereby enacted, that it shall be lawful for any person, inhabiting in any part of the Territories under the Government of the East India Company to take, retain, or become an Apprentice.

II. Provided that no person shall be bound as an Apprentice except by his Parent or Guardian, and it is hereby declared that an orphan or destitute person brought up by any public charity may be bound by the Governors, Directors or Managers thereof as his Guardians for this purpose.

III. And provided that no person shall be bound as an Apprentice, who is under the age of 10 years, and that no person above the age of 13 years, shall be so bound without his own consent; and that no person shall be so bound for a term to extend beyond the time at which he will attain the age of 21 years.

IV. And provided that no person shall be bound to serve as an Apprentice out of the Territories under the Government of the East India Company, except on board a Ship or Vessel.

V. And it is hereby enacted, that when any person shall be bound as an Apprentice to any Officer of Government as such, for employment in the public service, in the event of the resignation or removal of such Officer, the Apprentice shall be considered as bound in the same manner to his successor.

VI. And it is hereby enacted, that any boy being of the age of 13 years, may be bound as an Apprentice in the Sea Service to any of Her Majesty's subjects being the Owner or Owners of any registered Ship or Vessel, belonging to and trading from any Port in the said Territories declared to be a Registering Port under Act X. of 1841, to be employed in any such Ship or Vessel the property of such person, and while so employed to be instructed in the craft and duties of a Seaman, provided that the Master of such Ship or Vessel shall be a British Subject, or for Sea Service in any Ship or Vessel of the East India Company belonging to any such Port, commanded by a British subject, in which case the contract shall be made with the Master Attendant at such Port or any Officer appointed to represent the East India Company in this behalf, who shall appoint the Ship or Vessel in which such Apprentice is to serve from time to time.

VII. And it is hereby enacted, that the Master or Commander of any Ship or Vessel in which an Apprentice bound under the last Section shall be appointed to serve by the party to whom he is bound, shall be deemed the Agent of such party for the purposes of this Act.

VIII. And it is hereby enacted, that every contract of Apprenticeship shall be reduced to writing, which writing shall set forth distinctly the conditions agreed upon, particularly specifying the age of the Apprentice and the term for which he is bound, what he is to be taught, where and how he is to be employed, and whether under the immediate superintendence and direction of the Master or of an Agent for him, and what provision is to be made for his maintenance, lodging and clothing, especially whether he is to be lodged and boarded in the house, and as a member of the family of the Master, or of his Agent, or otherwise; or if the Apprentice shall be bound to serve in a Sea-going Vessel, or in a Vessel employed in river navigation, where his berth is to be on board, and how and with whom he is to mess, and what provisions, clothing and bedding are to be supplied to him, and how he is to be provided for when he is not on board.

IX. And it is hereby enacted, that every such contract shall be in duplicate, and that each copy shall be signed by the person to whom the Apprentice is bound, and by the person or persons by whom he is bound, and by the Apprentice himself when he is above the age of 13 years; provided that when the Apprentice is bound by the Governors, Directors or Managers of a Public Charity, the signature of two of them, or of their Secretary or Officer on their behalf, shall be sufficient.

X. And it is hereby enacted, that no such contract shall be valid unless it be executed in the manner aforesaid, nor until it has been registered in the Office of the Chief Magistrate of the Place or District where it has been executed, or if the Apprentice shall be bound to the Sea Service in the office of the person appointed under Act X. of 1841, to make Registry of Ships and Vessels at the Port where the Apprentice is to enter on the said Service.

XI. And it is hereby enacted, that when the Apprentice is bound to serve at some other place than that where the contract has been executed, out of the jurisdiction of the Magistrate in whose office it has been registered, the Master within one month after the arrival of the Apprentice at such place, by himself or by his Agent, under whom the Apprentice is to be employed according to the contract, shall apply to the Chief Magistrate of the District to Register the Contract in his office.

XII. And it is hereby enacted, that if the Master shall fail to register the contract within one month as directed in the last Section, he shall not be entitled to apply to a Magistrate to take cognizance of any cause of complaint he may have against the Apprentice in the manner hereinafter provided, but it shall nevertheless be competent to any Magistrate to take cognizance of complaints against the Master on application made to him on behalf of the Apprentice.

XIII. And it is hereby enacted, that when by the contract of Apprenticeship the Apprentice is bound to service at a certain place, or in a certain District, or in a certain trade or business, and the Master desires to remove him to some other place or District, or to employ him in some other trade or business, or in any other way than as stipulated in the contract, he shall be at liberty to

do so with the consent of the person or persons by whom the Apprentice was bound, and with the consent of the Apprentice himself if he is above the age of 18 years, provided that the alterations agreed to shall be expressed in writing on each copy of the contract with the signature of the proper parties according to Section VIII of this Act; and shall be registered in the office of the Chief Magistrate of the place or District where the Apprentice shall have been employed.

XIV. And it is hereby enacted, that when an Apprentice shall be removed under the last Section, the provision of Section XI. and Section XII. shall be applicable.

XV. And it is hereby enacted, that in the case of a Sea Apprentice, when the contract of Apprenticeship is registered, as above directed, the name and description of the Vessel in which such Apprentice is to serve, and the name and description of the Master or Commander thereof as a British subject, shall be certified on each copy of the contract with the signature of the Master of the Apprentice, and shall be entered in the book of Registry: and that if the Apprentice shall be transferred to any other Vessel the transfer shall be noted and registered in like manner.

XVI. And it is hereby enacted, that a contract of Apprenticeship may be determined at any time before the expiration of the term specified in it by the consent of all the parties, provided that such consent shall be certified in writing on each copy of the contract with the signature of all the parties, according to Section IX. of this Act, and shall be registered in the office where the contract was first registered, or in that of the Chief Magistrate of the place or District where the Apprentice shall have been last employed.

XVII. And it is hereby enacted, that the Master of any Apprentice bound under this Act may with the consent of the persons by whom he was bound and with the consent of the Apprentice himself and not otherwise, assign such Apprentice to any other person, who is willing to take him for the residue of the term mentioned in the contract of Apprenticeship, and subject to the conditions thereof, provided that such person shall by endorsement under his own hand on each copy of the contract declare his acceptance of such Apprentice, and acknowledge himself bound by the agreements and covenants therein mentioned to be performed on the part of the Master, and that the consent of the other parties aforesaid shall be expressed in writing on the same and signed by them respectively. And that such assignment shall be registered in the office where the contract was first registered, or in that of the Chief Magistrate of the District where the Apprentice shall have been last employed.

XVIII. And it is hereby enacted, that upon complaint made to any Magistrate in the said Territories by or on behalf of any Apprentice bound under this Act, of misusage, or of refusal or neglect to provide for him, or to give him instruction according to the contract of Apprenticeship, or of cruelty, or other ill-treatment by his Master, or by the Agent under whom he shall have been placed by his Master, if it shall appear to the Magistrate that there is cause for the complaint, it shall be lawful for him to summon the Master, or his Agent, as the case may be, if he shall be within his jurisdiction, to appear before him at a reasonable time, to be stated in the Summons, to answer the complaint, and at such time, whether the Master or his Agent be present or not (service of the Summons being proved) to examine into the matter of the complaint, and upon proof thereof to impose upon the offender, whether he shall be the Master or his Agent, a reasonable fine not exceeding 200 Rupees; and if the offender shall not pay the fine to levy the same by distress and sale of his Goods and Chattels, and in case the offender shall not be the Master but his Agent, by distress and sale of the Goods and Chattels of the Master also. And if there shall not be found sufficient Goods and Chattels whereon to levy the same, to commit the offender to prison until the fine shall be discharged, provided that he shall not be kept in prison for a period exceeding two months; and provided that if sentence shall have been passed after an exparte investigation the offender shall not be committed to prison until he has been brought before the Magistrate, and having been personally called upon to discharge the penalty has failed to do so.

XIX. And it is hereby enacted, that in a case in which a Magistrate shall have passed sentence upon the Master of an Apprentice or Agent under the last Section, it shall be lawful for him at his discretion to adjudge that the Apprentice shall be discharged, and if any premium shall have been paid on the binding of such Apprentice to make an order upon the Master to refund the whole or any part thereof, and in case the sum ordered to be refunded by such Master shall not be paid to the person or persons directed in any such order to receive the same, to levy the same by distress upon the Goods and Chattels of such Master with the costs and charges of such distress; and if there shall not be found sufficient Goods and Chattels whereon to levy the same, to commit such Master to prison for any term not exceeding two months, unless the sum ordered to be refunded with all costs shall be sooner paid and satisfied.

XX. Provided that when the Master of an Apprentice shall have been committed to prison in default of payment of a fine imposed under Section XVIII. of this Act, the imprisonment to which he may be subjected under the last Section in default of payment of the sum ordered to be refunded, shall not extend beyond the time which in addition to the term ordered under Section XVIII. shall make up the period of three months.

XXI. And it is hereby enacted, that when a Magistrate shall order the discharge of an Apprentice under Section XIX. of this Act, any sum that may be levied under Section XVIII., together with the whole or a part of any sum that may be levied under Section XIX., shall be applied at the discretion of the Magistrate for the purpose of binding or placing out the discharged Apprentice with a new Master, or otherwise for his use and benefit.

XXII. And it is hereby enacted, that upon complaint made by any Master of an Apprentice bound to him under this Act or by his Agent, against such Apprentice, to any Magistrate of any place or District in the said Territories where such Apprentice shall be employed, or in the case of a Sea Apprentice where he shall be in the course of his employment, of any misdemeanor, misconduct or ill behaviour of such Apprentice, or if such Apprentice shall have absconded, upon complaint made thereof by the Master or his Agent, to any Magistrate of the place or District where such Apprentice shall be found, or where he shall have been employed, it shall be lawful for any such Magistrate in the latter case to issue his Warrant for apprehending such Apprentice, and in either case

to hear and determine the complaint and to punish the offender by committing him to a house of correction or to prison, there to be held to hard labour for a reasonable time not exceeding three months, or if the offender be a boy of such tender years as to make punishment in the way of School discipline more suitable, by inflicting on him corporal chastisement not exceeding ten stripes with a light ratan, provided that it shall be lawful for the Magistrate instead of committing such offender to a house of correction or to prison to be held to hard labor as aforesaid to pass an order for his being kept in solitary confinement in any suitable place in or out of prison for a period not exceeding three weeks; or if the Magistrate deem any such punishment unfitting, to pass an order to the Master of the Apprentice or his Agent to keep the offender in close confinement in his own house or on board the Vessel to which he may belong, upon a reduced diet for a period not exceeding one month, and at his discretion to direct that at the expiration of the stated period the Apprentice shall be again brought up before him that he may satisfy himself that he has been properly dealt with.

XXIII. And it is hereby enacted, that it shall be lawful for the Magistrate on proof of wilful and continual misconduct on the part of the Apprentice, whereby it shall appear that he is incorrigible, and on the demand of the Master, to adjudge that the contract of Apprenticeship shall be determined. Provided that it shall be at the discretion of the Magistrate on a consideration of the circumstances to order the refund of a part of any premium that may have been paid to the Master on binding such Apprentice, to the person or persons by whom it was paid on behalf of such Apprentice.

XXIV. Provided always, that no Magistrate shall entertain a complaint on the part of a Master against an Apprentice under this Act, unless it be preferred within one month after the cause of complaint shall have arisen, or if the cause of complaint shall have arisen on board a Ship or Vessel on a voyage within one month after the arrival thereof at a port or place in the said Territories. And that no Magistrate shall entertain a complaint on the part of an Apprentice against his Master or the Agent of his Master under this Act, unless it be preferred within three months after the cause of complaint shall have arisen, or if the cause of complaint shall have arisen on board a Ship or Vessel on a voyage within three months after the arrival thereof at a port or place in the said Territories.

XXV. And it is hereby enacted, that if the Master of any Apprentice shall die before the expiration of the term for which such Apprentice shall have been bound, the contract of Apprenticeship shall be considered as determined; provided that if any premium shall have been paid to such Master on the binding of the Apprentice to him, a proportionate part thereof shall be returned by the Executors or Administrators out of the Estate of the deceased to the person or persons who shall have paid the same, to be employed by such person or persons towards the binding out such Apprentice to a new Master, unless the Executor or Administrator of the deceased Master or some Member of his family living with him at the time of his death shall continue the business in which such Apprentice shall have been employed, and shall within three months from the decease of the late Master make offer in writing to retain the Apprentice on the terms of the original contract, in which case the Estate of the deceased shall be discharged from all liability on account of such premium.

XXVI. And it is hereby enacted, that if such offer to retain the Apprentice shall be made as aforesaid and shall be consented to by such Apprentice, and the person or persons by whom he shall have been bound, the same shall be fully expressed and certified on each copy of the original contract of Apprenticeship with the signature of the parties respectively; and such certificate shall be registered in the office of the Chief Magistrate of the place or District where such Apprentice shall have been employed, or in the case of a Sea Apprentice in the office in which the original contract shall have been registered, and the Apprentice shall be considered as bound to the person or persons so retaining him for the remaining part of the term specified in the said contract.

XXVII. Provided always, that if the Master of any Apprentice bound under this Act shall die during the term of Apprenticeship, such Apprentice shall be entitled to maintenance for three months from and after the decease of his Master, out of the assets left by him; provided that during such three months such Apprentice shall continue to live with and serve as an Apprentice the Executor or Administrator of such Master, or such person as he shall appoint.

XXVIII. And it is hereby enacted, that when a Commission of Bankruptcy shall be issued against any person to whom an Apprentice shall have been bound under this Act, or when such person shall be adjudged to have committed an Act of Insolvency, such Apprentice shall be discharged from all obligation under the contract of Apprenticeship, provided that if any premium shall have been paid on binding him as an Apprentice the person or persons by whom he shall have been bound shall be entitled to claim a proportionate part thereof as a debt against the Estate of the Bankrupt or Insolvent.

XXIX. And it is hereby enacted, that when application shall be made to a Magistrate or other Registering Officer for the registration of an original contract of Apprenticeship under Section X. of this Act or of a certificate of the consent of parties to the removal of an Apprentice from the place at which he was originally bound to serve, or to any other alteration of the contract under Section XIV., or of a certificate of the transfer of a Sea Apprentice from one Vessel to another under Section XV., or of a certificate of the consent of parties to the determination of a contract of Apprenticeship under Section XVI., or to the assignment of an Apprentice under Section XVII., or to the retaining of an Apprentice after the death of the Master to whom he was bound, by the Executor or Administrator or a Member of the family of the deceased under Section XXV. without which registration such Acts respectively shall not be valid, it shall be at the discretion of the Magistrate or Officer to call for the attendance of the parties before him to attest the contract or certificate, provided that on every such occasion the Magistrate or Officer shall require the Apprentice to be brought before him whether the other parties shall be required to attend in person or not, and provided that whenever any such registration shall be made, a certificate of the registration shall be made on each copy of the contract, and signed by the Magistrate or other Registering Officer.

XXX. And it is hereby enacted, that for the purposes of this Act all British subjects, as well as other persons in the Territories under the Go-

THE Government of Bengal have been pleased to modify the Rules relative to Vessels navigating the River Hooghly in manner following:—

1st. All Vessels under 300 Tons and not drawing more than 15 feet, trading within the Bay of Bengal, (considered as bounded by a line drawn from Cape Comorin by Point De Galle and Acheen Head to the Southern Point of Prince of Wales's Island) are permitted to navigate the River Hooghly without a Pilot on payment of double Light and Buoy duties, provided the Commanders can show, to the satisfaction of the Master Attendant, that they possess a knowledge of the river equal to that which is required of Commanders of Steam Tugs permitted to act as Pilots under a license.

2d. Vessels of more than the above specified tonnage and draught from whatever part of the world they may come, are not required to wait for a Pilot at the Sand Heads, but only to make the usual signal, to keep it flying as long as they are without one, and to take a Pilot when one offers.

3d. Vessels ready for sea are permitted to proceed without a Pilot, provided one does not come on board within 24 hours of the time at which the Port clearance was produced at the Master Attendant's Office. With respect to vessels trading beyond the Bay, and of more than 300 Tons and drawing more than 15 feet water, the modification of the Regulations above described, is not to come into operation until the 1st of May 1847.

GOVERNMENT TEA PLANTATIONS IN ASSAM.

In consequence of the operations of the Government Experimental Tea Culture in Assam being about to be brought to a close, as notified in the Government Gazette No 26, of the 1st April 1846, Tenders will be received at this Office for the purchase of the undermentioned Government Tea Barrees, together with Buildings, Manufacturing Implements, Tools, Stores, &c., attached thereto.

These Barrees have abundance of land fit for the growth of the Tea Plant in the vicinity, and admit of being greatly extended; they are situated within about 16 miles of the Sudder Station of the District, Dibroo Ghur, where there is a small temporary Bungalow belonging to the Concern. A good Road is now in progress through Muttuck, which will pass within a few hundred yards of the Dinjoy Barree, and this Road will be completed in the course of next cold season: the accompanying Sketch* will show the relative position of the Barrees.

To persons desirous of engaging in the Cultivation of Sugar Cane, in conjunction with that of the Tea Plant, these Barrees would be found particularly advantageous, as there is much fine fresh land in the vicinity of Dinjoy and Chubwa, well suited for the growth of the Cane, and which may be rented, to the extent required, from time to time, for cultivation: the present rent of such land, when actually taken up, being only 8 annas per poora.

With the Establishment at present attached to the Barrees, the purchaser would have to make his own arrangements; the Members, generally, are well acquainted with the process of the preparation of the Tea, in all its branches, and, if well superintended, would be equal to the duties of a greatly extended concern.

WEDNESDAY, NOVEMBER 4, 1846.

Fort William, Home Department, Legislative,

The 31st October 1846.—The following Draft of a proposed Act was read in Council for the first time on the 31st of October 1846.

ACT No. —— OF 1846.

An Act for constituting Commissioners for the improvement of the Town of Calcutta partly by appointment of the Government and partly by election of the Rate-payers.

Whereas by the 158th Section of the 52d Chapter of the Statute 33, George III., certain powers and duties in regard to the collection and disbursement of the Assessment thereby authorized to be made by the Justices of the Peace within or for the Presidency of Fort William, were conferred and imposed upon the said Justices. Provided always and it is hereby enacted, that it shall be lawful for any one of the said Commissioners to issue a warrant of Distress for the recovery of any arrears of any rates or taxes accruing under the said 158th Section of the said Statute or under this Act.

IV. And it is hereby enacted, that the time and place and manner of the elections of the said elective Commissioners in each of the said Divisions shall be according to such scheme as shall be agreed upon by a general meeting of the Rate-payers of the said Town, consisting of not less than one hundred of the said Rate-payers, and presented on behalf of such meeting to the Governor of Bengal and approved by him. But so as such elections shall take place annually.

Provided always and it is hereby enacted, that if no such general meeting of the Rate-payers of the said Town shall be held within three months from the passing of this Act, or if no such scheme shall be presented on behalf of such meeting to the Governor of Bengal within three months after such meeting shall have been held, it shall then be lawful for the said Governor of Bengal to prepare a scheme according to which the time, place and manner of the said elections shall take place.

Provided also and it is hereby enacted, that in either case the scheme shall be laid by the Governor of Bengal before the Governor General in Council for his approbation, and shall not be in force until such approbation shall have been signified in writing.

VI. And it is enacted, that the said taxes according to the rates mentioned in the said Schedule shall be levied quarterly. Provided always that no person who has not been the Owner or User of a Carriage or Horse within the said Town during thirty days in any one quarter of a year shall be liable to any tax in respect of any Carriage or Horse; and that no person who has not been the Owner or User of a Carriage or Horse within the said limits for an entire quarter shall be liable for more than a rateable portion of any of the said taxes according to the time during which such person has been the Owner or User of any Carriage or Horse within the said Town. Provided also, that no such tax shall be levied in respect of any Horse, Carriage or Cart in the employment of Government.

VII. And it is hereby enacted, that the assessments and rates made under the authority of the Statute 33 George III. C. 52, Section 158, and of Section II. of this Act, shall be of such amount as together with the amount of the taxes to be levied by the Commissioners under Section V. of this Act, and together with such other funds as may be placed at the disposal of the said Commissioners by the Government of Bengal, shall appear to the said Commissioners expedient for completely effecting the purposes specified in this Act, any thing in the said 158th Section of the said Statute notwithstanding. Provided always, that no rate shall be made exceeding five per cent. on the assessed value of property without the sanction of the Governor of Bengal.

VIII. And it is hereby enacted, that for the assessment and collection of the rates and taxes to be levied by the said Commissioners it shall be lawful for the said Commissioners to appoint such Assessor or Assessors, Collector or Collectors to make such union of the offices of Assessor and Collector, and to prescribe such rules and take such securities for the due execution of the duties of such Assessors and Collectors as the said Commissioners shall deem expedient, and such Assessors and Collectors shall receive such salaries as the Government of Bengal may see fit to sanction.

IX. And it is hereby enacted, that it shall not be necessary in any assessment rate or warrant of distress under the said Statute, and this Act to specify the names of the owners or occupiers of Houses, Buildings and Grounds; but it shall be sufficient if every property rated be identified, and in the case of Houses numbered in any street, that the name of the street and number of the House rated be particularly specified.

XI. And it is hereby enacted, that when there is ground to suspect that Goods and Chattles liable to distress under the said Statute, and this Act, are concealed in any Zenana, the Officer charged with the execution of the warrant shall make a special report to the Commissioner granting the same, who shall thereupon follow as closely as is practicable, the rules for the seizure of Goods and Chattles in like cases adopted by Her Majesty's Supreme Court.

XII. And it is hereby enacted, that it shall be lawful for the said Commissioners, and they are hereby required to make rules and as occasion may require to add to, revoke or alter the same, for the regulation of the time and manner of assessing and levying the said taxes, and for compelling persons to give any information which may be necessary for that purpose, and for imposing penalties upon persons not performing any duty cast upon them by the said rules for the said purpose, and upon persons obstructing any persons acting under the said Commissioners in that behalf so as that such penalty shall not in any case exceed 100 Rupees.

XIII. And it is hereby enacted, that such rules shall be laid before the Governor of Bengal

and approved by him, and shall then be laid by the said Governor of Bengal before the Governor General in Council, and when approved by him shall have the force of law. Provided always, and it is hereby enacted, that the said taxes shall not be leviable until such rules have been so made and approved.

XIV. And it is hereby enacted, that it shall be lawful for the said Commissioners to levy the arrears of the said taxes and any penalties which may be incurred under the said rules by the same process of distress as is hereinbefore provided for the levying of the aforesaid rates on Houses, Buildings and Grounds.

XV. And it is hereby enacted, that the whole proceeds of the said rates and taxes, after paying all Establishments and incidental expences shall, together with such monies as the Government of Bengal with the sanction of the Governor General in Council may direct to be paid over to the said Commissioners, be applied by them to the following purposes, viz.

2d. Vessels of more than the above specified tonnage and draught from whatever part of the world they may come, are not required to wait for a Pilot at the Sand Heads, but only to make the usual signal, to keep it flying as long as they are without one, and to take a Pilot when one offers.

An account of the weight of the Drug when packed at Behar and Benares, and a Statement of the average weight of Six Chests from each dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium.

The 24th Oct. 1846.—The following Draft of a proposed Act was read in Council for the first time on the 24th of October 1846.

ACT No. —— OF 1846.

Concerning the binding of Apprentices.

Whereas it is expedient to facilitate the setting-out and instruction of the children of persons, inhabitants in the Territories under the Government of the East India Company, following European manners and usages, particularly orphans and destitute children brought up by public Charities, in Arts, Trades, Crafts and employments, by which when they come to mature age they may be enabled to gain a livelihood; and whereas it is considered proper for this end to promote the system of Apprenticeship, which has partially obtained hitherto, by legal provisions calculated to render the contract between Master and Apprentice effectual for the reciprocal benefit of the parties.

I. It is hereby enacted, that it shall be lawful for any person, inhabiting in any part of the Territories under the Government of the East India Company to take, retain, or become an Apprentice.

II. Provided that no person shall be bound as an Apprentice except by his Parent or Guardian, and it is hereby declared that an orphan or destitute person brought up by any public charity may be bound by the Governors, Directors or Managers thereof as his Guardians for this purpose.

III. And provided that no person shall be bound as an Apprentice, who is under the age of 10 years, and that no person above the age of 13 years, shall be so bound without his own consent; and that no person shall be so bound for a term to extend beyond the time at which he will attain the age of 21 years.

IV. And provided that no person shall be bound to serve as an Apprentice out of the Territories under the Government of the East India Company, except on board a Ship or Vessel.

V. And it is hereby enacted, that when any person shall be bound as an Apprentice to any Officer of Government as such, for employment in the public service, in the event of the resignation or removal of such Officer, the Apprentice shall be considered as bound in the same manner to his successor.

VI. And it is hereby enacted, that any boy being of the age of 13 years, may be bound as an Apprentice in the Sea Service to any of Her Majesty's subjects being the Owner or Owners of any registered Ship or Vessel, belonging to and trading from any Port in the said Territories declared to be a Registering Port under Act X. of 1841, to be employed in any such Ship or Vessel the property of such person, and while so employed to be instructed in the craft and duties of a Seaman, provided that the Master of such Ship or Vessel shall be a British Subject, or for Sea Service in any Ship or Vessel of the East India Company belonging to any such Port, commanded by a British subject, in which case the contract shall be made with the Master Attendant at such Port or any Officer appointed to represent the East India Company in this behalf, who shall appoint the Ship or Vessel in which such Apprentice is to serve from time to time.

And if there shall not be found sufficient Goods and Chattels whereon to levy the same, to commit the offender to prison until the fine shall be discharged, provided that he shall not be kept in prison for a period exceeding two months; and provided that if sentence shall have been passed after an exparte investigation the offender shall not be committed to prison until he has been brought before the Magistrate, and having been personally called upon to discharge the penalty has failed to do so.

XIX. And it is hereby enacted, that in a case in which a Magistrate shall have passed sentence upon the Master of an Apprentice or Agent under the last Section, it shall be lawful for him at his discretion to adjudge that the Apprentice shall be discharged, and if any premium shall have been paid on the binding of such Apprentice to make an order upon the Master to refund the whole or any part thereof, and in case the sum ordered to be refunded by such Master shall not be paid to the person or persons directed in any such order to receive the same, to levy the same by distress upon the Goods and Chattels of such Master with the costs and charges of such distress; and if there

XXI. And it is hereby enacted, that when a Magistrate shall order the discharge of an Apprentice under Section XIX. of this Act, any sum that may be levied under Section XVIII., together with the whole or a part of any sum that may be levied under Section XIX., shall be applied at the discretion of the Magistrate for the purpose of binding or placing out the discharged Apprentice with a new Master, or otherwise for his use and benefit.

XXII. And it is hereby enacted, that upon complaint made by any Master of an Apprentice bound to him under this Act or by his Agent, against such Apprentice, to any Magistrate of any place or District in the said Territories where such Apprentice shall be employed, or in the case of a Sea Apprentice where he shall be in the course of his employment, of any misdemeanor, misconduct or ill behaviour of such Apprentice, or if such Apprentice shall have absconded, upon complaint made thereof by the Master or his Agent, to any Magistrate of the place or District where such Apprentice shall be found, or where he shall have been employed, it shall be lawful for any such Magistrate in the latter case to issue his Warrant for apprehending such Apprentice, and in either case to hear and determine the complaint and to punish the offender by committing him to a house of correction or to prison, there to be held to hard labour for a reasonable time not exceeding three months, or if the offender be a boy of such tender years as to make punishment in the way of School discipline more suitable, by inflicting on him corporal chastisement not exceeding ten stripes with a light ratan, provided that it shall be lawful for the Magistrate instead of committing such offender to a house of correction or to prison to be held to hard labor as aforesaid to pass an order for his being kept in solitary confinement in any suitable place in or out of prison for a period not exceeding three weeks; or if the Magistrate deem any such punishment unfitting, to pass an order to the Master of the Apprentice or his Agent to keep the offender in close confinement in his own house or on board the Vessel to which he may belong, upon a reduced diet for a period not exceeding one month, and at his discretion to direct that at the expiration of the stated period the Apprentice shall be again brought up before him that he may satisfy himself that he has been properly dealt with.

XXIII. And it is hereby enacted, that it shall be lawful for the Magistrate on proof of wilful and continual misconduct on the part of the Apprentice, whereby it shall appear that he is incorrigible, and on the demand of the Master, to adjudge that the contract of Apprenticeship shall be determined. Provided that it shall be at the discretion of the Magistrate on a consideration of the circumstances to order the refund of a part of any premium that may have been paid to the Master on binding such Apprentice, to the person or persons by whom it was paid on behalf of such Apprentice.

XXIV. Provided always, that no Magistrate shall entertain a complaint on the part of a Master against an Apprentice under this Act, unless it be preferred within one month after the cause of complaint shall have arisen, or if the cause of complaint shall have arisen on board a Ship or Vessel on a voyage within one month after the arrival thereof at a port or place in the said Territories. And that no Magistrate shall entertain a complaint on the part of an Apprentice against his Master or the Agent of his Master under this Act, unless it be preferred within three months after the cause of complaint shall have arisen, or if the cause of complaint shall have arisen on board a Ship or Vessel on a voyage within three months after the arrival thereof at a port or place in the said Territories.

XXV. And it is hereby enacted, that if the Master of any Apprentice shall die before the expiration of the term for which such Apprentice shall have been bound, the contract of Apprenticeship shall be considered as determined; provided that if any premium shall have been paid to such Master on the binding of the Apprentice to him, a proportionate part thereof shall be returned by the Executors or Administrators out of the Estate of the deceased to the person or persons who shall have paid the same, to be employed by such person or persons towards the binding out such Apprentice to a new Master, unless the Executor or Administrator of the deceased Master or some Member of his family living with him at the time of his death shall continue the business in which such Apprentice shall have been employed, and shall within three months from the decease of the late Master make offer in writing to retain the Apprentice on the terms of the original contract, in which case the Estate of the deceased shall be discharged from all liability on account of such premium.

XXVI. And it is hereby enacted, that if such offer to retain the Apprentice shall be made as aforesaid and shall be consented to by such Apprentice, and the person or persons by whom he shall have been bound, the same shall be fully expressed and certified on each copy of the original contract of Apprenticeship with the signature of the parties respectively; and such certificate shall be registered in the office of the Chief Magistrate of the place or District where such Apprentice shall have been employed, or in the case of a Sea Apprentice in the office in which the original contract shall have been registered, and the Apprentice shall be considered as bound to the person or persons so retaining him for the remaining part of the term specified in the said contract.

XXVII. Provided always, that if the Master of any Apprentice bound under this Act shall die during the term of Apprenticeship, such Apprentice shall be entitled to maintenance for three months from and after the decease of his Master, out of the assets left by him; provided that during such three months such Apprentice shall continue to live with and serve as an Apprentice the Executor or Administrator of such Master, or such person as he shall appoint.

XXVIII. And it is hereby enacted, that when a Commission of Bankruptcy shall be issued against any person to whom an Apprentice shall have been bound under this Act, or when such person shall be adjudged to have committed an Act of Insolvency, such Apprentice shall be discharged from all obligation under the contract of Apprenticeship, provided that if any premium shall have been paid on binding him as an Apprentice the person or persons by whom he shall have been

bound shall be entitled to claim a proportionate part thereof as a debt against the Estate of the Bankrupt or Insolvent.

XXIX. And it is hereby enacted, that when application shall be made to a Magistrate or other Registering Officer for the registration of an original contract of Apprenticeship under Section X. of this Act or of a certificate of the consent of parties to the removal of an Apprentice from the place at which he was originally bound to serve, or to any other alteration of the contract under Section XIV., or of a certificate of the transfer of a Sea Apprentice from one Vessel to another under Section XV., or of a certificate of the consent of parties to the determination of a contract of Apprenticeship under Section XVI., or to the assignment of an Apprentice under Section XVII., or to the retaining of an Apprentice after the death of the Master to whom he was bound, by the Executor or Administrator or a Member of the family of the deceased under Section XXV. without which registration such Acts respectively shall not be valid, it shall be at the discretion of the Magistrate or Officer to call for the attendance of the parties before him to attest the contract or certificate, provided that on every such occasion the Magistrate or Officer shall require the Apprentice to be brought before him whether the other parties shall be required to attend in person or not, and provided that whenever any such registration shall be made, a certificate of the registration shall be made on each copy of the contract, and signed by the Magistrate or other Registering Officer.

SECOND SUPPLEMENT TO

The Calcutta Gazette.

Published by Authority.

SATURDAY, NOVEMBER 7, 1846.

Fort William, Home Department, Legislative,

The 7th November 1846.—The following Draft of a proposed Act was read in Council for the first time on the 7th of November 1846.

ACT No. —— OF 1846.

An Act for the Survey and Assessment of Lands in the Town of Calcutta, within the local limits of the jurisdiction of Her Majesty's Supreme Court of Judicature.

I. Whereas by reason of the defect of compulsory provision for the registration of mutations of Landed Property and from other causes, the Lands liable to the payment of ground rent in the Town of Calcutta, within the local limits of the jurisdiction of Her Majesty's Supreme Court of Judicature, cannot in many instances be identified, and the proprietors thereof cannot be ascertained so that the dues of Government from the said lands cannot be realized with certainty and regularity, and it has become necessary to form a more correct assessment, and a new registry of such lands, and to make provision for the compulsory registration of all mutations of property therein:

It is therefore hereby enacted, that whenever an Officer shall be appointed by the Governor of Bengal to survey and assess the Lands, situate within the said local limits of the jurisdiction of Her Majesty's Supreme Court, such Officer shall, by public notification, require all persons, owning or occupying lands and tenements within the said local limits, to appear before him in person or by duly constituted Attorney within a reasonable time, not being less than one month from the date of the notification at whatever place within the said limits his office may be held, with all Potttahs, Ground-rent Bills, Bills of Sale, and other writings, in virtue of which they may own, or occupy such lands, and to attend him from day to day during his enquiries.

II. And it is hereby enacted, that the said Officer shall for the purposes of this Act have full power and authority at all seasonable hours in the day time to enter or to direct his subordinate Officers to enter into and upon any land or tenement within the said local limits, and in and upon the land on which any house, building or other erection is built or building, or intended to be built, and into and upon any buildings or any part thereof without being liable to any action at law or suit in Equity, or any other legal proceedings or molestatiou whatsoever for or on account of such entry, or of any thing done or to be done in any part thereof in pursuance of this Act. Provided, that such Officer or Subordinate Officers shall not enter upon any lands or tenements which may be occupied at the time, unless with the consent of the occupier thereof, without previously giving the said occupier reasonable notice of his or their intention to do so.

III. And it is hereby enacted, that if any person at any time shall obstruct or molest the said Officer or any of his Subordinate Officers in the performance and execution of his or their duty, or any thing which they are required to do by or by virtue or in consequence of this Act, every such person so offending shall on conviction before a Magistrate for the Town of Calcutta forfeit and pay for every such offence any sum not exceeding 200 Rupees.

IV. And whereas such notification as is directed by Section I. of this Act may not in all cases be effectual, it is therefore hereby enacted, that it shall be lawful for the Surveying Officer to cause any person owning or occupying lands or tenements within the said local limits, to be served with a special notice under his official seal and signature, stating the purpose for which the attendance of such person is required, and any document which such person is to bring with him and the period within which such person is to attend, and if such person cannot be found the notice shall be affixed to his usual place of residence.

V. And it is hereby enacted, that if any person shall wilfully omit to obey any lawful summons to attend before the Surveying Officer personally, or by duly constituted Attorney, or to produce any document which he is required by the said Officer to produce, or to answer any lawful question put by the said Officer, it shall be competent to the said Officer to impose upon such person a daily fine, not exceeding Ten Rupees, so long as he may be recusant, such fine, if not paid to be recoverable summarily by distraint and sale of the defaulter's personal property.

VI. And it is hereby enacted, that it shall be competent to the Surveying Officer to examine the parties whom he may summon on oath, or

solemn affirmation, and any person who after making such oath or affirmation may wilfully and knowingly depose falsely before such Officer on any point material to the question under his investigation shall be held to be guilty of perjury, and shall be committed by any Magistrate of the Town of Calcutta for trial before Her Majesty's Supreme Court of Judicature.

VII. And it is hereby enacted, that the person or persons who may have been in bona fide possession of any parcel of land as proprietor for one year previous to the date of the proceedings of the Surveying Officer shall be registered and settled with as proprietor, and all other claimants shall be left to their remedies at Law or Equity in the proper Courts, provided always that no action shall lie against the Surveying Officer in Her Majesty's Supreme Court or in any other Court, for decisions passed by him under this Section.

VIII. And it is hereby enacted, that if after the notification prescribed by Section 1. of this Act, and after due enquiry by the Surveying Officer no claimant shall be discovered for any parcel of land, the Surveying Officer shall put up a notice for one month on the said parcel, and in the event of no claimant appearing within that time such parcel shall be registered as the property of the State.

IX. And it is hereby enacted, that all lands of which the rate as at present assessed cannot be traced, or which have not heretofore been assessed, shall be assessed at the rate of Three Rupees per beegah.

X. And it is hereby enacted, that the Surveying Officer shall submit his proceedings in every case to the Revenue Commissioner of the Division who shall be competent to revise and alter them, and no settlement of the Surveying Officer shall be binding until it has received the confirmation of the said Commissioner, whose confirmation shall be final.

XI. And it is hereby enacted, that an appeal shall lie against any order passed by the Surveying Officer under this Act if preferred within one month from the date thereof to the Revenue Commissioner of the Division, whose decision in every case of appeal shall be final.

XII. And it is hereby enacted, that after the final orders of the Revenue Commissioner of the Division have been passed in any case, it shall be competent to the Surveying Officer to conclude the Settlement with the party or parties entitled to engage under the said orders by granting a pottah or lease, and taking a cabooleut or counterpart engagement.

XIII. And it is hereby enacted, that whenever a settlement for any parcel of land has been concluded, every new right therein or to any part thereof whether acquired by inheritance, gift, purchase or otherwise shall be registered by the party or parties to whom such right shall have accrued within three months after such right shall have accrued, and all land, any new right wherein has not been registered, shall be liable to an assessement of Six Rupees per beegah until every new right therein shall have been registered.

XIV. And it is hereby enacted, that when a claim to hold land lakhiraj or free of assessment shall be set up, the Surveying Officer shall investigate the claim, and record his proceedings in the case, and report the same for the orders of the Commissioner of Revenue whose decision on the merits of such claim shall be final.

XV. And it is hereby enacted, that for the purpose of such investigation it shall be lawful for the Surveying Officer by writing under his hand, to summon any person whatsoever to attend as a witness at a time and place to be specified in such summons, and that every witness so duly summoned to attend as aforesaid, who shall not attend, or who attending shall refuse to give evidence on oath or solemn affirmation or declaration or to answer all such questions as the Surveying Officer may legally demand, shall be liable to be attached in the Supreme Court upon complaint made in like manner as if such witness had neglected to attend on any trial in such Supreme Court.

XVI. And it is hereby enacted, that any witness examined before such Surveying Officer shall be examined upon oath, which such Surveying Officer is hereby authorized to administer. Provided always that in all cases wherein a solemn declaration or affirmation would be allowed in Her Majesty's Courts of Judicature to be substituted for an oath the said Surveying Officer shall substitute such solemn declaration or affirmation for an oath.

XVII. And it is hereby enacted, that any witness wilfully and knowingly giving false testimony on oath or solemn declaration or affirmation before such Surveying Officer shall be deemed guilty of wilful and corrupt perjury.

XVIII. And it is hereby enacted, that lakhiraj tenures of which uninterrupted possession shall have been held exempt from assessment from the 12th August 1765 to the present time shall be valid; and that no other lakhiraj tenures shall be deemed valid unless the same shall be held under a grant from the British Government, which grant shall not have expired.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India after the 7th day of January next.

No. 4326.

MODIFICATION OF RULES RELATIVE TO TAKING PILOTS, &c.

THE Government of Bengal have been pleased to modify the Rules relative to Vessels navigating the River Hooghly in manner following:—

1st. All Vessels under 300 Tons and not drawing more than 15 feet, trading within the Bay of Bengal, (considered as bounded by a line drawn from Cape Comorin by Point De Galle and Acheen Head to the Southern Point of Prince of Wales's Island) are permitted to navigate the River Hooghly without a Pilot on payment of double Light and Buoy duties, provided the Commanders can show, to the satisfaction of the Master Attendant, that they possess a knowledge of the river equal to that which is required of Commanders of Steam Tugs permitted to act as Pilots under a license.

2d. Vessels of more than the above specified tonnage and draught from whatever part of the world they may come, are not required to wait for a Pilot at the Sand Heads, but only to make the usual signal, to keep it flying as long as they are without one, and to take a Pilot when one offers.

3d. Vessels ready for sea are permitted to proceed without a Pilot, provided one does not come on board within 24 hours of the time at which the Port clearance was produced at the Master Attendant's Office. With respect to vessels trading beyond the Bay, and of more than 300 Tons and drawing more than 15 feet water, the modification of the Regulations above described, is not to come into operation until the 1st of May 1847.

4th. It is also hereby notified, that from the 1st proximo and thereafter, instead of the present Moyapore Magazine duty of one anna per Ton on all Vessels, a charge of ¾ anna per Ton as Buoy duty and ¼ anna per Ton as Moyapore Magazine duty, will be levied.

By order of the Officiating Superintendent of Marine,

JAS. SUTHERLAND,
Secretary.

Fort William,
The 31st October, 1846.

MOULMAIN RIVER—SANDS OFF AMHERST.

Considerable changes having taken place in the Sands off Amherst, since the 7th of January 1846, it is hereby notified that the directions for entering the Moulmein River in bad weather, dated the 7th of January 1846, are cancelled.

Commanders of Vessels that are obliged to run into the River, for safety, must be guided by the color of the Buoys, taking care to keep those painted black on the right hand. It is not advisable that a Vessel should run in beyond a mile from the Reef Buoy, as the inner Buoys are a greater distance apart than those near the Reef.

The directions for making the Port of Moulmain, and for anchoring off Green Island, to wait for a Pilot, may still be acted on.

(Signed) D. TAPLEY,
Master Attendant.

MOOTAPILLY SHOAL—NOTICE TO MARINERS.

LIEUTENANT FELL of the Indian Navy, employed in Surveying part of the Coromandel Coast, has discovered an error in the position assigned in Hosburgh's Directory, 5th Edition, vol. 1st, page 599, to the shoalest part of the Mootapilly Bank, on which there is 2½ fathoms. This shoal patch is therein stated to be in Latitude 15° 25½° N. and only *five Miles* distant from the shore, whereas according to Lieut. Fell, it is *ten Miles* off the Coast, and in Latitude 15° 23.15 N. The difference so pointed out, may be of importance to Ships of considerable draught, approaching the position of the Shoal patch described.

GOVERNMENT TEA PLANTATIONS IN ASSAM.

In consequence of the operations of the Government Experimental Tea Culture in Assam being about to be brought to a close, as notified in the Government Gazette No. 26, of the 1st April 1846, Tenders will be received at this Office for the purchase of the undermentioned Government Tea Barrees, together with Buildings, Manufacturing Implements, Tools, Stores, &c., attached thereto.

These Barrees have abundance of land fit for the growth of the Tea Plant in the vicinity, and admit of being greatly extended; they are situated within about 16 miles of the Sudder Station of the District, Dibroo Ghur, where there is a small temporary Bungalow belonging to the Concern. A good Road is now in progress through Muttuck, which will pass within a few hundred yards of the Dinjoy Barree, and this Road will be completed in the course of next cold season: the accompanying Sketch* will show the relative position of the Barrees.

To persons desirous of engaging in the Cultivation of Sugar Cane, in conjunction with that of the Tea Plant, these Barrees would be found particularly advantageous, as there is much fine fresh land in the vicinity of Dinjoy and Chubwa, well suited for the growth of the Cane, and which may be rented, to the extent required, from time to time, for cultivation: the present rent of such land, when actually taken up, being only 8 annas per poora.

With the Establishment at present attached to the Barrees, the purchaser would have to make his own arrangements; the Members, generally, are well acquainted with the process of the preparation of the Tea, in all its branches, and, if well superintended, would be equal to the duties of a greatly extended concern.

The 24th Oct. 1846.—The following Draft of a proposed Act was read in Council for the first time on the 24th of October 1846.

ACT No. —— OF 1846.

Concerning the binding of Apprentices.

Whereas it is expedient to facilitate the setting-out and instruction of the children of persons, inhabitants in the Territories under the Government of the East India Company, following European manners and usages, particularly orphans and destitute children brought up by public Charities, in Arts, Trades, Crafts and employments, by which when they come to mature age they may be enabled to gain a livelihood; and whereas it is considered proper for this end to promote the system of Apprenticeship, which has partially obtained hitherto, by legal provisions calculated to render the contract between Master and Apprentice effectual for the reciprocal benefit of the parties.

I. It is hereby enacted, that it shall be lawful for any person, inhabiting in any part of the Territories under the Government of the East India Company to take, retain, or become an Apprentice.

II. Provided that no person shall be bound as an Apprentice except by his Parent or Guardian, and it is hereby declared that an orphan or destitute person brought up by any public charity may be bound by the Governors, Directors or Managers thereof as his Guardians for this purpose.

III. And provided that no person shall be bound as an Apprentice, who is under the age of 10 years, and that no person above the age of 13 years, shall be so bound without his own consent; and that no person shall be so bound for a term to extend beyond the time at which he will attain the age of 21 years.

IV. And provided that no person shall be bound to serve as an Apprentice out of the Territories under the Government of the East India Company, except on board a Ship or Vessel.

V. And it is hereby enacted, that when any person shall be bound as an Apprentice to any Officer of Government as such, for employment in the public service, in the event of the resignation or removal of such Officer, the Apprentice shall be considered as bound in the same manner to his successor.

VI. And it is hereby enacted, that any boy being of the age of 13 years, may be bound as an Apprentice in the Sea Service to any of Her Majesty's subjects being the Owner or Owners of any registered Ship or Vessel, belonging to and trading from any Port in the said Territories declared to be a Registering Port under Act X. of 1841, to be employed in any such Ship or Vessel the property of such person, and while so employed to be instructed in the craft and duties of a Seaman, provided that the Master of such Ship or Vessel shall be a British Subject, or for Sea Service in any Ship or Vessel of the East India Company belonging to any such Port, commanded by a British subject, in which case the contract shall be made with the Master Attendant at such Port or any Officer appointed to represent the East India Company in this behalf, who shall appoint the Ship or Vessel in which such Apprentice is to serve from time to time.

VII. And it is hereby enacted, that the Master or Commander of any Ship or Vessel in which an Apprentice bound under the last Section shall be appointed to serve by the party to whom he is bound, shall be deemed the Agent of such party for the purposes of this Act.

VIII. And it is hereby enacted, that every contract of Apprenticeship shall be reduced to writing, which writing shall set forth distinctly the conditions agreed upon, particularly specifying the age of the Apprentice and the term for which he is bound, what he is to be taught, where and how he is to be employed, and whether under the immediate superintendence and direction of the Master or of an Agent for him, and what provision is to be made for his maintenance, lodging and clothing, especially whether he is to be lodged and boarded in the house, and as a member of the family of the Master, or of his Agent, or otherwise; or if the Apprentice shall be bound to serve in a Sea-going Vessel, or in a Vessel employed in river navigation, where his berth is to be on board, and how and with whom he is to mess, and what provisions, clothing and bedding are to be supplied to him, and how he is to be provided for when he is not on board.

IX. And it is hereby enacted, that every such contract shall be in duplicate, and that each copy shall be signed by the person to whom the Apprentice is bound, and by the person or persons by whom he is bound, and by the Apprentice himself when he is above the age of 13 years; provided that when the Apprentice is bound by the Governors, Directors or Managers of a Public Charity, the signature of two of them, or of their Secretary or Officer on their behalf, shall be sufficient.

X. And it is hereby enacted, that no such contract shall be valid unless it be executed in the manner aforesaid, nor until it has been registered in the Office of the Chief Magistrate of the Place or District where it has been executed, or if the Apprentice shall be bound to the Sea Service in the office of the person appointed under Act X. of 1841, to make Registry of Ships and Vessels at the Port where the Apprentice is to enter on the said Service.

XI. And it is hereby enacted, that when the Apprentice is bound to serve at some other place than that where the contract has been executed, out of the jurisdiction of the Magistrate in whose office it has been registered, the Master within one month after the arrival of the Apprentice at such place, by himself or by his Agent, under whom the Apprentice is to be employed according to the contract, shall apply to the Chief Magistrate of the District to Register the Contract in his office.

XII. And it is hereby enacted, that if the Master shall fail to register the contract within one month as directed in the last Section, he shall not be entitled to apply to a Magistrate to take cognizance of any cause of complaint he may have against the Apprentice in the manner hereinafter provided, but it shall nevertheless be competent to any Magistrate to take cognizance of complaints against the Master on application made to him on behalf of the Apprentice.

XIII. And it is hereby enacted, that when by the contract of Apprenticeship the Apprentice is bound to service at a certain place, or in a certain District, or in a certain trade or business, and the Master desires to remove him to some other place or District, or to employ him in some other trade or business, or in any other way than as stipulated in the contract, he shall be at liberty to do so with the consent of the person or persons by whom the Apprentice was bound, and with the consent of the Apprentice himself if he is above the age of 13 years, provided that the alterations agreed to shall be expressed in writing on each copy of the contract with the signature of the proper parties according to Section VIII of this Act; and shall be registered in the office of the Chief Magistrate of the place or District where the Apprentice shall have been employed.

XIV. And it is hereby enacted, that when an Apprentice shall be removed under the last Section, the provision of Section XI. and Section XII. shall be applicable.

XV. And it is hereby enacted, that in the case of a Sea Apprentice, when the contract of Apprenticeship is registered, as above directed, the name and description of the Vessel in which such Apprentice is to serve, and the name and description of the Master or Commander thereof as a British subject, shall be certified on each copy of the contract with the signature of the Master of the Apprentice, and shall be entered in the book of Registry: and that if the Apprentice shall be transferred to any other Vessel the transfer shall be noted and registered in like manner.

XVI. And it is hereby enacted, that a contract of Apprenticeship may be determined at any time before the expiration of the term specified in it by the consent of all the parties, provided that such consent shall be certified in writing on each copy of the contract with the signature of all the parties, according to Section IX. of this Act, and shall be registered in the office where the contract was first registered, or in that of the Chief Magistrate of the place or District where the Apprentice shall have been last employed.

XVII. And it is hereby enacted, that the Master of any Apprentice bound under this Act may with the consent of the persons by whom he was bound and with the consent of the Apprentice himself and not otherwise, assign such Apprentice to any other person, who is willing to take him for the residue of the term mentioned in the contract of Apprenticeship, and subject to the conditions thereof, provided that such person shall by endorsement under his own hand on each copy of the contract declare his acceptance of such Apprentice, and acknowledge himself bound by the agreements and covenants therein mentioned to be performed on the part of the Master, and that the consent of the other parties aforesaid shall be expressed in writing on the same and signed by them respectively. And that such assignment shall be registered in the office where the contract was first registered, or in that of the Chief Magistrate of the District where the Apprentice shall have been last employed.

XVIII. And it is hereby enacted, that upon complaint made to any Magistrate in the said Territories by or on behalf of any Apprentice bound under this Act, of misusage, or of refusal or neglect to provide for him, or to give him instruction according to the contract of Apprenticeship, or of cruelty, or other ill-treatment by his Master, or by the Agent under whom he shall have been placed by his Master, if it shall appear to the Magistrate that there is cause for the complaint, it shall be lawful for him to summon the Master, or his Agent, as the case may be, if he shall be within his jurisdiction, to appear before him at a reasonable time, to be stated in the Summons, to answer the complaint, and at such time, whether the Master or his Agent be present or not (service of the Summons being proved) to examine into the matter of the complaint, and upon proof thereof to impose upon the offender, whether he shall be the Master or his Agent, a reasonable fine not exceeding 200 Rupees; and if the offender shall not pay the fine, to levy the same by distress and sale of his Goods and Chattels, and in case the offender shall not be the Master but his Agent, by distress and sale of the Goods and Chattels of the Master also. And if there shall not be found sufficient Goods and Chattels whereon to levy the same, to commit the offender to prison until the fine shall be discharged, provided that he shall not be kept in prison for a period exceeding two months; and provided that if sentence shall have been passed after an exparte investigation the offender shall not be committed to prison until he has been brought before the Magistrate, and having been personally called upon to discharge the penalty has failed to do so.

XIX. And it is hereby enacted, that in a case in which a Magistrate shall have passed sentence upon the Master of an Apprentice or Agent under the last Section, it shall be lawful for him at his discretion to adjudge that the Apprentice shall be discharged, and if any premium shall have been paid on the binding of such Apprentice to make an order upon the Master to refund the whole or any part thereof, and in case the sum ordered to be refunded by such Master shall not be paid to the person or persons directed in any such order to receive the same, to levy the same by distress upon the Goods and Chattels of such Master with the costs and charges of such distress; and if there

shall not be found sufficient Goods and Chattels whereon to levy the same, to commit such Master to prison for any term not exceeding two months, unless the sum ordered to be refunded with all costs shall be sooner paid and satisfied.

XX. Provided that when the Master of an Apprentice shall have been committed to prison in default of payment of a fine imposed under Section XVIII. of this Act, the imprisonment to which he may be subjected under the last Section in default of payment of the sum ordered to be refunded, shall not extend beyond the time which in addition to the term ordered under Section XVIII. shall make up the period of three months.

XXI. And it is hereby enacted, that when a Magistrate shall order the discharge of an Apprentice under Section XIX. of this Act, any sum that may be levied under Section XVIII., together with the whole or a part of any sum that may be levied under Section XIX., shall be applied at the discretion of the Magistrate for the purpose of binding or placing out the discharged Apprentice with a new Master, or otherwise for his use and benefit.

XXII. And it is hereby enacted, that upon complaint made by any Master of an Apprentice bound to him under this Act or by his Agent, against such Apprentice, to any Magistrate of any place or District in the said Territories where such Apprentice shall be employed, or in the case of a Sea Apprentice where he shall be in the course of his employment, of any misdemeanor, misconduct or ill behaviour of such Apprentice, or if such Apprentice shall have absconded, upon complaint made thereof by the Master or his Agent, to any Magistrate of the place or District where such Apprentice shall be found, or where he shall have been employed, it shall be lawful for any such Magistrate in the latter case to issue his Warrant for apprehending such Apprentice, and in either case to hear and determine the complaint and to punish the offender by committing him to a house of correction or to prison, there to be held to hard labour for a reasonable time not exceeding three months, or if the offender be a boy of such tender years as to make punishment in the way of School discipline more suitable, by inflicting on him corporal chastisement not exceeding ten stripes with a light ratan, provided that it shall be lawful for the Magistrate instead of committing such offender to a house of correction or to prison to be held to hard labor as aforesaid to pass an order for his being kept in solitary confinement in any suitable place in or out of prison for a period not exceeding three weeks; or if the Magistrate deem any such punishment unfitting, to pass an order to the Master of the Apprentice or his Agent to keep the offender in close confinement in his own house or on board the Vessel to which he may belong, upon a reduced diet for a period not exceeding one month, and at his discretion to direct that at the expiration of the stated period the Apprentice shall be again brought up before him that he may satisfy himself that he has been properly dealt with.

XXIII. And it is hereby enacted, that it shall be lawful for the Magistrate on proof of wilful and continual misconduct on the part of the Apprentice, whereby it shall appear that he is incorrigible, and on the demand of the Master, to adjudge that the contract of Apprenticeship shall be determined. Provided that it shall be at the discretion of the Magistrate on a consideration of the circumstances to order the refund of a part of any premium that may have been paid to the Master on binding such Apprentice, to the person or persons by whom it was paid on behalf of such Apprentice.

XXIV. Provided always, that no Magistrate shall entertain a complaint on the part of a Master against an Apprentice under this Act, unless it be preferred within one month after the cause of complaint shall have arisen, or if the cause of complaint shall have arisen on board a Ship or Vessel on a voyage within one month after the arrival thereof at a port or place in the said Territories. And that no Magistrate shall entertain a complaint on the part of an Apprentice against his Master or the Agent of his Master under this Act, unless it be preferred within three months after the cause of complaint shall have arisen, or if the cause of complaint shall have arisen on board a Ship or Vessel on a voyage within three months after the arrival thereof at a port or place in the said Territories.

XXV. And it is hereby enacted, that if the Master of any Apprentice shall die before the expiration of the term for which such Apprentice shall have been bound, the contract of Apprenticeship shall be considered as determined; provided that if any premium shall have been paid to such Master on the binding of the Apprentice to him, a proportionate part thereof shall be returned by the Executors or Administrators out of the Estate of the deceased to the person or persons who shall have paid the same, to be employed by such person or persons towards the binding out such Apprentice to a new Master, unless the Executor or Administrator of the deceased Master or some Member of his family living with him at the time of his death shall continue the business in which such Apprentice shall have been employed, and shall within three months from the decease of the late Master make offer in writing to retain the Apprentice on the terms of the original contract, in which case the Estate of the deceased shall be discharged from all liability on account of such premium.

XXVI. And it is hereby enacted, that if such offer to retain the Apprentice shall be made as aforesaid and shall be consented to by such Apprentice, and the person or persons by whom he shall have been bound, the same shall be fully expressed and certified on each copy of the original contract of Apprenticeship with the signature of the parties respectively; and such certificate shall be registered in the office of the Chief Magistrate of the place or District where such Apprentice shall have been employed, or in the case of a Sea Apprentice in the office in which the original contract shall have been registered, and the Apprentice shall be considered as bound to the person or persons so retaining him for the remaining part of the term specified in the said contract.

XXVII. Provided always, that if the Master of any Apprentice bound under this Act shall die during the term of Apprenticeship, such Apprentice shall be entitled to maintenance for three months from and after the decease of his Master, out of the assets left by him; provided that during such three months such Apprentice shall continue to live with and serve as an Apprentice the Executor or Administrator of such Master, or such person as he shall appoint.

XXVIII. And it is hereby enacted, that when a Commission of Bankruptcy shall be issued against any person to whom an Apprentice shall have been bound under this Act, or when such person shall be adjudged to have committed an Act of Insolvency, such Apprentice shall be discharged from all obligation under the contract of Apprenticeship, provided that if any premium shall have been paid on binding him as an Apprentice the person or persons by whom he shall have been

bound shall be entitled to claim a proportionate part thereof as a debt against the Estate of the Bankrupt or Insolvent.

XXIX. And it is hereby enacted, that when application shall be made to a Magistrate or other Registering Officer for the registration of an original contract of Apprenticeship under Section X. of this Act or of a certificate of the consent of parties to the removal of an Apprentice from the place at which he was originally bound to serve, or to any other alteration of the contract under Section XIV., or of a certificate of the transfer of a Sea Apprentice from one Vessel to another under Section XV., or of a certificate of the consent of parties to the determination of a contract of Apprenticeship under Section XVI., or to the assignment of an Apprentice under Section XVII., or to the retaining of an Apprentice after the death of the Master to whom he was bound, by the Executor or Administrator or a Member of the family of the deceased under Section XXV. without which registration such Acts respectively shall not be valid, it shall be at the discretion of the Magistrate or Officer to call for the attendance of the parties before him to attest the contract or certificate, provided that on every such occasion the Magistrate or Officer shall require the Apprentice to be brought before him whether the other parties shall be required to attend in person or not, and provided that whenever any such registration shall be made, a certificate of the registration shall be made on each copy of the contract, and signed by the Magistrate or other Registering Officer.

XXX. And it is hereby enacted, that for the purposes of this Act all British subjects, as well as other persons in the Territories under the Government of the East India Company without the local limits of the jurisdictions of Her Majesty's Supreme Courts, shall be amenable to the jurisdiction of the Magistrates of the East India Company.

XXXI. And it is hereby enacted, that from any sentence or order passed by any Magistrate without the local limits aforesaid, an appeal shall lie to the Court of Session to which such Magistrate shall be subordinate, provided the appeal be made within one month from the date of the sentence or order.

XXXII. And it is hereby enacted, that the words "Master," "person" and "he" in this Act shall be understood to include several persons as well as one person, and females as well as males, and bodies corporate as well as individuals, unless there be something in the context repugnant to such construction.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 24th day of January next.

And whereas it is expedient to make provision for those cases in which the said Commissioners may be able to purchase lands, buildings or tenements by agreement, it is enacted, that it shall and may be lawful for the said Commissioners to agree with the Owners of any lands, buildings or tenements by this Act authorized to be taken and which shall be required for the purposes of this Act, and with all parties having any estate or interest in such lands, buildings or tenements, or by this Act, or by any other authority or power enabled to sell and convey the same, for the absolute purchase of any such lands, buildings or tenements, or such parts thereof as they shall think proper, and of all estates and interests in such lands of what kind soever.

IV. And it is enacted, that it shall and may be lawful for all parties being seized, possessed of or entitled to any such lands, buildings or tenements, or any estate or interest therein to sell and convey or release the same to the said Commissioners and to enter into all necessary agreements for that purpose, and particularly it shall be lawful for all or any of the following parties so seized, possessed or entitled as aforesaid so to sell, convey or release (that is to say) all corporations, tenents in tail, or for life married women seized in their own right or entitled to dower, guardians, committees of lunatics and idiots, trustees or feofees in trust for charitable or other purposes, executors and administrators, and all parties for the time being entitled to the receipt of the rents and profits of any such lands in possession, or subject to any estate in dower, or to any lease for life or for lives, and years or for years, or any less interest, and the power so to sell and convey or release as aforesaid, may lawfully be exercised by all such parties not only on behalf of themselves and their respective Heirs, Executors, Administrators and Successors, but also for and on behalf of every person entitled in reversion, remainder or expectancy after them, or in defeasance of the estates of such parties, and as to such married women whether they be of full age or not as if they were sole and of full age, and as to such guardians on behalf of their wards, and as to such committees on behalf of the lunatics and idiots of whom they are the committees respectively, and that to the same extent as such wives, wards, lunatics and idiots respectively could have exercised the same power under the authority of this Act if they had respectively been under no disability, and as to such Trustees, Executors and Administrators on behalf of their cestui-que trusts whether infants issue unborn, lunatics, femes covert or other persons, and that to the same extent as such cestui que trusts respectively could have exercised the same powers under the authority of this Act if they had respectively been under no disability.

XVIII. And it is enacted, that the said arbitrators or their umpire may call for the production of any documents in the possession or power of either party which they or he may think necessary for determining the question in dispute, and may examine the parties or their witnesses on oath or solemn affirmation, and administer the oaths and solemn affirmations necessary for that purpose.

And it is enacted, that if either party in such case of disputed compensation as aforesaid desire such question to be tried before a special jury such question shall be so tried, provided that notice of such desire if given by the other party be given to the said Commissioners before they have issued their warrent as aforesaid to the Sheriff, and for that purpose the said Commissioners shall by their warrant to the Sheriff require him to nominate a special jury for such trial, and thereupon the Sheriff shall as soon as conveniently may be after the receipt by him of such warrant summon the said Commissioners, and the said other party to appear before him by themselves or their Attornies at some convenient time and place to be appointed by him for the purpose of nominating a special jury (not being less than five nor more than eight days from the service of such summons) and at the time and place so appointed the said Sheriff shall proceed to nominate and strike a special jury in the manner in which such juries shall be required by the Rules and Orders of the said Supreme Court for trials in the said Court, and the said Sheriff shall appoint a day not later than the eighth day after the striking of such jury for the parties or their Agents to appear before him to reduce the number of such jury, and thereof shall give four days notice to the said Commissioners, and the said other party, and on the day

XL. And it is enacted, that the special jury on such inquiry as last aforesaid shall consist of twelve of the said twenty who shall first appear on the names being called over, the said Commissioners and the said other party having respectively their lawful challenges against any of the said jurymen, and if a full jury do not appear, and if after such challenges a full jury do not remain then upon the application of the said Commissioners or of the said other party, the Sheriff shall add to the list of such jury the names of any other disinterested persons qualified to act as special or common jurymen in the said Supreme Court who shall not have been previously struck off the aforesaid list, and who may be then in attendance before the said Sheriff, or can speedily be procured so as to complete such special jury, the said Commissioners and the said other party having respectively their lawful challenges against such persons, and the Sheriff shall proceed to the trial and adjudication of the matters in question by such jury, and such trial shall be attended in all respects with the like incidents and consequences, and the like penalties shall be applicable as hereinbefore provided in the case of a trial by a common jury.

Fort William, Home Department, Legislative,

The 7th November 1846.—The following Draft of a proposed Act was read in Council for the first time on the 7th of November 1846.

Act No. —— of 1846.

An Act for the Survey and Assessment of Lands in the Town of Calcutta, within the local limits of the jurisdiction of Her Majesty's Supreme Court of Judicature.

I. Whereas by reason of the defect of compulsory provision for the registration of mutations of

Landed Property and from other causes, the Lands liable to the payment of ground rent in the Town of Calcutta, within the local limits of the jurisdiction of Her Majesty's Supreme Court of Judicature, cannot in many instances be identified, and the proprietors thereof cannot be ascertained so that the dues of Government from the said lands cannot be realized with certainty and regularity, and it has become necessary to form a more correct assessment, and a new registry of such lands, and to make provision for the compulsory registration of all mutations of property therein:

It is therefore hereby enacted, that whenever an Officer shall be appointed by the Governor of Bengal to survey and assess the Lands, situate within the said local limits of the jurisdiction of Her Majesty's Supreme Court, such Officer shall, by public notification, require all persons, owning or occupying lands and tenements within the said local limits, to appear before him in person or by duly constituted Attorney within a reasonable time, not being less than one month from the date of the notification at whatever place within the said limits his office may be held, with all Potttahs, Ground-rent Bills, Bills of Sale, and other writings, in virtue of which they may own, or occupy such lands, and to attend him from day to day during his enquiries.

II. And it is hereby enacted, that the said Officer shall for the purposes of this Act have full power and authority at all seasonable hours in the day time to enter or to direct his subordinate Officers to enter into and upon any land or tenement within the said local limits, and in and upon the land on which any house, building or other erection is built or building, or intended to be built, and into and upon any buildings or any part thereof without being liable to any action at law or suit in Equity, or any other legal proceedings or molestatiou whatsoever for or on account of such entry, or of any thing done or to be done in any part thereof in pursuance of this Act. Provided, that such Officer or Subordinate Officers shall not enter upon any lands or tenements which may be occupied at the time, unless with the consent of the occupier thereof, without previously giving the said occupier reasonable notice of his or their intention to do so.

III. And it is hereby enacted, that if any person at any time shall obstruct or molest the said Officer or any of his Subordinate Officers in the performance and execution of his or their duty, or any thing which they are required to do by or by virtue or in consequence of this Act, every such person so offending shall on conviction before a Magistrate for the Town of Calcutta forfeit and pay for every such offence any sum not exceeding 200 Rupees.

IV. And whereas such notification as is directed by Section I. of this Act may not in all cases be effectual, it is therefore hereby enacted, that it shall be lawful for the Surveying Officer to cause any person owning or occupying lands or tenements within the said local limits, to be served with a special notice under his official seal and signature, stating the purpose for which the attendance of such person is required, and any document which such person is to bring with him and the period within which such person is to attend, and if such person cannot be found the notice shall be affixed to his usual place of residence.

V. And it is hereby enacted, that if any person shall wilfully omit to obey any lawful summons to attend before the Surveying Officer personally, or by duly constituted Attorney, or to produce any document which he is required by the said Officer to produce, or to answer any lawful question put by the said Officer, it shall be competent to the said Officer to impose upon such person a daily fine, not exceeding Ten Rupees, so long as he may be recusant, such fine, if not paid to be recoverable summarily by distraint and sale of the defaulter's personal property.

VI. And it is hereby enacted, that it shall be competent to the Surveying Officer to examine the parties whom he may summon on oath, or solemn affirmation, and any person who after making such oath or affirmation may wilfully and knowingly depose falsely before such Officer on any point material to the question under his investigation shall be held to be guilty of perjury, and shall be committed by any Magistrate of the Town of Calcutta for trial before Her Majesty's Supreme Court of Judicature.

VII. And it is hereby enacted, that the person or persons who may have been in bona fide possession of any parcel of land as proprietor for one year previous to the date of the proceedings of the Surveying Officer shall be registered and settled with as proprietor, and all other claimants shall be left to their remedies at Law or Equity in the proper Courts, provided always that no action shall lie against the Surveying Officer in Her Majesty's Supreme Court or in any other Court, for decisions passed by him under this Section.

VIII. And it is hereby enacted, that if after the notification prescribed by Section I. of this Act, and after due enquiry by the Surveying Officer no claimant shall be discovered for any parcel of land, the Surveying Officer shall put up a notice for one month on the said parcel, and in the event of no claimant appearing within that time such parcel shall be registered as the property of the State.

IX. And it is hereby enacted, that all lands of which the rate as at present assessed cannot be traced, or which have not heretofore been assessed, shall be assessed at the rate of Three Rupees per beegah.

X. And it is hereby enacted, that the Surveying Officer shall submit his proceedings in every case to the Revenue Commissioner of the Division who shall be competent to revise and alter them, and no settlement of the Surveying Officer shall be binding until it has received the confirmation of the said Commissioner, whose confirmation shall be final.

XI. And it is hereby enacted, that an appeal shall lie against any order passed by the Surveying Officer under this Act if preferred within one month from the date thereof to the Revenue Commissioner of the Division, whose decision in every case of appeal shall be final.

XII. And it is hereby enacted, that after the final orders of the Revenue Commissioner of the Division have been passed in any case, it shall be competent to the Surveying Officer to conclude the Settlement with the party or parties entitled to engage under the said orders by granting a pottah or lease, and taking a cabooleut or counterpart engagement.

XIII. And it is hereby enacted, that whenever a settlement for any parcel of land has been concluded, every new right therein or to any part

thereof whether acquired by inheritance, gift, purchase or otherwise shall be registered by the party or parties to whom such right shall have accrued within three months after such right shall have accrued, and all land, any new right wherein has not been registered, shall be liable to an assessement of Six Rupees per beegah until every new right therein shall have been registered.

XIV. And it is hereby enacted, that when a claim to hold land lakhiraj or free of assessment shall be set up, the Surveying Officer shall investigate the claim, and record his proceedings in the case, and report the same for the orders of the Commissioner of Revenue whose decision on the merits of such claim shall be final.

XV. And it is hereby enacted, that for the purpose of such investigation it shall be lawful for the Surveying Officer by writing under his hand, to summon any person whatsoever to attend as a witness at a time and place to be specified in such summons, and that every witness so duly summoned to attend as aforesaid, who shall not attend, or who attending shall refuse to give evidence on oath or solemn affirmation or declaration or to answer all such questions as the Surveying Officer may legally demand, shall be liable to be attached in the Supreme Court upon complaint made in like manner as if such witness had neglected to attend on any trial in such Supreme Court.

XVI. And it is hereby enacted, that any witness examined before such Surveying Officer shall be examined upon oath, which such Surveying Officer is hereby authorized to administer. Provided always that in all cases wherein a solemn declaration or affirmation would be allowed in Her Majesty's Courts of Judicature to be substituted for an oath the said Surveying Officer shall substitute such solemn declaration or affirmation for an oath.

XVII. And it is hereby enacted, that any witness wilfully and knowingly giving false testimony on oath or solemn declaration or affirmation before such Surveying Officer shall be deemed guilty of wilful and corrupt perjury.

XVIII. And it is hereby enacted, that lakhiraj tenures of which uninterrupted possession shall have been held exempt from assessment from the 12th August 1765 to the present time shall be valid; and that no other lakhiraj tenures shall be deemed valid unless the same shall be held under a grant from the British Government, which grant shall not have expired.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India after the 7th day of January next.

No. 4326.

MODIFICATION OF RULES RELATIVE TO TAKING PILOTS, &c.

THE Government of Bengal have been pleased to modify the Rules relative to Vessels navigating the River Hooghly in manner following:—

1st. All Vessels under 300 Tons and not drawing more than 15 feet, trading within the Bay of Bengal, (considered as bounded by a line drawn from Cape Comorin by Point De Galle and Acheen Head to the Southern Point of Prince of Wales's Island) are permitted to navigate the River Hooghly without a Pilot on payment of double Light and Buoy duties, provided the Commanders can show, to the satisfaction of the Master Attendant, that they possess a knowledge of the river equal to that which is required of Commanders of Steam Tugs permitted to act as Pilots under a license.

2d. Vessels of more than the above specified tonnage and draught from whatever part of the world they may come, are not required to wait for a Pilot at the Sand Heads, but only to make the usual signal, to keep it flying as long as they are without one, and to take a Pilot when one offers.

3d. Vessels ready for sea are permitted to proceed without a Pilot, provided one does not come on board within 24 hours of the time at which the Port clearance was produced at the Master Attendant's Office. With respect to vessels trading beyond the Bay, and of more than 300 Tons and drawing more than 15 feet water, the modification of the Regulations above described, is not to come into operation until the 1st of May 1847.

4th. It is also hereby notified, that from the 1st proximo and thereafter, instead of the present Moyapore Magazine duty of one anna per Ton on all Vessels, a charge of ¾ anna per Ton as Buoy duty and ¼ anna per Ton as Moyapore Magazine duty, will be levied.

MOOTAPILLY SHOAL—NOTICE TO MARINERS.

LIEUTENANT FELL of the Indian Navy, employed in Surveying part of the Coromandel Coast, has discovered an error in the position assigned to

Hosburgh's Directory, 5th Edition, vol. 1st, page 599, to the shoalest part of the Mootapilly Bank, on which there is 2½ fathoms. This shoal patch is therein stated to be in Latitude 15° 25½° N. and only *five Miles* distant from the shore, whereas according to Lieut. Fell, it is *ten Miles* off the Coast, and in Latitude 15° 23.15 N. The difference so pointed out, may be of importance to Ships of considerable draught, approaching the position of the Shoal patch described.

By Order of the Officiating Superintendent of Marine,

JAS. SUTHERLAND, *Secretary.*

Fort William, the 31st October, 1846.

MOULMAIN RIVER—SANDS OFF AMHERST.

Considerable changes having taken place in the Sands off Amherst, since the 7th of January 1846, it is hereby notified that the directions for entering the Moulmein River in bad weather, dated the 7th of January 1846, are cancelled.

Commanders of Vessels that are obliged to run into the River, for safety, must be guided by the color of the Buoys, taking care to keep those painted black on the right hand. It is not advisable that a Vessel should run in beyond a mile from the Reef Buoy, as the inner Buoys are a greater distance apart than those near the Reef.

The directions for making the Port of Moulmain, and for anchoring off Green Island, to wait for a Pilot, may still be acted on.

(Signed) D. TAPLEY,
Master Attendant.

SATURDAY, NOVEMBER 14, 1846.

Fort William, Home Department, Legislative,

The 31st October 1846.—The following Draft of a proposed Act was read in Council for the first time on the 31st of October 1846.

ACT No —— OF 1847.

To enable the Commissioners who may be appointed under Act to purchase real or personal property for the improvement of the Town of Calcutta.

Whereas by Act of 1846, entitled an Act for constituting Commissioners for the improvement of the Town of Calcutta, partly by appointment of the Government and partly by election of the Ratepayers, provision was made for the appointment and election of such Commissioners.

And whereas it is expedient, that provision should be made to enable such Commissioners, when they shall have been appointed to purchase real or personal property for the purposes aforesaid in manner hereinafter mentioned.

And whereas it is probable that benevolent and public spirited individuals with the view of contributing to the improvement and adornment of the said Town may be desirous of settling real or personal property by Deed or Will upon such Commissioners.

I. It is therefore enacted, that the said Commissioners shall be Trustees for and on behalf of the Government of Fort William in Bengal, and of the inhabitants of Calcutta, and shall sue and be sued at Law and in Equity in Her Majesty's Supreme Court of Judicature at Fort William by the name of the Commissioners for the Improvement of the Town of Calcutta, and shall have a common seal, and shall have power to take, purchase and hold lands, tenements, hereditaments, goods, chattels and other property, as such Trustees for the purposes aforesaid.

II. And it is enacted, that whenever it shall appear to the said Commissioners, or a majority of them, that it is necessary they should purchase any houses, buildings or grounds for the purposes aforesaid, the said Commissioners shall represent the same to the Governor of Bengal, and if he shall consent thereto, but not otherwise, shall enter into treaties for the purchase of such houses, buildings or grounds with the owners thereof, and in case they shall not be able to come to agreement with such owners, then the said Commissioners shall apply to the Sheriff of Calcutta to summon a Jury, and the said Sheriff shall forthwith summon a Jury in manner hereinafter mentioned, to assess the price which the said Commissioners shall pay to the said owner or owners for the purchase of such houses, buildings and grounds with all appurtenances as aforesaid.

III. And whereas it is expedient to make provision for those cases in which the said Commissioners may be able to purchase lands, buildings or tenements by agreement, it is enacted, that it shall and may be lawful for the said Commissioners to agree with the Owners of any lands, buildings or tenements by this Act authorized to be taken and which shall be required for the purposes of this Act, and with all parties having any estate or interest in such lands, buildings or tenements, or by this Act, or by any other authority or power enabled to sell and convey the same, for the absolute purchase of any such lands, buildings or tenements, or such parts thereof as they shall think proper, and of all estates and interests in such lands of what kind soever.

IV. And it is enacted, that it shall and may be lawful for all parties being seized, possessed of or entitled to any such lands, buildings or tenements, or any estate or interest therein to sell and convey or release the same to the said Commissioners and to enter into all necessary agreements for that purpose, and particularly it shall be lawful for all or any of the following parties so seized, possessed or entitled as aforesaid so to sell, convey or release (that is to say) all corporations, tenents in tail, or for life married women seized in their own right or entitled to dower, guardians, committees of lunatics and idiots, trustees or feofees in trust for charitable or other purposes, executors and administrators, and all parties for the time being entitled to the receipt of the rents and profits of any such lands in possession, or subject to any estate in dower, or to any lease for life or for lives, and years or for years, or any less interest, and the power so to sell and convey or release as aforesaid, may lawfully be exercised by all such parties not only on behalf of themselves and their respective Heirs, Executors, Administrators and Successors, but also for and on behalf of every person entitled in reversion, remainder or expectancy

after them, or in defeasance of the estates of such parties, and as to such married women whether they be of full age or not as if they were sole and of full age, and as to such guardians on behalf of their wards, and as to such committees on behalf of the lunatics and idiots of whom they are the committees respectively, and that to the same extent as such wives, wards, lunatics and idiots respectively could have exercised the same power under the authority of this Act if they had respectively been under no disability, and as to such Trustees, Executors and Administrators on behalf of their cestui-que trusts whether infants issue unborn, lunatics, femes covert or other persons, and that to the same extent as such cestui que trusts respectively could have exercised the same powers under the authority of this Act if they had respectively been under no disability.

V. And it is enacted, that the purchase money, consideration or compensation to be paid or given for any lands, buildings or tenements to be purchased or taken from any party under any disability or incapacity, and not having any power to sell or convey such lands except under the provisions of this Act, and the compensation to be paid for any permanent damage or injury to any such lands, buildings or tenements, shall in all cases be determined by the verdict of a jury to be summoned as hereinafter provided.

VI. And it is enacted, that it shall be lawful for any person siezed in fee or entitled absolutely for his own benefit to any lands, buildings or tenements authorized to be purchased for the purposes of this Act to sell and convey such lands, buildings or tenements, or any part thereof, unto the said Commissioners in consideration of an annual rent-charge payable by the said Commissioners, but except as aforesaid the consideration to be paid for the purchase of any such lands, buildings or tenements, or for any damage done thereto, shall be in a gross sum.

VII. And it is enacted, that the yearly rent reserved by any conveyance of lands, buildings or tenements purchased by the said Commissioners for the purposes of this Act shall be charged on the rates hereinafter authorized to be raised and levied, and shall be paid by the said Commissioners as such rents become payable, and if at any time any such rents be not paid within thirty days after they so become payable, and after demand thereof in writing, the person to whom any such rent shall be payable, may recover the same from the said Commissioners with costs of suit by action of debt in the said Supreme Court.

VIII. And it is enacted, that when the said Commissioners shall require to purchase or take any of the lands, buildings or tenements which by this Act they are authorized to purchase or take they shall give notice thereof to all the parties interested in such lands, or to the parties enabled by this Act to sell and convey or release the same, or such of the said parties as shall after diligent inquiry be known to the said Commissioners, and by such notice shall demand from such parties the particulars of their estate and interest in such lands and of the claims made by them in respect thereof, and every such notice shall state the particulars of the lands so required, and that the said Commissioners are willing to treat for the purchase thereof, and as to the compensation to be made to all parties for the damage that may be sustained by them by reason of the execution of the works.

IX. And it is enacted, that all notices required to be served by the said Commissioners upon the parties interested in or entitled to sell any such lands, buildings or tenements shall either be served personally on such parties or left at their last usual place of abode if any such can after diligent inquiry be found, and in case any such parties shall be absent from the said Town or cannot be found after diligent inquiry, such notices shall be left with the occupier of such lands, or if there be no such occupier shall be affixed upon some conspicuous part of such lands.

X. And it is enacted, that if the party claiming compensation desire to have the same settled by arbitration and signify such desire by notice in writing to the said Commissioners before they have issued their warrant to the Sheriff to summon a jury in respect of such lands under the provisions hereinafter contained, stating in such notice the nature of the interest in respect of which such party claims compensation and the amount of the compensation so claimed the same shall be so settled by arbitration accordingly, but unless the party claiming compensation shall as aforesaid signify his desire to have the question of such compensation settled by arbitration, or if when the matter shall have been referred to arbitration the arbitrators or the umpire shall for three months have failed to make their or his award, or if no final award shall be made, the question of such compensation shall be settled by the verdict of a jury as hereinafter provided.

XI. And it is enacted, that when any question of disputed compensation by this Act authorized or required to be settled by arbitration, shall have arisen then unless both parties shall concur in the appointment of a single arbitrator, each party on the request of the other party shall nominate and appoint an arbitrator to which two arbitrators such dispute shall be referred, and every appointment of an arbitrator shall be made on the part of the said Commissioners under the hands of two of the said Commissioners, or of their Clerk duly authorized by such two Commissioners, and on the part of any other party under the hand of such party, or if such party be a corporation aggregate under the common seal of such corporation, and such appointment shall be delivered to the arbitrator or arbitrators, and shall be deemed a submission to arbitration on the part of the party by whom the same shall be made, and after any such appointment shall have been made neither party shall have power to revoke the same without the consent of the other, nor shall the death of either party operate as a revocation, and if after any such dispute shall have arisen and after a request in writing in which shall be stated the matter so required to be referred to arbitration shall have been served by the one party on the other party to appoint an arbitrator, such last mentioned party fail within fourteen days after such service to appoint such arbitrator, then upon such failure the party making the request, and having himself appointed an arbitrator may appoint such arbitrator to act on behalf of both parties, and such arbitrator may proceed to hear and determine the matters which shall be in dispute, and in such case the award or determination of such single arbitrator shall be final.

XII. And it is enacted, that if before the matters so referred shall be determined, any arbitrator appointed by either party shall die or become incapable to act, the party by whom such arbitrator was appointed may nominate and appoint

in writing some other person to act in his place, and if for the space of seven days after notice in writing from the other party for that purpose he shall fail to do so, the remaining or other arbitrator may proceed to hear and determine the matters which shall be in dispute, and every arbitrator who shall be so substituted as aforesaid shall have the same power and authorities as were vested in the former arbitrator at the time of such his death or disability aforesaid.

XIII. And it is enacted, that where more than one arbitrator shall have been appointed such arbitrators shall before they enter upon the matters referred to, them nominate and appoint by writing under their hands an umpire to decide on any such matters on which they shall differ, or which shall be referred to him under the provisions of this Act, and if such umpire shall die or become incapable to act, they shall forthwith after such death or incapacity appoint another umpire in his place, and the decision of every such umpire on the matters so referred to him shall be final.

XIV. And it is enacted, that if in either of the cases aforesaid the said arbitrators shall refuse, or shall for seven days after request of either party to such arbitration, neglect to appoint an umpire, any two of the Magistrates of Calcutta shall on the application of either party to such arbitration appoint an umpire, and the decision of such umpire on the matters on which the arbitrators shall differ or which shall be referred to him under this Act shall be final.

XV. And it is enacted, that when a single arbitrator shall have been appointed as hereinbefore provided, and such arbitrator shall die or become incapable to act before he shall have made his award, the matters referred to him shall be determined by arbitrators under the provisions of this Act in the same manner as if such arbitrator had not been appointed.

XVI. And it is enacted, that if where more than one arbitrator shall have been appointed either of the arbitrators refuse, or for seven days after the day of his appointment shall neglect to act the other arbitrator may proceed to hear and determine the matters in dispute, and the decision of such other arbitrator shall be as effectual as if he had been the single arbitrator appointed by both parties.

XVII. And it is enacted, that if where more than one arbitrator shall have been appointed, and where neither of them shall refuse or neglect to act as aforesaid, but such arbitrators shall fail to make their award within twenty-one days after the day on which the last of such arbitrators shall have been appointed, or within such extended time, (if any) as shall have been appointed for that purpose by both such arbitrators under their hands, the matters referred to them shall be determined by the umpire to be appointed as aforesaid.

XVIII. And it is enacted, that the said arbitrators or their umpire may call for the production of any documents in the possession or power of either party which they or he may think necessary for determining the question in dispute, and may examine the parties or their witnesses on oath or solemn affirmation, and administer the oaths and solemn affirmations necessary for that purpose.

XIX. And it is enacted, that before any such arbitrator or umpire as aforesaid shall enter into the consideration of any matters referred to him he shall in the presence of a Magistrate of Calcutta make and subscribe the following declaration, that is to say—

I, A. B, do solemnly and sincerely declare that I will faithfully and honestly to the best of my skill and ability hear and determine the matters referred to me under the provisions of the Act

( )

A. B.

Made and subscribed
in the presence of C. D.

And such declaration shall be annexed to the award when made, and if any arbitrator or umpire having made such declaration shall wilfully act contrary thereto, he shall be deemed guilty of a misdemeanour.

XX. And it is enacted, that all the costs of any such arbitration and incident thereto, shall be settled by the said arbitrators and shall be borne by the said Commissioners, unless the arbitrators shall award the same or a less sum than shall have been offered by the said Commissioners in which case each party shall bear their own costs incident to the said arbitration, and the costs of the said arbitrators shall be borne by the parties in equal proportions.

XXI. And it is enacted, that the said arbitrators or the said umpire, as the case may be, shall deliver their award in writing to the said Commissioners, and the said Commissioners shall retain the same, and on demand made at the office of their clerk shall forthwith at their own expense furnish a copy thereof to the other party to the arbitration, and shall at all reasonable times when thereunto required produce the said award and allow the same to be inspected or examined at the office of their said clerk by such party or any person appointed by him for that purpose.

XXII. And it is enacted, that the submission to any such arbitration as aforesaid may be made a rule of the said Supreme Court on the application of either or any party thereto, and may be enforced against all necessary parties by any rule, order or decree of the said Court notwithstanding that any or either of the said parties are not otherwise subject to the jurisdiction of the said Court.

XXIII. And it is enacted, that no award made with respect to any question referred to arbitration under the provisions of this Act shall be set aside for irregularity or error in matter of form.

XXIV. And it is enacted, that in every case in which a dispute or difference shall arise between the said Commissioners, and any person or persons whose property they may intend or desire to purchase for the purposes of this Act as to the amount of compensation to be paid for the said property which difference and dispute either of the said parties shall refuse to settle by arbitration the said Commissioners shall issue a warrant in writing signed by any one of them and sealed with their common seal to the Sheriff of Calcutta, requiring him to summon a jury for the purpose of settling the said difference or dispute, and if such Sheriff be interested in the matter in dispute such warrant shall be addressed and sent to the Coroner of Calcutta, and if the said Sheriff and the said Coroner be both of them interested in the said matter then the said warrant shall be addressed and sent to the last person who shall have filled the office of Sheriff of Calcutta who is not interested in the said matter, and who is at the time of the issuing the said warrant an inhabitant of the said Town of Calcutta, and every such Sheriff, Coroner, or Ex-Sheriff shall have power if he think fit to appoint a Deputy or Assessor.

XXV. And it is enacted, that throughout the enactments contained in this Act relative to a

reference to a jury where the term Sheriff is used the provisions applicable thereto shall be held to apply to every Coroner or other person lawfully acting in the place of the Sheriff, and in every case in which any such warrant as aforesaid shall have been directed to any other person than the said Sheriff of Calcutta, such Sheriff shall immediately on receiving notice of the delivery of the warrant on application being made to him for that purpose deliver over to the person to whom the said warrant shall have been directed, or to any other fit and proper person appointed by him to receive the same the Juror's book and special Juror's list for the Town of Calcutta.

XXVI. And it is enacted, that upon the receipt of such warrant as aforesaid the Sheriff shall summon a jury of twenty-four indifferent persons duly qualified to act as common jurymen in Her Majesty's Supreme Court of Judicature aforesaid, to meet at a convenient time and place to be appointed by him for that purpose, such time not being less than fourteen nor more than twenty-one days after the receipt of such warrant, and such place not being more than miles from the lands, buildings or tenements concerning and relating to which the said difference or dispute shall have arisen unless by consent of the parties interested some other time and place be agreed upon and settled, and the said Sheriff shall forthwith give notice to the said Commissioners of the time and place so appointed by him.

XXVII. And it is enacted, that out of and from the number of jurors appearing upon such summons as aforesaid, a jury of twelve persons shall be drawn by the said Sheriff in such manner and form as juries for trials of offences before the said Supreme Court are by the rules and orders of the said Court required to be drawn, and if a sufficient number of the jurymen so summoned as aforesaid do not appear in obedience to such summons as aforesaid the Sheriff shall return other indifferent men duly qualified as aforesaid of the bye-standers or others that can speedily be procured to make up the jury to the said number of twelve persons, and the said Commissioners and all other parties interested in the said lands, buildings or tenements may have and make their challenges against any of the said jurymen according to the course and practice of the said Supreme Court, but neither the said Commissioners nor any of the said parties interested as aforesaid shall challenge the array.

XXVIII. And it is enacted, that in every such inquiry as aforesaid the said Sheriff shall preside, and the party or parties claiming compensation from the said Commissioners shall be deemed the plaintiff or plaintiffs as the case may be, and shall have all such rights and privileges as the plaintiff is entitled to in the trial of actions at law in the Court of Queen's Bench at Westminster, and if the said Commissioners or any person interested in the said lands, buildings or tenements so request in writing the said Sheriff shall summon before him, any person who shall by the said Commissioners, or any person interested as aforesaid be considered necessary to be examined as a witness touching the matters in question, and on the like request the said Sheriff shall order the said jury or any six or more of them to view the place or matter in controversy in like manner as views may be had in the trial of actions at law in the Court of Queen's Bench at Westminster.

XXIX. And it is enacted, that if the said Sheriff make default in any matter hereinbefore required to be done by him in relation to any such trial or inquiry as aforesaid, he shall forfeit and pay the sum of Five Hundred Rupees for every such offence, and such penalty shall be recoverable by the said Commissioners by an action of debt or on the case in the said Supreme Court, and if any person summoned and returned upon any jury under this Act, whether common or special, do not appear, or if appearing do refuse to make such lawful oath or affirmation as the said Sheriff may require, or in any other manner wilfully neglect his duty, he shall unless he shew reasonable excuse for the said default or neglect to the satisfaction of the said Sheriff forfeit a sum not exceeding One Hundred Rupees, and every such penalty as aforesaid payable by a Sheriff or juryman as aforesaid shall be applied in satisfaction of the costs of the said inquiry so far as the same will extend, and in addition to the penalty hereby imposed as aforesaid every such juryman shall in all respects be subject to the same regulations, pains and penalties as if such jury were retained for a trial in the said Supreme Court.

XXX. And it is enacted, that if any person who shall have been duly summoned to give evidence upon any such enquiry, and to whom a tender of his reasonable expenses shall have been made fail to appear at the time and place specified in the summons without sufficient cause, or if any person whether summoned or not who shall appear as a witness on any such inquiry refuse to be examined on oath or affirmation touching the subject matter in dispute every person so offending shall forfeit and pay to the party aggrieved thereby a sum not exceeding One Hundred Rupees.

XXXI. And it is enacted, that the said Commissioners shall give to all parties interested in any lands, buildings or tenements concerning or relating to which an inquiry hath been appointed to be held by the said Sheriff notice of the time and place of such inquiry, not less than ten days before the same is to be held, and the said notice shall be in writing, and shall be served on each of the said parties personally or left at his last known place of abode in the said Town, or if he have no such place of abode then the said notice for every such person shall be twice publicly advertised in one or more of the Newspapers published within the said Town.

XXXII. And it is enacted, that if at any such inquiry any party claiming compensation shall fail to appear in person or by his Counsel or Agent, such inquiry shall not be proceeded with so far as concerns the compensation claimed by such absent party, but the compensation to be paid by the said Commissioners to such absent party shall be settled and determined by a surveyor to be named and appointed by any two of the Magistrates of Calcutta without prejudice to such inquiry then and there proceeding before such Sheriff so far as concerns any compensation claimed by any other party or parties interested in such compensation in respect of the same premises who shall so appear.

XXXIII. And it is enacted, that before any jury shall proceed on any such inquiry as aforesaid to inquire of and assess compensation or damages in respect of which their verdict is to be given they shall make oath, or if they object to make oath they shall make a solemn affirmation that they will truly and faithfully enquire of and assess such compensation or damages, and the said Sheriff shall administer such oaths and affirmation as well as the oaths and affirmations of all persons called upon to give evidence.

XXXIV. And it is enacted, that where such inquiry as aforesaid shall relate to the value of any lands, buildings, or tenements to be purchased, and also to compensation claimed for injury done or to be done to any other lands, buildings, or tenements held therewith the jury shall deliver their verdict separately for the sum of money to be paid for the purchase of the lands, buildings, or tenements required by the said Commissioners, or of any interest therein belonging to the party or parties with whom the question of disputed compensation shall have arisen, or which under the provisions herein contained he is enabled to sell or convey, and for the sum of money to be paid by way of compensation for the damage if any sustained or to be sustained by the said party or parties by reason of the severing of the lands, buildings or tenements taken from the other lands, buildings or tenements of the said party or parties, or otherwise injuriously affecting such la-t mentioned lands, buildings, or tenements by the exercise of the powers conferred by this Act.

XXXV. And it is enacted, that the Sheriff before whom such inquiry as aforesaid shall be held shall give judgment for the purchase money or compensation assessed by such jury as aforesaid, and the verdict and judgment shall thereupon be signed by such Sheriff, and being so signed shall be delivered to and kept by the Keeper of the Records in the said Supreme Court among the Records of the said Supreme Court, and such verdicts and judgments shall be deemed Records, and the same or true copies or exemplifications thereof shall be good evidence in all Courts and elsewhere, and all persons may inspect the said verdicts and judgments, and may have copies or exemplifications thereof, or extracts therefrom, on paying for each inspection of any such verdict and judgment the sum of Eight Annas, and for every one hundred words copied or extracted therefrom Four Annas, which copies, exemplifications or extracts the said Keeper of the Records is hereby required to make out and sign and certify the same to be true.

XXXVI. And it is enacted, that on every such inquiry before a jury as aforesaid where the verdict of the jury shall be given for a greater sum than the sum previously offered by the said Commissioners all the costs of such inquiry shall be borne by the said Commissioners, but if the verdict of the jury shall be for the same or less sum than the sum previously offered by the said Commissioners one-half of the costs of summoning, impanelling and returning the jury, and of taking the inquiry and recording the verdict and judgment thereon shall be defrayed by the parties claiming the said compensation or purchase money, and the other half by the said Commissioners, and each party shall bear his own costs other than as aforesaid incident to such inquiry.

XXXVII. And it is enacted, that the costs of any such inquiry as aforesaid shall in case of differences arising regarding the same be settled by the Taxing Officer of the said Supreme Court on the application of either party, and such costs shall include all reasonable costs, charges and expenses incurred in summoning, returning and impanelling the jury taking the enquiry, the attendance of witnesses, the employment of Counsel and Attornies, the recording the verdict and judgment thereon and otherwise incident to such inquiry.

XXXVIII. And it is enacted, that if any such costs shall be payable by the said Commissioners, and if within seven days after demand duly made at the Office of the Clerk of the said Commissioners such costs be not paid to the party entitled to receive the same they may and shall be recoverable by distress, and on application to any Magistrate of Calcutta he shall issue his warrant accordingly, and if any such costs shall be payable by the Owner of any lands, buildings or tenements, or of any interest therein the same may be deducted and retained by the said Commissioners out of any money awarded by the jury to such Owner or determined by the valuation of a Surveyor under the provision hereinafter contained, and the payment or deposit of the remainder, if any, of such money shall be deemed payment and satisfaction of the whole thereof, or if such costs shall exceed the amount of the money so awarded or determined the excess may and shall be recoverable by distress, and on application to any Magistrate of Calcutta he shall issue his warrant accordingly.

Fort William, Home Department, Legislative,

The 7th November 1846.—The following Draft of a proposed Act was read in Council for the first time on the 7th of November 1846.

Act No. —— of 1846.

An Act for the Survey and Assessment of Lands in the Town of Calcutta, within the local limits of the jurisdiction of Her Majesty's Supreme Court of Judicature.

I. Whereas by reason of the defect of compulsory provision for the registration of mutations of Landed Property and from other causes, the Lands liable to the payment of ground rent in the Town of Calcutta, within the local limits of the jurisdiction of Her Majesty's Supreme Court of Judicature, cannot in many instances be identified, and the proprietors thereof cannot be ascertained so that the dues of Government from the said lands cannot be realized with certainty and regularity, and it has become necessary to form a more correct assessment, and a new registry of such lands, and to make provision for the compulsory registration of all mutations of property therein:

It is therefore hereby enacted, that whenever an Officer shall be appointed by the Governor of Bengal to survey and assess the Lands, situate within the said local limits of the jurisdiction of Her Majesty's Supreme Court, such Officer shall, by public notification, require all persons, owning or occupying lands and tenements within the said local limits, to appear before him in person or by duly constituted Attorney within a reasonable time, not being less than one month from the date of the

notification at whatever place within the said limits his office may be held, with all Petttahs, Ground-rent Bills, Bills of Sale, and other writings, in virtue of which they may own, or occupy such lands, and to attend him from day to day during his enquiries.

II. And it is hereby enacted, that the said Officer shall for the purposes of this Act have full power and authority at all seasonable hours in the day time to enter or to direct his subordinate Officers to enter into and upon any land or tenement within the said local limits, and in and upon the land on which any house, building or other erection is built or building, or intended to be built, and into and upon any buildings or any part thereof without being liable to any action at law or suit in Equity, or any other legal proceedings or molestatiou whatsoever for or on account of such entry, or of any thing done or to be done in any part thereof in pursuance of this Act. Provided, that such Officer or Subordinate Officers shall not enter upon any lands or tenements which may be occupied at the time, unless with the consent of the occupier thereof, without previously giving the said occupier reasonable notice of his or their intention to do so.

III. And it is hereby enacted, that if any person at any time shall obstruct or molest the said Officer or any of his Subordinate Officers in the performance and execution of his or their duty, or any thing which they are required to do by or by virtue or in consequence of this Act, every such person so offending shall on conviction before a Magistrate for the Town of Calcutta forfeit and pay for every such offence any sum not exceeding 200 Rupees.

IV. And whereas such notification as is directed by Section I. of this Act may not in all cases be effectual, it is therefore hereby enacted, that it shall be lawful for the Surveying Officer to cause any person owning or occupying lands or tenements within the said local limits, to be served with a special notice under his official seal and signature, stating the purpose for which the attendance of such person is required, and any document which such person is to bring with him and the period within which such person is to attend, and if such person cannot be found the notice shall be affixed to his usual place of residence.

V. And it is hereby enacted, that if any person shall wilfully omit to obey any lawful summons to attend before the Surveying Officer personally, or by duly constituted Attorney, or to produce any document which he is required by the said Officer to produce, or to answer any lawful question put by the said Officer, it shall be competent to the said Officer to impose upon such person a daily fine, not exceeding Ten Rupees, so long as he may be recusant, such fine, if not paid to be recoverable summarily by distraint and sale of the defaulter's personal property.

VI. And it is hereby enacted, that it shall be competent to the Surveying Officer to examine the parties whom he may summon on oath, or solemn affirmation, and any person who after making such oath or affirmation may wilfully and knowingly depose falsely before such Officer on any point material to the question under his investigation shall be held to be guilty of perjury, and shall be committed by any Magistrate of the Town of Calcutta for trial before Her Majesty's Supreme Court of Judicature.

VII. And it is hereby enacted, that the person or persons who may have been in bona fide possession of any parcel of land as proprietor for one year previous to the date of the proceedings of the Surveying Officer shall be registered and settled with as proprietor, and all other claimants shall be left to their remedies at Law or Equity in the proper Courts, provided always that no action shall lie against the Surveying Officer in Her Majesty's Supreme Court or in any other Court, for decisions passed by him under this Section.

VIII. And it is hereby enacted, that if after the notification prescribed by Section I. of this Act, and after due enquiry by the Surveying Officer no claimant shall be discovered for any parcel of land, the Surveying Officer shall put up a notice for one month on the said parcel, and in the event of no claimant appearing within that time such parcel shall be registered as the property of the State.

IX. And it is hereby enacted, that all lands of which the rate as at present assessed cannot be traced, or which have not heretofore been assessed, shall be assessed at the rate of Three Rupees per beegah.

X. And it is hereby enacted, that the Surveying Officer shall submit his proceedings in every case to the Revenue Commissioner of the Division who shall be competent to revise and alter them, and no settlement of the Surveying Officer shall be binding until it has received the confirmation of the said Commissioner, whose confirmation shall be final.

XI. And it is hereby enacted, that an appeal shall lie against any order passed by the Surveying Officer under this Act if preferred within one month from the date thereof to the Revenue Commissioner of the Division, whose decision in every case of appeal shall be final.

XII. And it is hereby enacted, that after the final orders of the Revenue Commissioner of the Division have been passed in any case, it shall be competent to the Surveying Officer to conclude the Settlement with the party or parties entitled to engage under the said orders by granting a pottah or lease, and taking a cabooleut or counterpart engagement.

XIII. And it is hereby enacted, that whenever a settlement for any parcel of land has been concluded, every new right therein or to any part thereof whether acquired by inheritance, gift, purchase or otherwise shall be registered by the party or parties to whom such right shall have accrued within three months after such right shall have accrued, and all land, any new right wherein has not been registered, shall be liable to an assessment of Six Rupees per beegah until every new right therein shall have been registered.

XIV. And it is hereby enacted, that when a claim to hold land lakhiraj or free of assessment shall be set up, the Surveying Officer shall investigate the claim, and record his proceedings in the case, and report the same for the orders of the Commissioner of Revenue whose decision on the merits of such claim shall be final.

XV. And it is hereby enacted, that for the purpose of such investigation it shall be lawful for the Surveying Officer by writing under his hand, to summon any person whatsoever to attend as a witness at a time and place to be specified in such summons, and that every witness so duly summoned to attend as aforesaid, who shall not attend,

or who attending shall refuse to give evidence on oath or solemn affirmation or declaration or to answer all such questions as the Surveying Officer may legally demand, shall be liable to be attached in the Supreme Court upon complaint made in like manner as if such witness had neglected to attend on any trial in such Supreme Court.

XVI. And it is hereby enacted, that any witness examined before such Surveying Officer shall be examined upon oath, which such Surveying Officer is hereby authorized to administer. Provided always that in all cases wherein a solemn declaration or affirmation would be allowed in Her Majesty's Courts of Judicature to be substituted for an oath the said Surveying Officer shall substitute such solemn declaration or affirmation for an oath.

XVII. And it is hereby enacted, that any witness wilfully and knowingly giving false testimony on oath or solemn declaration or affirmation before such Surveying Officer shall be deemed guilty of wilful and corrupt perjury.

XVIII. And it is hereby enacted, that lakhiraj tenures of which uninterrupted possession shall have been held exempt from assessment from the 12th August 1765 to the present time shall be valid; and that no other lakhiraj tenures shall be deemed valid unless the same shall be held under a grant from the British Government, which grant shall not have expired.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India after the 7th day of January next.

ACT No. —— OF 1846.

An Act to regulate distresses for small Rents in Calcutta.

I. It is hereby enacted, that it shall be lawful for the Commissioners of the Court of Commissioners for the Recovery of Small Debts in and for the Settlement of Fort William in Bengal to appoint four or more persons to be Bailiffs and Appraisers for the purposes of this Act, and to fix such remuneration for the services of the said Officers as shall appear to the said Commissioners expedient, and that such persons shall be duly sworn before the said Commissioners, and shall also give security to be approved by the said Commissioners faithfully to discharge the duties of their office, and that the said Commissioners shall have power to suspend or remove such persons so appointed, provided that it shall be lawful for the said Commissioners to appoint the Bailiffs who may be attached from time to time to the said Court to the office of Distraining Bailiffs and Appraisers for the purposes of this Act, and to award to the said Officers such remuneration in addition to their respective salaries drawn from the said Court as to the said Commissioners shall appear expedient.

II. And it is hereby enacted, that it shall be lawful for any Commissioner of the said Court upon the Affidavit of any party claiming to be entitled to arrears of rent of any House or Premises situate in Calcutta not exceeding the amount of 100 Rupees, stating the amount of such arrears and for what time and at what rate the same became due, to issue a warrant under his hand and seal in the Form contained in the Schedule to this Act annexed (marked A) addressed to any one of such Officers directing him to levy the amount of such rent, together with the costs of the said distress in the manner therein mentioned, provided that it shall be lawful for any of the said Commissioners upon personal examination of the party applying for such warrant to grant or withhold the same at the discretion of the said Commissioner.

III. And it is hereby enacted, that by virtue of such warrant it shall be lawful for such Officer to seize the whole or such part of the Goods and Chattels upon the said premises as shall be sufficient to cover the amount of the said rent, together with the costs of the said distress, and that he shall thereupon make an Inventory of the Goods and Chattels so seized, and shall give a notice in writing in the Form in the Schedule to this Act annexed (marked B) to the party from whom such rent is claimed to be due, or to any other person upon behalf of such party upon the said premises that the said Goods and Chattels will be appraised and sold in manner therein mentioned. And that the said Officer shall file in the said Court true copies of the said Inventory and Notice, provided that it shall be lawful for the party from whom such rent is claimed to be due, at any time within five days from such seizure, to apply to any Commissioner of the said Court to discharge or suspend such warrant, and it shall be lawful for such Commissioner to discharge or suspend such warrant accordingly, with or without costs, provided always that it shall be lawful for any of the said Commissioners in his discretion to give reasonable time to such party to pay the said rent.

IV. And it is hereby enacted, that in default of such application it shall be lawful for any two of such Officers at the expiration of five days from such seizure to appraise the Goods and Chattels so seized and to give notice of the sale thereof at such time and place as they shall direct, after an interval of not less than two days, and that they shall file in the said Court a true copy of the said Notice, and that the same shall be sold accordingly, and that the said Officers shall forthwith after realization of the produce of the said sale, pay over the amount thereof to the Chief Clerk of the said Court, and the amount of such produce shall be applied in satisfaction of the sum claimed to be due, together with the costs of the said distress, and that the surplus, if any, shall be returned to the party from whom the said rent was claimed to be due, provided that it shall be lawful for such party to direct that such sale shall take place in any other manner, such party giving security for any extra costs attending such mode of sale.

V. And it is hereby enacted, that no costs shall be taken or demanded for such distress except those contained in the Schedule to this Act annexed (marked C) and that it shall be lawful for the said Commissioners to apply the sum so raised as costs, towards the payment of the contingent charges and remuneration of said Bailiffs and Appraisers as shall appear to the said Commssioners expedient, and that the Chief Clerk of the said Court shall keep a book in which all sums received as costs upon distresses made under the provisions of this Act, and all sums paid as remunerations to the said Bailiffs and Appraisers, and all contingent charges incurred in respect of such distresses shall be duly entered, and that the Chief Clerk of the said Court shall also enter in the said book all sums realized by sale of the Goods and Chattels distrained and paid over to the landlords under the provisions of this Act.

VI. And it is hereby enacted, that after the passing of this Act no distress shall be levied for arrears of rent amounting to Rupees 100, or less, except under the provisions of this Act, and that any person, except such Officer as appointed levying or attempting to levy any such distress shall be guilty of a misdemeanor and shall be liable to be punished by fine and imprisonment for the same in addition to any other liability he may have incurred by such trespass.

VII. And it is hereby enacted, that this Act shall not extend to any arrears of rent exceeding 100 Rs., nor in respect of any House or Premises situate out of Calcutta, nor to any rent due to Government, nor to any seizure except on the Premises in respect of which such rent is claimed.

Ordered, that the Draft now read be published for general information.

MOOTAPILLY SHOAL—NOTICE TO MARINERS.

LIEUTENANT FELL of the Indian Navy, employed in Surveying part of the Coromandel Coast, has discovered an error in the position assigned in Hosburgh's Directory, 5th Edition, vol. 1st, page 599, to the shoalest part of the Mootapilly Bank, on which there is 2½ fathoms. This shoal patch is therein stated to be in Latitude 15° 25½° N. and only *five Miles* distant from the shore, whereas according to Lieut. Fell, it is *ten Miles* off the Coast, and in Latitude 15° 23.15 N. The difference so pointed out, may be of importance to Ships of considerable draught, approaching the position of the Shoal patch described.

By Order of the Officiating Superintendent of Marine,

JAS. SUTHERLAND, *Secretary.*

MODIFICATION OF RULES RELATIVE TO TAKING PILOTS, &c.

THE Government of Bengal have been pleased to modify the Rules relative to Vessels navigating the River Hooghly in manner following:—

1st. All Vessels under 300 Tons and not drawing more than 15 feet, trading within the Bay of Bengal, (considered as bounded by a line drawn from Cape Comorin by Point De Galle and Acheen Head to the Southern Point of Prince of Wales's Island) are permitted to navigate the River Hooghly without a Pilot on payment of double Light and Buoy duties, provided the Commanders can show, to the satisfaction of the Master Attendant, that they possess a knowledge of the river equal to that which is required of Commanders of Steam Tugs permitted to act as Pilots under a license.

2d. Vessels of more than the above specified tonnage and draught from whatever part of the world they may come, are not required to wait for a Pilot at the Sand Heads, but only to make the usual signal, to keep it flying as long as they are without one, and to take a Pilot when one offers.

3d. Vessels ready for sea are permitted to proceed without a Pilot, provided one does not come on board within 24 hours of the time at which the Port clearance was produced at the Master Attendant's Office. With respect to vessels trading beyond the Bay, and of more than 300 Tons and drawing more than 15 feet water, the modification of the Regulations above described, is not to come into operation until the 1st of May 1847.

4th. It is also hereby notified, that from the 1st proximo and thereafter, instead of the present Moyapore Magazine duty of one anna per Ton on all Vessels, a charge of ¾ anna per Ton as Buoy duty and ¼ anna per Ton as Moyapore Magazine duty, will be levied.

By order of the Officiating Superintendent of Marine,

JAS. SUTHERLAND,
Secretary.

Fort William,

MOULMAIN RIVER—SANDS OFF AMHERST.

Considerable changes having taken place in the Sands off Amherst, since the 7th of January 1846, it is hereby notified that the directions for entering the Moulmein River in bad weather, dated the 7th of January 1846, are cancelled.

Commanders of Vessels that are obliged to run into the River, for safety, must be guided by the color of the Buoys, taking care to keep those painted black on the right hand. It is not advisable that a Vessel should run in beyond a mile from the Reef Buoy, as the inner Buoys are a greater distance apart than those near the Reef.

The directions for making the Port of Moulmain, and for anchoring off Green Island, to wait for a Pilot, may still be acted on.

(Signed) D. TAPLEY,
Master Attendant.

GOVERNMENT TEA PLANTATIONS IN ASSAM.

In consequence of the operations of the Government Experimental Tea Culture in Assam being about to be brought to a close, as notified in the Government Gazette No. 26, of the 1st April 1846, Tenders will be received at this Office for the purchase of the undermentioned Government Tea Barrees, together with Buildings, Manufacturing Implements, Tools, Stores, &c., attached thereto.

These Barrees have abundance of land fit for the growth of the Tea Plant in the vicinity, and admit of being greatly extended; they are situated within about 16 miles of the Sudder Station of the District, Dibroo Ghur, where there is a small temporary Bungalow belonging to the Concern. A good Road is now in progress through Muttuck, which will pass within a few hundred yards of the Dinjoy Barree, and this Road will be completed in the course of next cold season: the accompanying Sketch* will show the relative position of the Barrees.

To persons desirous of engaging in the Cultivation of Sugar Cane, in conjunction with that of the Tea Plant, these Barrees would be found particularly advantageous, as there is much fine fresh land in the vicinity of Dinjoy and Chubwa, well suited for the growth of the Cane, and which may be rented, to the extent required, from time to time, for cultivation: the present rent of such land, when actually taken up, being only 8 annas per poora.

With the Establishment at present attached to the Barrees, the purchaser would have to make his own arrangements; the Members, generally, are well acquainted with the process of the preparation of the Tea, in all its branches, and, if well superintended, would be equal to the duties of a greatly extended concern.

HAMILTON AND CO. beg to announce to their friends and the public, that the Glass Department of their buisness, hitherto carried on, upon Commission for F. and C. Osler, will, from the 1st of September 1846, be conducted by themselves, in their own names, and that all debts due thereto will be collected by them.

Hamilton and Co. return their best thanks for the patronage hitherto bestowed on this branch of their Trade, and while they solicit the continuance of orders in their own business of Jewellers, Silversmiths, &c, they have much pleasure in recommending the Messrs. Oslers for future favors, being convinced, that from their long practical experience in this market, and their very superior position as old and established manufacturers, they will give every satisfaction with respect both to the quality and price of the articles they supply.

Calcutta, August 31st, 1846.

With reference to the above, we beg to return our grateful thanks for the favors conferred, during the time that our business has been conducted on Commission, under the designation of Hamilton and Co.'s Glass Department, and to state that from the 1st of September 1846, it will be carried on in our own names, by Mr. Johnson as heretofore.

In soliciting a continuance of patronage, we assure the public, that no exertion shall be spared to maintain that style and quality of design and manufacture, which have hitherto received such general approbation. Act No. —— of 1846.

An Act to regulate distresses for small Rents in Calcutta.

I. It is hereby enacted, that it shall be lawful for the Commissioners of the Court of Commissioners for the Recovery of Small Debts in and for the Settlement of Fort William in Bengal to appoint four or more persons to be Bailiffs and Appraisers for the purposes of this Act, and to fix such remuneration for the services of the said Officers as shall appear to the said Commissioners expedient, and that such persons shall be duly sworn before the said Commissioners, and shall also give security to be approved by the said Commissioners faithfully to discharge the duties of their office, and that the said Commissioners shall have power to suspend or remove such persons so appointed, provided that it shall be lawful for the said Commissioners to appoint the Bailiffs who may be attached from time to time to the said Court to the office of Distraining Bailiffs and Appraisers for the purposes of this Act, and to award to the said Officers such remuneration in addition to their respective salaries drawn from the said Court as to the said Commissioners shall appear expedient.

II. And it is hereby enacted, that it shall be lawful for any Commissioner of the said Court upon the Affidavit of any party claiming to be entitled to arrears of rent of any House or Premises situate in Calcutta not exceeding the amount of 100 Rupees, stating the amount of such arrears and for what time and at what rate the same became due, to issue a warrant under his hand and seal in the Form contained in the Schedule to this Act annexed (marked A) addressed to any one of such Officers directing him to levy the amount of such rent, together with the costs of the said distress in the manner therein mentioned, provided that it shall be lawful for any of the said Commissioners upon personal examination of the party applying for such warrant to grant or withhold the same at the discretion of the said Commissioner.

III. And it is hereby enacted, that by virtue of such warrant it shall be lawful for such Officer to seize the whole or such part of the Goods and Chattels upon the said premises as shall be sufficient to cover the amount of the said rent, together with the costs of the said distress, and that he shall thereupon make an Inventory of the Goods and Chattels so seized, and shall give a notice in writing in the Form in the Schedule to this Act annexed (marked B) to the party from whom such rent is claimed to be due, or to any other person upon behalf of such party upon the said premises that the said Goods and Chattels will be appraised and sold in manner therein mentioned. And that the said Officer shall file in the said Court true copies of the said Inventory and Notice, provided that it shall be lawful for the party from whom such rent is claimed to be due, at any time within five days from such seizure, to apply to any Commissioner of the said Court to discharge or suspend such warrant, and it shall be lawful for such Commissioner to discharge or suspend such warrant accordingly, with or without costs, provided always that it shall be lawful for any of the said Commissioners in his discretion to give reasonable time to such party to pay the said rent.

IV. And it is hereby enacted, that in default of such application it shall be lawful for any two of such Officers at the expiration of five days from such seizure to appraise the Goods and Chattels so seized and to give notice of the sale thereof at such time and place as they shall direct, after an interval of not less than two days, and that they shall file in the said Court a true copy of the said Notice, and that the same shall be sold accordingly, and that the said Officers shall forthwith after realization of the produce of the said sale, pay over the amount thereof to the Chief Clerk of the said Court, and the amount of such produce shall be applied in satisfaction of the sum claimed to be due, together with the costs of the said distress, and that the surplus, if any, shall be returned to the party from whom the said rent was claimed to be due, provided that it shall be lawful for such party to direct that such sale shall take place in any other manner, such party giving security for any extra costs attending such mode of sale.

V. And it is hereby enacted, that no costs shall be taken or demanded for such distress except those contained in the Schedule to this Act annexed (marked C) and that it shall be lawful for the said Commissioners to apply the sum so raised as costs, towards the payment of the contingent charges and remuneration of said Bailiffs and Appraisers as shall appear to the said Commssioners expedient, and that the Chief Clerk of the said Court shall keep a book in which all sums received as costs upon distresses made under the provisions of this Act, and all sums paid as remunerations to the said Bailiffs and Appraisers, and all contingent charges incurred in respect of such distresses shall be duly entered, and that the Chief Clerk of the said Court shall also enter in the said book all sums realized by sale of the Goods and Chattels distrained and paid over to the landlords under the provisions of this Act.

And it is hereby enacted, that after the passing of this Act no distress shall be levied for arrears of rent amounting to Rupees 100, or less, except under the provisions of this Act, and that any person, except such Officer as appointed levying or attempting to levy any such distress shall be guilty of a misdemeanor and shall be liable to be punished by fine and imprisonment for the same in addition to any other liability he may have incurred by such trespass.

VII. And it is hereby enacted, that this Act shall not extend to any arrears of rent exceeding 100 Rs., nor in respect of any House or Premises situate out of Calcutta, nor to any rent due to Government, nor to any seizure except on the Premises in respect of which such rent is claimed.

No. 4326.

MODIFICATION OF RULES RELATIVE TO TAKING PILOTS, &c.

THE Government of Bengal have been pleased to modify the Rules relative to Vessels navigating the River Hooghly in manner following:—

1st. All Vessels under 300 Tons and not drawing more than 15 feet, trading within the Bay of Bengal, (considered as bounded by a line drawn from Cape Comorin by Point De Galle and Acheen Head to the Southern Point of Prince of Wales's Island) are permitted to navigate the River Hooghly without a Pilot on payment of double Light and Buoy duties, provided the Commanders can show, to the satisfaction of the Master Attendant, that they possess a knowledge of the river equal to that which is required of Commanders of Steam Tugs permitted to act as Pilots under a license.

2d. Vessels of more than the above specified tonnage and draught from whatever part of the world they may come, are not required to wait for a Pilot at the Sand Heads, but only to make the usual signal, to keep it flying as long as they are without one, and to take a Pilot when one offers.

3d. Vessels ready for sea are permitted to proceed without a Pilot, provided one does not come on board within 24 hours of the time at which the Port clearance was produced at the Master Attendant's Office. With respect to vessels trading beyond the Bay, and of more than 300 Tons and drawing more than 15 feet water, the modification of the Regulations above described, is not to come into operation until the 1st of May 1847.

4th. It is also hereby notified, that from the 1st proximo and thereafter, instead of the present Moyapore Magazine duty of one anna per Ton on all Vessels, a charge of ¾ anna per Ton as Buoy duty and ¼ anna per Ton as Moyapore Magazine duty, will be levied.

By order of the Officiating Superintendent of Marine,

JAS. SUTHERLAND,
Secretary.

Fort William,
The 31st October, 1846.

MOULMAIN RIVER—SANDS OFF AMHERST.

Considerable changes having taken place in the Sands off Amherst, since the 7th of January 1846, it is hereby notified that the directions for entering the Moulmein River in bad weather, dated the 7th of January 1846, are cancelled.

Commanders of Vessels that are obliged to run into the River, for safety, must be guided by the color of the Buoys, taking care to keep those painted black on the right hand. It is not advisable that a Vessel should run in beyond a mile from the Reef Buoy, as the inner Buoys are a greater distance apart than those near the Reef.

The directions for making the Port of Moulmain, and for anchoring off Green Island, to wait for a Pilot, may still be acted on.

(Signed) D. TAPLEY,
Master Attendant.

Moulmain, 30th October, 1846.

No. 1.—Certificate of the Opium now advertised for Sale.
No. 2.—Report of the Examination of such Opium.

15th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1845-46, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the Drug when packed at Behar and Benares, and a Statement of the average weight of Six Chests from each dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium.

16th.—Four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the Purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

The following Proclamation issued by the Government of Netherlandish India, is published for general information.

By Order of the Hon'ble the President in Council,

G. A. Bushby, *Secy. to the Govt. of India.*

PROCLAMATION

On behalf and in the name of the King. The States' Minister, Governor General of Netherlands India in Council, To all who may see this or hear it read, salute.

Be it known that wishing to develope the commerce and industry of the numerous Islands and Possessions belonging to Netherlands India, and to promote by the establishment of a great Central Mart for the purpose of an increased Barter Trade, where the various products of those Islands and Possessions may meet with a ready sale, and on the other hand where a sufficient stock and assortment of all product may be constantly found.

Taking also into consideration, that the principal place Macassar, by its excellent situation, good harbour, and the mercantile spirit of its inhabitants, stands high above all other places in Netherlands Indian Possessions, it appears destined to become the great Central Mart of Commerce between the possessions and subjects of the neighbouring Countries. And desiring to do away with all impediments, whereby the natural advantages which Macassar presents may be perfectly enjoyed, its trade supported, and its navigation extended, it has been found good to decree that—

1st. That from and after the First day of January 1847, the Town of Macassar shall be a Free Port, where all merchandize, without exception, and under whatever flag, can be freely imported, and exported, without payment of any duties either on the cargo, tonnage, harbour dues, or anchorage of the vessel, and without the owners of the merchandize, or the owners or commanders of vessels being subjected to any regulations or formalities whatsoever.

2d. That, in furtherance of the above, the regulation concerning the importation, sale and possession of Guns and Gunpowder, fixed by the Decree of the 8th August 1828, No. 26, (Staadsblad No. 58,) for the Port and Town of Macassar, is hereby annulled and declared to be without effect; and consequently, the free importation and sale of War Stores is allowed.

3d. That also the importation and exportation of Opium shall not be subjected to any restrictive measures, with the understanding however that the Traders in Opium must subject themselves to the existing Ordinances concerning the Opium Farm.

4th. That Chinese Junks, which clear out at Macassar, shall no longer be called upon to pay the Recognition Money decreed by Article 20 of the Proclamation of the 8th August 1818 (Staadsblad No. 58) and the Resolution of the 4th October 1819 No. 20 (Staadsblad No. 76) nor yet the tax for maintaining the Chinese Hospital ordered by the Resolution of the 5th March 1832, No. 1 (Staadsblad No. 11)

5th. That at other places, situated in the Government Districts near Macassar, no import or export duties shall in future be levied on Merchandize shipped on board of Native Vessels, either to or from Macassar; but into those places all Europe rigged Vessels are prohibited from entering.

6th. That the Governor of Macassar can permit Foreigners to settle there for the purpose of carrying on Trade.

And that no one shall plead ignorance of these presents, it is ordered that this Decree shall be published in Dutch, as well as the Native and Chinese languages, and pasted up in all places where all public Notices are exhibited.

It is hereby decreed and commanded immediately that all the higher and lower bearers of Office in the State, Magistrates and Officers each and every one in as far as it concerns him, shall see that this order be strictly observed without favor or predilection of persons.

Given at Buitenzorg, 9th September 1846,

MOULMAIN RIVER—SANDS OFF AMHERST.

Considerable changes having taken place in the Sands off Amherst, since the 7th of January 1846, it is hereby notified that the directions for entering the Moulmein River in bad weather, dated the 7th of January 1846, are cancelled.

Commanders of Vessels that are obliged to run into the River, for safety, must be guided by the color of the Buoys, taking care to keep those painted black on the right hand. It is not advisable that a Vessel should run in beyond a mile from the Reef Buoy, as the inner Buoys are a greater distance apart than those near the Reef.

The directions for making the Port of Moulmain, and for anchoring off Green Island, to wait for a Pilot, may still be acted on.

Master Attendant.

PILOT'S TRIAL.

A Court assembled on Saturday, the 24th day of October, 1846, under Act No. XXIV. of 1845, Mr. Acting Master Pilot George Boddington Smart was tried on the following Charge:

Charge.—Mr. Acting Master Pilot George Boddington Smart placed in arrest by order of the Officiating Superintendent of Marine,

For having on the 22d day of September 1846, Stranded the Arab Ship "Samdanny," on Saugor Island, where she still remains without prospect of again getting afloat.

By order of the Officiating Supdt. of Marine,

(Sd.) J. SUTHERLAND, *Secretary.*

Fort William, the 8th of October, 1846.

Finding.—The Court having maturely weighed and considered the evidence brought forward in support of the prosecution, together with that adduced on the defence, do find that Mr. Acting Master Pilot George Boddington Smart did strand the Ship "Samdanny" at the time and place charged, but that his doing so was indispensably necessary to the safety of the Crew on board, and of the Ship and Cargo, so far as any chance existed of saving them, and was an act of sound and seamanlike judgment; and the Court further find, that Mr. Acting Master Pilot George Boddington Smart is throughout deserving of the highest credit for his able and praiseworthy conduct under very trying circumstances.

(Sd.) HENRY PIDDINGTON, *President.*

„ J. J. R. BOWMAN, *Judge Advocate.*

Fort William, Master Attendt's. Office, The 24th day of October, 1846.

The Court having thus fully acquitted Mr. Acting Master Pilot George Boddington Smart, and pronounced his conduct to have evinced sound and seamanlike judgment, and to have been throughout highly creditable; and His Honor the Deputy Governor having been pleased to confirm their decision, that Officer has been ordered to return to his duty, with an assurance that the admirable manner in which he discharged it while in Pilotage charge of the Ship Samdanny, under the most trying circumstances, will not be forgotten by the Head of the Department to which he belongs.

By order of the Offg. Supt. of Marine,

JAS. SUTHERLAND, *Secy.*

MOULMAIN RIVER—SANDS OFF AMHERST.

Considerable changes having taken place in the Sands off Amherst, since the 7th of January 1846, it is hereby notified that the directions for entering the Moulmein River in bad weather, dated the 7th of January 1846, are cancelled.

Commanders of Vessels that are obliged to run into the River, for safety, must be guided by the color of the Buoys, taking care to keep those painted black on the right hand. It is not advisable that a Vessel should run in beyond a mile from the Reef Buoy, as the inner Buoys are a greater distance apart than those near the Reef.

The directions for making the Port of Moulmain, and for anchoring off Green Island, to wait for a Pilot, may still be acted on.

Master Attendant.

PILOT'S TRIAL.

A Court assembled on Saturday, the 24th day of October, 1846, under Act No. XXIV. of 1845. Mr. Acting Master Pilot George Boddington Smart was tried on the following Charge:

Charge.—Mr. Acting Master Pilot George Boddington Smart placed in arrest by order of the Officiating Superintendent of Marine,

For having on the 22d day of September 1846, Stranded the Arab Ship "Samdanny," on Saugor Island, where she still remains without prospect of again getting afloat.

By order of the Officiating Supdt. of Marine,
(Sd.) J. SUTHERLAND, *Secretary.*

Fort William, the 8th of October, 1846.

Finding.—The Court having maturely weighed and considered the evidence brought forward in support of the prosecution, together with that adduced on the defence, do find that Mr. Acting Master Pilot George Boddington Smart did strand the Ship "Samdanny" at the time and place charged, but that his doing so was indispensably necessary to the safety of the Crew on board, and of the Ship and Cargo, so far as any chance existed of saving them, and was an act of sound and seamanlike judgment; and the Court further find, that Mr. Acting Master Pilot George Boddington Smart is throughout deserving of the highest credit for his able and praiseworthy conduct under very trying circumstances.

(Sd.) HENRY PIDDINGTON, *President.*
" J. J. R. BOWMAN, *Judge Advocate.*

Fort William, Master Attendt's. Office,
The 24th day of October, 1846.

The Court having thus fully acquitted Mr. Acting Master Pilot George Boddington Smart, and pronounced his conduct to have evinced sound and seamanlike judgment, and to have been throughout highly creditable; and His Honor the Deputy Governor having been pleased to confirm their decision, that Officer has been ordered to return to his duty, with an assurance that the admirable manner in which he discharged it while in Pilotage charge of the Ship Samdanny, under the most trying circumstances, will not be forgotten by the Head of the Department to which he belongs.

By order of the Offg. Supt. of Marine,
JAS. SUTHERLAND, *Secy.*

GOVERNMENT TEA PLANTATIONS IN ASSAM.

In consequence of the operations of the Government Experimental Tea Culture in Assam being about to be brought to a close, as notified in the Government Gazette No 26, of the 1st April 1846, Tenders will be received at this Office for the purchase of the undermentioned Government Tea Barrees, together with Buildings, Manufacturing Implements, Tools, Stores, &c., attached thereto.

These Barrees have abundance of land fit for the growth of the Tea Plant in the vicinity, and admit of being greatly extended; they are situated within about 16 miles of the Sudder Station of the District, Dibroo Ghur, where there is a small temporary Bungalow belonging to the Concern. A good Road is now in progress through Muttuck. which will pass within a few hundred yards of the Dinjoy Barree, and this Road will be completed in the course of next cold season: the accompanying Sketch* will show the relative position of the Barrees.

To persons desirous of engaging in the Cultivation of Sugar Cane, in conjunction with that of the Tea Plant, these Barrees would be found particularly advantageous, as there is much fine fresh land in the vicinity of Dinjoy and Chubwa, well suited for the growth of the Cane, and which may be rented, to the extent required, from time to time, for cultivation: the present rent of such land, when actually taken up, being only 8 annas per poora.

With the Establishment at present attached to the Barrees, the purchaser would have to make his own arrangements; the Members, generally, are well acquainted with the process of the preparation of the Tea. in all its branches, and, if well superintended, would be equal to the duties of a greatly extended concern.

General Orders by the Right Hon'ble the Governor General of India.

Camp Jowala Muki, 17th November, 1846.—The Right Hon'ble the Governor General of India has much pleasure in publishing for the information of the Army, the following paragraphs of a Military Letter, No. 21 of 1846, dated 22d September last, from the Hon'ble Court of Directors:

"2d para. We are now informed by the Governor General, that, taking into consideration the fact, that our European Regiments are less complete in Officers than those of Her Majesty's Service, and will permanently continue to be so; and, at the same time, influenced by the equity of the claim of the Officers concerned to equality of promotion with their brother Officers of the Native Infantry, His Lordship inclines to the opinion that the addition of two Captains is a justifiable measure, His Lordship accordingly recommends it to our favorable consideration."

"3d para. Under these circumstances, we have resolved to augment the number of Captains in each Regiment of European Infantry, from ten to twelve, with date of rank from the date assigned to the augmentation of one Captain to each Regiment of Native Infantry."

The Promotions consequent on the increase above authorized will have effect at the three Presidencies, from the 24th January 1845.

Camp Chumba Ghaut, Left Bank of the Beas, 18th November, 1846.—The Right Hon'ble the Governor General is pleased to grant an extension of leave of absence, on Medical Certificate, to Veterinary Surgeon J. Bicknell, of His Lordship's Body Guard, from the 15th instant to the 15th February next.

FIRST CHARGE.

Fort William, Master Attendt's. Office, The 29th day of October, 1846.

The Court having thus sentenced Mr. Second Mate Pilot Walter Joseph Etheridge to be dismissed from the Service, strongly recommended him to the favorable consideration of Government on account of his youth, and of the Upper Floating Light not being at her Station, adding that they had not felt themselves at liberty with reference to the Clause of the Penal Code applicable to the case, to pronounce a milder sentence.

His Honor the Deputy Governor has been pleased to approve of the Finding of the Court, and to direct that in mitigation of their sentence, Mr. Second Mate Pilot Walter Joseph Etheridge, be punished with the loss of six steps. He is to return to duty, and to be put down in the List of 2d Junior Mates accordingly, which will place his name on it, between the names of Mr. William Lloyd and Mr. Alexander Scott.

2d.—The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price: Except under the circumstances for which provision is made by Clause the 12th of the Conditions of Sale.

3d.—The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M; but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may at the discretion of the Board of Customs, Salt and Opium, be resumed on the next day following (not being Sunday or a public Holiday) at the hour of 11 A. M, and so on until the whole of the remaining lots are disposed of; or, if the quantity of 2,405 Chests shall not be sold on the day advertized, the Board may dispose of the Lots which remain on hand at a future Sale.

4th.—Each Lot to contain Five Chests.

5th.—A deposit in a Promissory Note for 25 per Cent. even money of the amount for which each lot is knocked down shall be made by the purchaser in the Sale Room, and before the lot is Registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office, by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Wednesday, the 9th of December 1846; *or on the other hand*, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid, shall have been delivered in, shall be re-sold at such time or times, and under such conditions of re-sale as the Board of Customs, Salt and Opium, shall see fit, and all losses and expences whatsoever attending such re-sale, shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6th.—The Promissory Notes taken on the day of Sale, under the last mentioned Condition, if remaining unredeemed on the said 9th December, 1846, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

11th.—The Officer Superintending the Sale on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual, unless such individual shall, on demand, tender at the time, a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid.

14th.—In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this notification, or Adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the Jurisdiction of the said Supreme Court shall be waived.

16th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the years 1845-46, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the Drug when packed at Behar and Benares, and a statement of the average weight of six chests from each dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th.—Any further information respecting weight or quality of the Opium advertised for sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred in reference to chests after the sale and delivery of the Opium for shipment.

Produce of Behar Agency, ...	Chests	1,690
Ditto of Benares ditto,.....	„	715
Total Chests,...		2,405

CONDITIONS OF SALE.

1st.—The Opium will be sold for Exportation by Sea only, and no Certificate will be granted except to cover such Export.

2d.—The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price: Except under the circumstances for which provision is made by Clause the 12th of the Conditions of Sale.

3d.—The Sale shall commence at the hour of 11 A. M, and shall not be continued after the hour of 5 P. M; but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may at the discretion of the Board of Customs, Salt and Opium, be resumed on the next day following (not being Sunday or a public Holiday) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or, if the quantity of 2,405 Chests shall not be sold on the day advertized, the Board may dispose of the Lots which remain on hand at a future Sale.

4th.—Each Lot to contain Five Chests.

5th.—A deposit in a Promissory Note for 25 per Cent. even money of the amount for which each lot is knocked down shall be made by the purchaser in the Sale Room, and before the lot is Registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office, by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Wednesday, the 9th of December 1846; *or on the other hand*, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid, shall have been delivered in, shall be re-sold at such time or times, and under such conditions of re-sale as the Board of Customs, Salt and Opium, shall see fit, and all losses and expences whatsoever attending such re-sale, shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6th.—The Promissory Notes taken on the day of Sale, under the last mentioned Condition, if remaining unredeemed on the said 9th December, 1846, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th.—No Tender of Money, Sub-Treasurer's Receipts or Public Securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 9th December, 1846, will be afterwards accepted.

8th.—The Opium now advertised for Sale, shall be paid for within fifteen clear days from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday the 22d of December 1846, and in case any lots of such Opium shall not be so paid for, and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or any Public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium, shall think fit, and the first purchaser shall be required to make good any loss or difference of price between that obtained at the re-sale, and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9th.—Purchasers taking out Certificates or Orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final and not afterwards changeable for other Certificates or Orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less than the number of lots or chests originally required to be included in each Certificate or Order.

10th.—No Sub-Treasurer's Receipts, or Deposit of Public Securities, under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book, or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when clearance has been made by the said purchaser or his order.

11th.—The Officer Superintending the Sale on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual, unless such individual shall, on demand, tender at the time, a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid.

12th.—With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified that the Officer of Government Superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first bonâ fide bidder for a lot, after it has been offered for Sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government Superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always, that no lot shall be sold below the minimum price of 400 Rupees, specified in the 2d Clause of these Conditions.

13th.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of twenty-five lots, and for the lots so purchased, the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, and pay the same price per chest as that for which he purchas-

ed his first lot; provided always that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th.—In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this notification, or Adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the Jurisdiction of the said Supreme Court shall be waived.

15th.—The following Papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date, by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1—Certificate of the Opium now advertized for Sale.

No. 2—Report of the Examination of such Opium.

16th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the years 1845-46, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the Drug when packed at Behar and Benares, and a statement of the average weight of six chests from each dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th.—Any further information respecting weight or quality of the Opium advertised for sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred in reference to chests after the sale and delivery of the Opium for shipment.

18th.—The public are hereby informed, that in *addition to the quantity above mentioned*, the following quantities more or less of Behar and Benares Opium of 1845-46, will be brought to sale in the present season on or about the dates specified below:

19th.—It is hereby further notified, that under the 6th Article of the Convention between Great Britain and France, dated the 7th March, 1815, quoted below, the Agents in India of His Majesty the King of the French or Persons duly appointed by them, are entitled to demand, that out of the quantities of Behar and Benares Opium declared as above for Sale at the nine Sales in the Months of Nov., Dec., Jan., Feb., March, April, May, June and July, there shall be delivered to them at the average of the particular Sale or Sales, to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 chests, and the Agents of the French Government must make requisition for the whole of the Opium required by them during the season, within 30 days after the publication of this advertisement, specifying the particular Sale or Sales from which the quantity of Opium is intended to be taken. If the Agents of the French Government shall not make the requisition for Opium within the time above-mentioned, the entire quantity of about 21,648 chests of Behar and Benares as above estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for Sale at each or any of the nine Sales above-mentioned, but shall not pay for it within the prescribed period of payment, the Deputy Governor of Bengal reserves to himself the right of disposing of the Opium, which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to.

"ART. 6th.—With regard to "the Trade in Opium it is agreed "between the high contracting parties that, at each "of the periodical Sales of that Article there shall "be reserved for the French Government and de- "livered upon requisition duly made by the Agents "of His Most Christian Majesty, or by the persons "duly appointed by them, the number of chests so "applied for, provided that such supply shall not "exceed three hundred chests in each year, and "the price for the same shall be determined by the "average rate at which Opium shall have been "sold at every such periodical Sale, it being un- "derstood that, if the quantity of Opium applied "for at any one time shall not be taken on ac- "count of the French Government, by the Agents "of His Most Christian Majesty, within the usual "period of delivery, the quantity so applied for, "shall nevertheless be considered as so much in "reduction of the three hundred chests herein be- "fore mentioned, the requisitions for Opium, as "aforesaid, are to be addressed to the Governor "General at Calcutta, within thirty days after no- "tice of the intended Sales shall have been pub- "lished in the Government Gazette."

GOVERNMENT TEA PLANTATIONS IN ASSAM.

In consequence of the operations of the Government Experimental Tea Culture in Assam being about to be brought to a close, as notified in the Government Gazette No 26, of the 1st April 1846, Tenders will be received at this Office for the purchase of the undermentioned Government Tea Barrees, together with Buildings, Manufacturing Implements, Tools, Stores, &c., attached thereto.

These Barrees have abundance of land fit for the growth of the Tea Plant in the vicinity, and admit of being greatly extended; they are situated within about 16 miles of the Sudder Station of the District, Dibroo Ghur, where there is a small temporary Bungalow belonging to the Concern. A good Road is now in progress through Muttuck, which will pass within a few hundred yards of the Dinjoy Barree, and this Road will be completed in the course of next cold season: the accompanying Sketch* will show the relative position of the Barrees.

To persons desirous of engaging in the Cultivation of Sugar Cane, in conjunction with that of the Tea Plant, these Barrees would be found particularly advantageous, as there is much fine fresh land in the vicinity of Dinjoy and Chubwa, well suited for the growth of the Cane, and which may be rented, to the extent required, from time to time, for cultivation: the present rent of such land, when actually taken up, being only 8 annas per poora

With the Establishment at present attached to the Barrees, the purchaser would have to make his own arrangements; the Members, generally, are well acquainted with the process of the preparation of the Tea, in all its branches, and, if well superintended, would be equal to the duties of a greatly extended concern.

General Orders by the Right Hon'ble the Governor General of India.

Camp Hooshyarpore, 28th November, 1846.—The Right Hon'ble the Governor General of India is pleased to direct, that the following paragraphs of a Military Letter from the Hon'ble the Court of Directors to the Government of India, No. 24, of the 30th September last, be published in General Orders:

"Para. 10. We have fully considered the Governor General's remarks on the inexpediency of continuing the present system under which, on occasions when Donations of Batta are granted, Major Generals in Command of Divisions of an Army in the Field, in consequence of receiving the Batta computed on their Staff Allowances, do not all receive an equal advantage. We shall proceed to lay down such rules as may regulate the Allowance in question, both as to the case now under reference to us, and as to future cases."

"Para. 11. With respect to the Donation of twelve months' Batta granted to the Army of the Sutlej, we authorize you to issue, as a special case,

to all the Major Generals who commanded Divisions in that Army, and to Officers of that rank only, a rate of Donation to be fixed on the highest scale now recognized for Major Generals.—Major General Sir Harry Smith, Major General Sir W. R. Gilbert, and the other Major Generals similarly employed with the Army of the Sutlej, will consequently all receive the same amount of Donation, but no claim whatever is, in consequence, to be recognized for additional Donation on account of any former services."

"Para. 12. For the future we desire, that no higher scale of Donation Batta be allowed to Officers Commanding Divisions of an Army in the Field, than Rupees Two Thousand and Seventy, (2070) per mensem, whatever be the rank of the Officer, and whether he be a Major General on the Staff or otherwise, except that a Major General in chief command of the Army in the Field, and not being a Commander in Chief at either Presidency, may receive a Donation Batta of Rupees Three Thousand, Nine Hundred and Thirty-three, Five Annas and Four Pies, (Rs. 3,933-5-4,) per mensem."

In continuation of General Orders by the Governor General of the 14th ultimo, the Right Hon'ble the Governor General is pleased to make the following Appointments in the Department of Public Works:

Captain John Gilmore to be Executive Engineer in the United Divisions of Mhow and Neemuch, on a Staff Salary of Rupees Five Hundred (500) per mensem.

Brevet Captain J. A. Weller to the charge of the Agra and Bombay Road.

Captain Gilmore will continue in charge of the Agra and Bombay Road, until relieved by Brevet Captain Weller.

Lieutenant Colonel J. T. Boileau, of Engineers, and Superintendent of the Simla Magnetic Observatory, is allowed leave of absence on his private affairs, from the 1st to the 15th proximo, for the purpose of visiting Umballa.

The leave of absence granted to Lieutenant Colonel Boileau, in General Orders by the Governor General, under date the 17th December 1845, from 21st to the 28th of that month, is cancelled.

II. And it is hereby enacted, that it shall be lawful for any Commissioner of the said Court upon the Affidavit of any party claiming to be entitled to arrears of rent of any House or Premises situate in Calcutta not exceeding the amount of 100 Rupees, stating the amount of such arrears and for what time and at what rate the same became due, to issue a warrant under his hand and seal in the Form contained in the Schedule to this Act annexed (marked A) addressed to any one of such Officers directing him to levy the amount of such rent, together with the costs of the said distress in the manner therein mentioned, provided that it shall be lawful for any of the said Commissioners upon personal examination of the party applying for such warrant to grant or withhold the same at the discretion of the said Commissioner.

V. And it is hereby enacted, that no costs shall be taken or demanded for such distress except those contained in the Schedule to this Act annexed (marked C) and that it shall be lawful for the said Commissioners to apply the sum so raised as costs, towards the payment of the contingent charges and remuneration of said Bailiffs and Appraisers as shall appear to the said Commissioners expedient, and that the Chief Clerk of the said Court shall keep a book in which all sums received as costs upon distresses made under the provisions of this Act, and all sums paid as remuneration to the said Bailiffs and Appraisers, and all contingent charges incurred in respect of such distresses shall be duly entered, and that the Chief Clerk of the said Court shall also enter in the said book all sums realized by sale of the Goods and Chattels distrained and paid over to the landlords under the provisions of this Act.

Act No IX. of 1846.

Whereas Act IV. of 1842, entitled an Act for the better management of Boats and Catamarans, in the Madras Roads, and for the amendment of certain Harbour Regulations, has been found by experience to operate beneficially; and whereas it is expedient that Regulations similar in principle to the provisions contained in the said Act, but varying in detail if local circumstances require such variation, should be provided for all Ports and other Places of anchorage within the Territories subject to the Government of the Presidency of Fort St. George:

I. It is therefore hereby enacted, that the Governor in Council of Fort St. George may from time to time make, in respect of each Port or other Place of anchorage within the Territories subject to the Government of the said Presidency, such Regulations for the management of Boats and Catamarans and such other matters as are provided for by the said Act IV. of 1842 in respect of the Madras Roads, as to them shall seem expedient, being similar in principle to the provisions contained in the said Act, but varying in detail, if local circumstances require such variation. GOVERNMENT TEA PLANTATIONS IN ASSAM.

In consequence of the operations of the Government Experimental Tea Culture in Assam being about to be brought to a close, as notified in the Government Gazette No. 26, of the 1st April 1846, Tenders will be received at this Office for the purchase of the undermentioned Government Tea Barrees, together with Buildings, Manufacturing Implements, Tools, Stores, &c., attached thereto.

These Barrees have abundance of land fit for the growth of the Tea Plant in the vicinity, and admit of being greatly extended; they are situated within about 16 miles of the Sudder Station of the District, Dibroo Ghur, where there is a small temporary Bungalow belonging to the Concern. A good Road is now in progress through Muttuck, which will pass within a few hundred yards of the Dinjoy Barree, and this Road will be completed in the course of next cold season: the accompanying Sketch* will show the relative position of the Barrees.

To persons desirous of engaging in the Cultivation of Sugar Cane, in conjunction with that of the Tea Plant, these Barrees would be found particularly advantageous, as there is much fine fresh land in the vicinity of Dinjoy and Chubwa, well suited for the growth of the Cane, and which may be rented, to the extent required, from time to time, for cultivation: the present rent of such land, when actually taken up, being only 8 annas per poora.

With the Establishment at present attached to the Barrees, the purchaser would have to make his own arrangements; the Members, generally, are well ac uainted with the process of the preparation of the Tea, in all its branches, and, if well superintended, would be equal to the duties of a greatly ex tended concern.

COMMISSARIAT NOTICE.—Sealed Tenders will be received at the Executive Commissariat Office, Benares, until the 8th January, 1847, for the supply of the undermentioned Articles of Commissariat expenditure, from the 1st of May next.

1. Rations for European Troops and Hospitals, at the Stations of Ghazeepore, Secrole, Buxar, and Chunar, and on the march, from any of these to any other Stations.

2 Meat, for one, two, or three years, and Bread, Rice, Sugar, Fire-wood, Flour, Milk, Butter, and Fowls, for one year only. All these Articles to be of the first marketable quality, and subject to survey by Committees of Officers, whose opinion thereon will be considered final. The Meat to be best grass-fed, good and wholesome, and to include the supply of Mutton in lieu of Beef, twice a week.

3. For the first three rejections within any calendar month, or any thirty consecutive days, the Contractor will be subject to a fine for Meat of Rs. 50, Rice, Salt, Sugar, and Fire-wood Rs. 25, respectively, and of Rs. 5, for the other articles of supply. Should five rejections within a like period take place, the Contract shall be liable to cancelment, at the discretion of the Commissariat Officer, and the Security shall be forfeited to Government.

4. In case of delay on the part of any Contractor in furnishing unobjectionable supplies, in lieu of those rejected, it shall be optional with the Commissariat Officer to meet the necessary demands from any other source, the Contractor concerned making good all loss, and forfeiting any gain arising on such transaction.

5. Supplies for Elephants, Camels, and Bullocks at the stations of Secrole, Ghazeepore, Juanpore and Mirzapore, for one year, viz. Gram, Ottah, Bhoosa, of the first marketable quality, subject to survey, &c., and to the stipulations specified above. The fine as respects each of these Articles to be 50 Rs.

6. Supply of Gear for Elephants, Camels, and Bullocks, in the Divisions, and Hides, for one, two, or three years. The fine for Gear to be 50 Rs., and for Hides Rs. 10, and the same stipulations as mentioned in Clauses 3 and 4.

7. Tenders for Gear are to specify the rate per set, as well as the price in detail, of every Article contained in a set. An allowance of 2 Annas to be made by the Contractor to the Surwans for stuffing and sewing each Camel Saddle. The Gear is to be delivered *complete*, in every respect, of which musters may be seen, and lists furnished on application at the Commissariat Office.

8. Contractors will be expected to keep a Stock in hand of such of the aforenamed Articles as are usually stored, equal to the probable demand for one month's consumption, liable to inspection by the Commissariat Officer, or his authorized Agents, under penalty, (at the Executive Officer's discretion,) of a fine not exceeding ten per cent. on the estimate cost of a month's supply each of the said Articles.

9. Every Tender must distinctly detail the rate, nature, and quality of Articles. The word "Tender," with the names of the party, and of the Articles, to be superscribed on the envelope of each Tender. Every Tender to be accompanied by a copy of this notice, countersigned by the Tendering party; no Tender unaccompanied by such copy will be opened, when one Tender from any one party shall have been opened, no other Tender from the same party, for the same Article, will be taken into consideration.

10. Every Tender must contain an agreement not to transfer the interest of any party to a contract to any other person whatever, without the consent, previously obtained, and confirmed by the Military Board, and of the Executive Commissariat Officer for the time being; any infringement of this agreement will subject the contracting party, or parties, to the forfeiture of the security lodged, and should it be so determined by the Military Board, to the abolition of the contract also.

11. Security in Cash, or Government Promissory Notes, will be required equal to 25 per cent. on the estimated amount of expenditure—limiting the sum however, if for one year, to Rs. 10,000, for two years Rs. 15,000, and on the contract for three years, 50 per cent, or limited to 20,000 Rs.

12. Tenders to be accompanied by a cash deposit, for Meat 500 Rs, Bread 500 Rs., Gram Rs. 500, Bhoosa 300 Rs., Gear 200 Rs., Rice 100 Rs., Salt 100 Rs., Sugar 100 Rs, Firewood 100 Rs, Ottah 100 Rs., Hides 20 Rs., Flour 10 Rs., Milk 10 Rs., Butter 10 Rs., and Fowls 10 Rs., and parties Tendering must signify their acquiescence to the forfeiture of the sum deposited, in the event of their declining afterwards to lodge the required security, or to execute the necessary Contract Bond.

13. Contingent charges of every sort, or kind, to be defrayed by the Contractors; payments will be made on presentation of correct Bills for the past month, but no advances will be given.

14. The acceptance of Tenders rests with the Military Board, whose decision will be communicated to parties respectively, on receipt of their orders.

15. It is to be distinctly understood, that no assistance whatever in carriage, will be rendered to Contractors, within Cantonments, or on a March. An exception may however be made in favor of the Bhoosa Contractor, who (should it be so decided by the Military Board) will be allowed the use of a limited number of Government Camels, to bring in Bhoosa from a distance not exceeding five coss, at the discretion of the Commissariat Officer. The Tender for this article therefore must state the rate per Rupee, at which it will be delivered in the Government Godowns if carriage be supplied, and if without such assistance.

16. Parties will attend in person (or by named Proxy in the Tender) at the Benares Executive Commissariat Office, at Noon, on the 9th of January 1847, when the Tenders will be opened and read in their presence. In the event of a party concerned, or his agent failing to attend, the Tender will be considered as withdrawn.

Produce of Behar Agency, ...	Chests	1,690
Ditto of Benares ditto,.....	„	715
Total Chests,...		2,405

CONDITIONS OF SALE.

1st.—The Opium will be sold for Exportation by Sea only, and no Certificate will be granted except to cover such Export.

2d.—The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price: Except under the circumstances for which provision is made by Clause the 12th of the Conditions of Sale.

3d.—The Sale shall commence at the hour of 11 A. M, and shall not be continued after the hour of 5 P. M; but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may at the discretion of the Board of Customs, Salt and Opium, be resumed on the next day following (not being Sunday or a public Holiday) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or, if the quantity of 2,405 Chests shall not be sold on the day advertized, the Board may dispose of the Lots which remain on hand at a future Sale.

4th.—Each Lot to contain Five Chests.

5th.—A deposit in a Promissory Note for 25 per Cent. even money of the amount for which each lot is knocked down shall be made by the purchaser in the Sale Room, and before the lot is Registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office, by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Wednesday, the 30th of December 1846; *or on the other hand*, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid, shall have been delivered in, shall be re-sold at such time or times, and under such conditions of re-sale as the Board of Customs, Salt and Opium, shall see fit, and all losses and expences whatsoever attending such re-sale, shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6th.—The Promissory Notes taken on the day of Sale, under the last mentioned Condition, if remaining unredeemed on the said 30th December, 1846, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th.—No Tender of Money, Sub-Treasurer's Receipts or Public Securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 30th December, 1846, will be afterwards accepted.

8th.—The Opium now advertised for Sale shall be paid for within fifteen clear days from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday the 12th of January 1847, and in case any lots of such Opium shall not be so paid for, and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or any Public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium, shall think fit, and the first purchaser shall be required to make good any loss or difference of price between that obtained at the re-sale, and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9th.—Purchasers taking out Certificates or Orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final and not afterwards changeable for other Certificates or Orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less than the number of lots or chests originally required to be included in each Certificate or Order.

10th.—No Sub-Treasurer's Receipts, or Deposit of Public Securities, under the Fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book, or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when clearance has been made by the said purchaser or his order.

11th.—The Officer Superintending the Sale on the part of the Board of Customs, Salt and Opium,

is empowered to reject at his discretion the bid of any individual, unless such individual shall, on demand, tender at the time, a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid.

12th —With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified that the Officer of Government Superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first bonâ fide bidder for a lot, after it has been offered for Sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government Superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always, that no lot shall be sold below the minimum price of 400 Rupees, specified in the 2d Clause of these Conditions.

13th.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of twenty-five lots, and for the lots so purchased, the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, and pay the same price per chest as that for which he purchased his first lot; provided always, that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th.—In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th.—The following Papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date, by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1—Certificate of the Opium now advertized for Sale.

No. 2—Report of the Examination of such Opium.

16th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the years 1845-46, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the Drug when packed at Behar and Benares, and a statement of the average weight of six chests from each dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th.—Any further information respecting weight or quality of the Opium advertised for sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium; but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred in reference to chests after the sale and delivery of the Opium for shipment.

18th.—The Public are hereby informed, that in *addition to the quantity above mentioned*, the following quantities more or less of Behar and Benares Opium of 1845-46, will be brought to sale in the present season on or about the dates specified below:

2. Meat, for one, two, or three years, and Bread, Rice, Sugar, Fire-wood, Flour, Milk, Butter, and Fowls, for one year only. All these Articles to be of the first marketable quality, and subject to survey by Committees of Officers, whose opinion thereon will be considered final. The Meat to be best grass-fed, good and wholesome, and to include the supply of Mutton in lieu of Beef, twice a week.

3. For the first three rejections within any calendar month, or any thirty consecutive days, the Contractor will be subject to a fine for Meat of Rs. 50, Rice, Salt, Sugar, and Fire-wood Rs. 25, respectively, and of Rs. 5, for the other articles of supply. Should five rejections within a like period take place, the Contract shall be liable to cancelment, at the discretion of the Commissariat Officer, and the Security shall be forfeited to Government.

4. In case of delay on the part of any Contractor in furnishing unobjectionable supplies, in lieu of those rejected, it shall be optional with the Commissariat Officer to meet the necessary de-

mands from any other source, the Contractor concerned making good all loss, and forfeiting any gain arising on such transaction.

5. Supplies for Elephants, Camels, and Bullocks at the stations of Secrole, Ghazeepore, Juanpore and Mirzapore. for one year. viz. Gram, Ottah, Bhoosa, of the first marketable quality, subject to survey, &c., and to the stipulations specified above. The fine as respects each of these Articles to be 50 Rs.

6. Supply of Gear for Elephants, Camels, and Bullocks, in the Divisions, and Hides, for one, two, or three years. The fine for Gear to be 50 Rs., and for Hides Rs. 10, and the same stipulations as mentioned in Clauses 3 and 4.

7. Tenders for Gear are to specify the rate per set, as well as the price in detail, of every Article contained in a set. An allowance of 2 Annas to be made by the Contractor to the Surwans for stuffing and sewing each Camel Saddle. The Gear is to be delivered *complete*, in every respect, of which musters may be seen, and lists furnished on application at the Commissariat Office.

8. Contractors will be expected to keep a Stock in hand of such of the aforenamed Articles as are usually stored, equal to the probable demand for one month's consumption, liable to inspection by the Commissariat Officer, or his authorized Agents, under penalty, (at the Executive Officer's discretion,) of a fine not exceeding ten per cent. on the estimate cost of a month's supply each of the said Articles.

9. Every Tender must distinctly detail the rate, nature, and quality of Articles. The word "Tender," with the names of the party, and of the Articles, to be superscribed on the envelope of each Tender. Every Tender to be accompanied by a copy of this notice, countersigned by the Tendering party; no Tender unaccompanied by such copy will be opened, when one Tender from any one party shall have been opened, no other Tender from the same party, for the same Article, will be taken into consideration.

10. Every Tender must contain an agreement not to transfer the interest of any party to a contract to any other person whatever, without the consent, previously obtained, and confirmed by the Military Board, and of the Executive Commissariat Officer for the time being; any infringement of this agreement will subject the contracting party, or parties, to the forfeiture of the security lodged, and should it be so determined by the Military Board, to the abolition of the contract also.

11. Security in Cash, or Government Promissory Notes, will be required equal to 25 per cent. on the estimated amount of expenditure—limiting the sum however, if for one year, to Rs. 10,000, for two years Rs. 15,000, and on the contract for three years, 50 per cent., or limited to 20,000 Rs.

13. Contingent charges of every sort, or kind, to be defrayed by the Contractors; payments will be made on presentation of correct Bills for the past month, but no advances will be given.

14. The acceptance of Tenders rests with the Military Board, whose decision will be communicated to parties respectively, on receipt of their orders.

15. It is to be distinctly understood, that no assistance whatever in carriage, will be rendered to Contractors, within Cantonments, or on a March. An exception may however be made in favor of the Bhoosa Contractor, who (should it be so decided by the Military Board) will be allowed the use of a limited number of Government Camels, to bring in Bhoosa from a distance not exceeding five coss, at the discretion of the Commissariat Officer. The Tender for this article therefore must state the rate per Rupee, at which it will be delivered in the Government Godowns if carriage be supplied, and if without such assistance.

16. Parties will attend in person (or by named Proxy in the Tender) at the Benares Executive Commissariat Office, at Noon, on the 9th of January 1847, when the Tenders will be opened and read in their presence. GOVERNMENT TEA PLANTATIONS IN ASSAM.

In consequence of the operations of the Government Experimental Tea Culture in Assam being about to be brought to a close, as notified in the Government Gazette No. 26, of the 1st April 1846, Tenders will be received at this Office for the purchase of the undermentioned Government Tea Barrees, together with Buildings, Manufacturing Implements, Tools, Stores, &c., attached thereto.

These Barrees have abundance of land fit for the growth of the Tea Plant in the vicinity, and admit of being greatly extended; they are situated within about 16 miles of the Sudder Station of the District, Dibroo Ghur, where there is a small temporary Bungalow belonging to the Concern. A good Road is now in progress through Muttuck, which will pass within a few hundred yards of the Dinjoy Barree, and this Road will be completed in the course of next cold season: the accompanying Sketch* will show the relative position of the Barrees.

To persons desirous of engaging in the Cultivation of Sugar Cane, in conjunction with that of the Tea Plant, these Barrees would be found particularly advantageous, as there is much fine fresh land in the vicinity of Dinjoy and Chubwa, well suited for the growth of the Cane, and which may be rented, to the extent required, from time to time, for cultivation: the present rent of such land, when actually taken up, being only 8 annas per poora.

With the Establishment at present attached to the Barrees, the purchaser would have to make his own arrangements; the Members, generally, are well acquainted with the process of the preparation of the Tea. in all its branches, and, if well superintended, would be equal to the duties of a greatly extended concern.

11th.—The Officer Superintending the Sale on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual, unless such individual shall, on demand, tender at the time, a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid.

13th.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of twenty-five lots, and for the lots so purchased, the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, and pay the same price per chest as that for which he purchased his first lot; provided always, that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th.—In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th.—The following Papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date, by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 2—Report of the Examination of such Opium.

16th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the years 1845-46, the same precautions have been taken as those which have been

observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the Drug when packed at Behar and Benares, and a statement of the average weight of six chests from each dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th.—Any further information respecting weight or quality of the Opium advertised for sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium; but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred in reference to chests after the sale and delivery of the Opium for shipment.

18th.—The Public are hereby informed, that in *addition to the quantity above mentioned*, the following quantities more or less of Behar and Benares Opium of 1845-46, will be brought to sale in the present season on or about the dates specified below:

4. In case of delay on the part of any Contractor in furnishing unobjectionable supplies, in lieu of those rejected, it shall be optional with the Commissariat Officer to meet the necessary demands from any other source, the Contractor concerned making good all loss, and forfeiting any gain arising on such transaction.

5. Supplies for Elephants, Camels, and Bullocks at the stations of Secrole, Ghazeepore, Juanpore and Mirzapore, for one year, viz. cent. on the estimate cost of a month's supply each of the said Articles.

9. Every Tender must distinctly detail the rate, nature, and quality of Articles. The word "Tender," with the names of the party, and of the Articles, to be superscribed on the envelope of each Tender. Every Tender to be accompanied by a copy of this notice, countersigned by the Tendering party; no Tender unaccompanied by such copy will be opened, when one Tender from any one party shall have been opened, no other Tender from the same party, for the same Article, will be taken into consideration.

10. Every Tender must contain an agreement not to transfer the interest of any party to a contract to any other person whatever, without the consent, previously obtained, and confirmed by the Military Board, and of the Executive Commissariat Officer for the time being; any infringement of this agreement will subject the contracting party, or parties, to the forfeiture of the security lodged, and should it be so determined by the Military Board, to the abolition of the contract also.

11. Security in Cash, or Government Promissory Notes, will be required equal to 25 per cent. on the estimated amount of expenditure—limiting the sum however, if for one year, to Rs. 10,000, for two years Rs. 15,000, and on the contract for three years, 50 per cent., or limited to 20,000 Rs.

13. Contingent charges of every sort, or kind to be defrayed by the Contractors; payments will be made on presentation of correct Bills for the past month, but no advances will be given.

14. The acceptance of Tenders rests with the Military Board, whose decision will be communicated to parties respectively, on receipt of their orders.

15. It is to be distinctly understood, that no assistance whatever in carriage, will be rendered to Contractors, within Cantonments, or on a March. An exception may however be made in favor of the Bhoosa Contractor, who (should it be so decided by the Military Board) will be allowed the use of a limited number of Government Camels, to bring in Bhoosa from a distance not exceeding five coss, at the discretion of the Commissariat Officer. The Tender for this article therefore must state the rate per Rupee, at which it will be delivered in the Government Godowns if carriage be supplied, and if without such assistance.

16. Parties will attend in person (or by named Proxy in the Tender) at the Benares Executive Commissariat Office, at Noon, on the 9th of January 1847, when the Tenders will be opened and read in their presence. Fort William, Home Department, Legislative,

The 19th December, 1846.—The following Draft of a proposed Act was read in Council for the first time on the 19th of December 1846.

ACT No. —— OF 1846.

An Act for repealing the Law which authorizes the imposition of fines on Moonsiffs and Sudder Ameens.

Whereas it was enacted, by Clause 3, Section 9, Regulation XXIII. of 1814, of the Bengal Code, that in cases of misconduct and neglect of duty which might not be of a nature to require the suspension or dismissal of a Moonsiff from his office, the Judge should be authorized to impose on the Moonsiff a fine not exceeding Twenty Rupees in amount, and that the order of the Judge in such case should be final:

And whereas by Section 67 of the said Regulation the provision above recited, was declared amongst other things to be applicable to the office of Sudder Ameens, as well as to that of Moonsiffs:

And whereas the provision above recited, is no longer adapted to Moonsiffs and Sudder Ameens, in the more elevated Judicial position which they now occupy:

It is therefore hereby enacted, that Clause 3, Section 9, Regulation XXIII. of 1814, and Section 67 of the said Regulation, so far as it declares the said Clause to be applicable to Sudder Ameens, are repealed.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India after the 19th day of February next.

Fort William, Home Department, Legislative,

The 19th December, 1846.—The following Draft of a proposed Act was read in Council for the first time on the 19th of December 1846.

Act No. —— of 1846.

An Act for repealing the Law which authorizes the imposition of fines on Moonsiffs and Sudder Ameens.

Whereas it was enacted, by Clause 3, Section 9, Regulation XXIII. of 1814, of the Bengal Code, that in cases of misconduct and neglect of duty which might not be of a nature to require the suspension or dismissal of a Moonsiff from his office, the Judge should be authorized to impose on the Moonsiff a fine not exceeding Twenty Rupees in amount, and that the order of the Judge in such case should be final:

And whereas by Section 67 of the said Regulation the provision above recited, was declared amongst other things to be applicable to the office of Sudder Ameens, as well as to that of Moonsiffs:

And whereas the provision above recited, is no longer adapted to Moonsiffs and Sudder Ameens, in the more elevated Judicial position which they now occupy:

It is therefore hereby enacted, that Clause 3, Section 9, Regulation XXIII. of 1814, and Section 67 of the said Regulation, so far as it declares the said Clause to be applicable to Sudder Ameens, are repealed.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India after the 19th day of February next.

G. A. Bushby, *Secy. to the Govt. of India.*

3d.—The Sale shall commence at the hour of 11 A. M, and shall not be continued after the hour of 5 P. M; but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may at the discretion of the Board of Customs, Salt and Opium, be resumed on the next day following (not being Sunday or a public Holiday) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or, if the quantity of 2,405 Chests shall not be sold on the day advertized, the Board may dispose of the Lots which remain on hand at a future Sale.

4th.—Each Lot to contain Five Chests.

5th.—A deposit in a Promissory Note for 25 per Cent. even money of the amount for which each lot is knocked down shall be made by the purchaser in the Sale Room, and before the lot is Registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office, by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Wednesday, the 30th of December 1846; *or on the other hand*, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid, shall have been delivered in, shall be re-sold at such time or times, and under such conditions of re-sale as the Board of Customs, Salt and Opium, shall see fit, and all losses and expences whatsoever attending such re-sale, shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6th.—The Promissory Notes taken on the day of Sale, under the last mentioned Condition, if remaining unredeemed on the said 30th December, 1846, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

11th.—The Officer Superintending the Sale on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual, unless such individual shall, on demand, tender at the time, a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid.

12th —With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified that the Officer of Government Superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first bonâ fide bidder for a lot, after it has been offered for Sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government Superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always, that no lot shall be sold below the minimum price of 400 Rupees, specified in the 2d Clause of these Conditions.

13th.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of twenty-five lots, and for the lots so purchased, the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, and pay the same price per chest as that for which he purchased his first lot; provided always, that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th.—In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th.—The following Papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date, by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1—Certificate of the Opium now advertized for Sale.

No. 2—Report of the Examination of such Opium.

16th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the years 1845-46, the same precautions have been taken as those which have been

observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the Drug when packed at Behar and Benares, and a statement of the average weight of six chests from each dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th.—Any further information respecting weight or quality of the Opium advertised for sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium; but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred in reference to chests after the sale and delivery of the Opium for shipment.

18th.—The Public are hereby informed, that in *addition to the quantity above mentioned*, the following quantities more or less of Behar and Benares Opium of 1845-46, will be brought to sale in the present season on or about the dates specified below:

GOVERNMENT TEA PLANTATIONS IN ASSAM.

...ance of the operations of the Government Experimental Tea Culture in Assam being about to ... a close, as notified in the Government Gazette No. 26, of the 1st April 1846, Tenders will ... this Office for the purchase of the undermentioned Government Tea Barrees, together with Bur... ...ufacturing Implements, Tools, Stores, &c., attached thereto.

These Barrees have abundance of land fit for the growth of the Tea Plant in the vicinity, and admit of being greatly extended; they are situated within about 16 miles of the Sudder Station of the District, Dibroo Ghur, where there is a small temporary Bungalow belonging to the Concern. A good Road is now in progress through Muttuck, which will pass within a few hundred yards of the Dinjoy Barree, and this Road will be completed in the course of next cold season: the accompanying Sketch* will show the relative position of the Barrees.

To persons desirous of engaging in the Cultivation of Sugar Cane, in conjunction with that of the Tea Plant, these Barrees would be found particularly advantageous, as there is much fine fresh land in the vicinity of Dinjoy and Chubwa, well suited for the growth of the Cane, and which may be rented, to the extent required, from time to time, for cultivation: the present rent of such land, when actually taken up, being only 8 annas per poora.

With the Establishment at present attached to the Barrees, the purchaser would have to make his own arrangements; the Members, generally, are well acquainted with the process of the preparation of the Tea, in all its branches, and, if well superintended, would be equal to the duties of a greatly extended concern.

The 19th December, 1846.—The following Draft of a proposed Act was read in Council for the first time on the 19th of December 1846.

ACT No. —— OF 1846.

An Act for repealing the Law which authorizes the imposition of fines on Moonsiffs and Sudder Ameens.

Whereas it was enacted, by Clause 3, Section 9, Regulation XXIII. of 1814, of the Bengal Code, that in cases of misconduct and neglect of duty which might not be of a nature to require the suspension or dismissal of a Moonsiff from his office, the Judge should be authorized to impose on the Moonsiff a fine not exceeding Twenty Rupees in amount, and that the order of the Judge in such case should be final:

And whereas by Section 67 of the said Regulation the provision above recited, was declared amongst other things to be applicable to the office of Sudder Ameens, as well as to that of Moonsiffs:

And whereas the provision above recited, is no longer adapted to Moonsiffs and Sudder Ameens, in the more elevated Judicial position which they now occupy:

It is therefore hereby enacted, that Clause 3, Section 9, Regulation XXIII. of 1814, and Section 67 of the said Regulation, so far as it declares the said Clause to be applicable to Sudder Ameens, are repealed.

Camp Equipage and Materials, &c. per list of the Articles to be seen at the Commissariat Office,	500

4th.—Musters of any of the above Articles may be seen on application at the Commissariat Office.

5th.—Tenders to specify distinctly the rates per maund or Rupee, and to be superscribed on the Envelope "Tenders for" (as the Articles may be) with the name of the tendering party.

6th.—Separate Tenders are invited for each of the three periods mentioned in the 1st para. of this notice.

7th.—Tenders only will be attended to that have the real names of applicants, and no more than one Tender from any one party for the same Article will be received.

8th.—The amount of Security in Cash or Company's Paper required as deposit is 25 per cent. on the estimated amount of annual expenditure, limited, however, on contracts for 1 year to 10,000 Rupees, for 2 years 15,000, and for 3 years 50 per cent. limited in like manner to 20,000 Rupees.

9th.—No public carriage whatever will be allowed to Contractors, and all contingent expenses to be defrayed by Contractors, whose Bills will be paid monthly on presentation with vouchers.

10th.—Security to be lodged and Contract Bond executed within 10 days after notice of the acceptance of Tenders by the Military Board shall have been given; in failure of which the deposit considered forfeited, as provided in the 1st para. of this notice, and the next lowest Tender accepted —likewise, the deposits on rejected Tenders will be returned so soon as the accepted contracts shall have been duly executed.

11th.—Any Article of supply objected to by the Receiving or Inspecting Officer shall be submitted in the usual manner to a Committee of Survey, whose decision shall be final in all cases except for Hospital supplies, when the decision of the Superintending Surgeon or Medical Board shall be final. Three such rejections in the course of any one month or (30) thirty consecutive days will subject the Contractor to a fine not exceeding (for any one Article) 100 Rupees at the discretion of the Commissariat Officer. Five such rejections within the same time will subject the Contractor to a fine not exceeding 500 Rupees, and likewise be considered a failure of contract at the discretion of the Commissariat Officer, who shall then be at liberty to cancel the contract. The Security in such case being wholly and entirely forfeited to Government.

12th.—As Government Servants are strictly prohibited from holding or participating in contracts, parties Tendering are cautioned against forming any such connection with the Commissariat Office Establishment or Servants of the Department; if such be at any time discovered to exist the contract shall, on proof being adduced to the satisfaction of the Commissariat Officer, be considered annulled, and the Security forfeited to Government.

13th.—It is to be distinctly understood that infringement of any of the conditions or terms of agreement will subject Contractors to the total forfeiture of Security, and also if deemed necessary to the cancellation of contract.

14th.—Every Tender to be accompanied by a printed or manuscript copy of this advertisement, signed by the tending party, which shall be held as an acknowledgment that the party has thereby agreed to the several conditions specified in this advertisement, and no Tenders deficient in this respect will be attended to.

15th.—The Tenders will be opened by the Commissariat Office at noon on the 16th day of February, when parties are invited to attend.
